The following explanatory statement pursuant to Section 102(1) of the Companies Act, 2013 sets out all material facts relating to the business mentioned in Item No. 3 mentioned in the accompanying Notice of the AGM.

Item No. 3

Based on the recommendation of the NRC, the Board has appointed Mr. Vijai Singh Dugar (DIN: 06463399) as an Additional Director (categorised as an Independent) of the Company pursuant to Section 149, 152, 161 of the Companies Act, 2013 read with applicable rules made thereunder, effective from August 12, 2024 for a period of 5 years, not liable to retire by rotation. Mr. Vijai Singh Dugar fulfills the requirements of an Independent Director as laid down under Section 149(6) of the Act, and Regulation 16(1)(b) of the Listing Regulations. The Board is of the view that Mr. Vijai Singh Dugar possesses the requisite skills and capabilities, which would be of benefit to the Company, and hence, it is wise to appoint him as an Independent Director. The Company has received requisite disclosures and declarations from Mr. Vijai Singh Dugar and a notice in writing by a member proposing his candidature under Section 160(1) of the Companies Act, 2013. In the opinion of the Board, Mr. Vijai Singh Dugar fulfils the conditions specified in the Companies Act, 2013 and applicable rules made thereunder and Listing Regulations for his reappointment as an Independent Director. Approval of the Members is sought for the reappointment of Mr. Vijai Singh Dugar as an Independent Director of the Company, for a term of 5 years effective from August 12, 2024 pursuant to Sections 149, 152 and other applicable provisions of the Companies Act, 2013 and applicable rules made thereunder.

Mr. Vijai Singh Dugar, aged 72, is a qualified Chartered Accountant. He was associated with Indian Oil Corporation Limited for more than 33 years in various capacities including Finance and as Finance Head of Indian Oil Blending Limited, a subsidiary of Indian Oil Corporation Limited. He possesses vast professional expertise spreading a span of three decades in Corporate Finance, Internal audit, strategic business planning and investment advisory. No remuneration is proposed to be paid to him as an Independent Director, however, he shall be entitled to receive fees to attend meetings of the Board/ Committee in which he may be a member and claim other incidental expenses for attending such meetings. The NRC and Board have taken into account the qualification, vast experience, expertise, diverse skills and other relevant criteria being the key requirements for the role of an Independent Director. Mr. Vijai Singh Dugar possesses requisite skills and capabilities, which would be of benefit to the Company.

Further, Mr. Vijai Singh Dugar would exceed the age of seventy five during his tenure of appointment. The Board is of the opinion that Mr. Vijai Singh Dugar is healthy, physically active and able to offer best of his vast experience and hence, beneficial to the Company. Pursuant to regulation 17A of the Listing Regulations, continuation of non-executive independent director beyond the age of seventy five years would require approval of the shareholders by way of special resolution.

The Board recommends the resolutions set out at Item No.3 of the accompanying Notice for approval of the Members by way of Special Resolution.

None of the Directors, KMP of the Company and their respective relatives is in any way concerned or interested, financially or otherwise, in the proposed resolution, except Mr. Vijai Singh Dugar to whom the proposed resolution relates, to the extent of his entitlement for the remuneration/ sitting fees as per the applicable laws.

Pratima Wankhede ★★★★★

HomeTown Nagpur

It is always an awesome experience to visit Home Town. Staff is very helping. Products are very beautiful and unique.

Dr. R. K. Gupta ★★★★★

HomeTown Chennai, Tamilnadu

Absolutely stunning & awesome ambience, one can go crazy with home furniture & embellishments. Display is easy on the eyes, staff is cooperative and friendly and the entire place has possibly all that one can ever desire for one's dream home. The only improvement that can possibly be done is in the prices... items should be more reasonably priced. Overall, an absolute home- owner's delight !

Amol Shendre ★★★★★

HomeTown Kandivali, Mumbai

Very delicate and magnificient and very unique collection in home town have good prices in one place.

Imon Banerjee ★★★★★

HomeTown Kolkata, West Bengal

The place is excellent with a wide range of quality furniture at reasonable prices. The staff is friendly, especially Manoj, who is polite and considerate. He helps you find the best deals and offers the best results to match your needs. They have great rocking chairs there, definitely a rarity nowadays. The prices are fairly reasonable as well. Overall, highly recommended!

Shibani Sanyal ★★★★★

Hometown is an excellent store for all kinds of home products. Their collection is huge, very helping attitude and very convenient place. Strongly recommend this place.

THE YEAR IN REVIEW: FROM THE CEO'S DESK

Dear Shareholders

I am thrilled to present our Annual Report for the fiscal year ended March 2024. This year has been marked by remarkable progress and stronger bonds with our customers, partners, and our invaluable team.

The strategic vision laid out in 2022 and 2023 has been a resounding success. Our steadfast commitment to engaging with stakeholders, understanding their needs, and delivering seamless experiences has paid off. Our exceptional team has provided outstanding service, driving significant business growth.

We launched several new campaigns this year, each aimed at propelling our company's growth, and I am proud to report their success.

Looking ahead, we are excited to continue this momentum, innovate, and strive for excellence.

Future Outlook

As we venture into 2024, our objective is to position HomeTown as the definitive leader in home solutions. With a robust presence of over 31 stores across more than 23 cities, we are strategically poised to expand our footprint, ensuring that housing solutions are accessible to a wider demographic across India.

Our alliances with major e-commerce giants have been instrumental in launching exclusive online ranges. This strategic move, combined with our unwavering commitment to innovation in areas such as providing precise product information, securing key vendor partnerships, and optimizing customer relationship management, reflects our dedication to delivering a superior online shopping experience.

Looking forward, our ambition is to transform the way we create value for our customers. We are focused on a proactive approach to our product assortment, pricing strategy, and distribution channels, ensuring they are finely tuned to meet and exceed customer expectations by capitalizing on emerging market trends and shifting consumer preferences. Additionally, we are investing significantly in advanced training and skill development programs for our employees,

equipping them to thrive in a dynamic and competitive business environment.

With a confident outlook for both the Indian economy and our brand, we foresee a robust and sustained recovery. Driven by a clear strategic vision, unwavering resolve, and consistent execution, we anticipate a strong growth trajectory through each quarter and beyond, particularly as we approach the festive season.

In conclusion, I extend my deepest gratitude for your continued support and confidence in us. As we advance towards an exciting new chapter of establishing HomeTown as a household name nationwide, we remain committed to delivering substantial value to our customers and stakeholders. With a spirit of resilience and strategic foresight, we are prepared to navigate the future, transforming challenges into strategic opportunities.

"In the vibrant realm of home retail, innovation is our beacon. This year, guided by a profound understanding of our customers' evolving desires, we have redefined our strategies and broadened our horizons. Our focus remains unwavering: to establish Hometown as the ultimate destination for home shopping.

At Hometown, we believe in the transformative power of home. Our mission is to touch hearts with our exquisite designs and strategic initiatives. We are dedicated to empowering our customers on their journey towards creating homes that reflect their dreams, offering curated selections, embracing the latest trends, and delivering personalized solutions."

MANAGEMENT DISCUSSION & ANALYSIS

The Management Discussion & Analysis (MDA) provides a complete overview of the financial position through the financial statements and a summary of our business performance and the eco-system it operates in. Management Discussion and Analysis comprises of:

- Economy Overview
- Industry Overview
- Overview of Indian Home Furniture Market
- Opportunities and threats
- Business / Operational Overview
- Human Resources
- Risks and Internal Adequacy
- Internal Control Systems and their Adequacy
- Performance Overview

Some of the statements in this MDA may be forward- looking. The future performance of such statements may differ from those stated in the MDA. Such probable difference can be on account of various factors such as changes in the macro-economic environment, Government regulations, tax regimes, impact of competition, and demand-supply constraints.

Economy Overview

The Year 2024 continued to surprises such as the resilience of the labour market in the US and the Eurozone, the extent of monetary tightening, geopolitical conflicts, volatility in energy and food prices and the higher inflation. Performance of the US economy continued to be muted throughout FY 2024. Despite challenges, global GDP expanded by an estimated 3.2% (World Economic Outlook, April 2024). Central banks across the globe implemented controlled interest rate hikes to arrest the inflation, however, its impact weighed on economic growth. Fortunately, these measures prevented global recession and resulted in decrease in inflation towards the end of the year.

INDIAN ECONOMY

The country's remarkable growth rate of 8.4% in the third quarter of the fiscal year 2024 surpassed all expectations, as market analysts had penciled in a slower growth this quarter, between 6.6% and 7.2%. Deloitte's projected growth for the quarter was between 7.1% and 7.4% (as published in January 2024). With substantial revisions to the data from the past three quarters of the fiscal year, India's GDP growth already touched 8.2% year over year (YoY) in these quarters.

Outlook

According to IMF, emerging markets are going to contribute four-fifth of global growth this year, with India alone expected to play the role of a global growth engine with more than 15 per cent. The Indian economy is predicted to grow at 6.3% in FY24 which may go upto 7% if the Global uncertainties recede. The average inflation (Consumer Price Index) is expected to stay around 5.2 percent, which is below the upper tolerance band. Industry is predicted to outperform other sectors with 6.8% real GDP growth. Service sector is expected to maintain its growth momentum at 6.6%. With enhanced capex by Government of Rs.10 lakh crores as announced in the last union budget, the strong private consumption and investment is expected to push the growth momentum further and boost demand. However, the downside risks emanating from the potential spike in oil prices and the weak global environment due to ongoing geopolitical crisis in Ukraine need to be considered.

INDUSTRY OVERVIEW

The retail industry continued its turnaround momentum recording strong growth rates. It is projected to expand to \$4.5 trillion by the end of the decade, driven by sociodemographic and economic factors such as

urbanisation, income growth and a shift from the unorganised to the organised segment. The sector is also emerging as one of the largest sectors in the economy with significant contribution to Indian GDP and employments. India's high growth potential compared to global peers has made it a highly favorable investment destination.

Market Segmentation

The organized retail which makes up about 10–12% of total market share and includes supermarkets, hypermarkets, and specialty stores, and unorganized retail, which dominates with nearly 88–90% share, encompassing traditional family-run stores, kirana stores etc. E-commerce is a rapidly expanding segment, propelled by increased internet penetration, smartphone usage and digital payment adoption.

Key Trends

Digital transformation is significantly altering retail operations through innovations in payment systems, supply chain management, and customer engagement, with omnichannel retailing becoming increasingly prevalent. Indian consumers are shifting towards brand-consciousness, quality and convenience, with a notable rise in online shopping, particularly among younger demographics and urban populations.

Challenges

Regulatory Environment: The complex regulatory environment and frequent policy changes can hinder business operations, particularly for foreign companies.

Infrastructure: Inadequate infrastructure, especially in rural areas, affects supply chain efficiency and increases operational costs.

Competition: Intense competition from both organized and unorganized sectors pressures profit margins, while e-commerce giants challenge traditional retail businesses, leading to market consolidation.

Technology Adoption: Smaller retailers and those in unorganized sectors often lack the resources to adopt new technologies, affecting their competitiveness.

Future Outlook

The Indian economy is expected to maintain its positive growth trajectory in the forthcoming years. Significant investments in infrastructure, supported by strong fiscal strategies and continuous policy improvements are expected to bolster the Indian economy. Additionally, a growing young workforce and targeted development initiatives are augmenting growth among key Indian sectors, promoting sustainable long-term economic growth. The country is expected to record a surge in private investments as global economic conditions are expected to improve and gradually easing of monetary policies across the globe is long overdue especially in developed countries.

FURNITURE RETAIL INDUSTRY

India's furniture market is a dynamic industry that contributes significantly to both local consumption and exports. With largest population on planet, India provides a large consumer base as well as a developing middle class with increasing disposable income. The Indian furniture market is predicted to rise at a CAGR of 10.9% to reach US\$ 32.7 billion by 2026, according to Trade Promotion Council of India. Major demand factors include increased urbanisation, rising house decoration and refurbishment, rising disposable incomes, changes in lifestyle and consumer taste and a surge in e-commerce. According to Lattice, the Indian furniture market is anticipated to be worth Rs. 1.20 lakh crore by FY28. It includes a diverse range of products, with wooden furniture emerging as the primary contributor to both the domestic and export markets. The commercial sector is further subdivided into non-contracting and contracting. Traditional workmanship combined with modern designs provide a varied range of alternatives that cater to changing taste. Sustainability is increasingly important, with a growing demand for eco-friendly furniture made from materials like reclaimed wood and bamboo. Customization trends are strong, especially in the premium segment, as consumers seek personalized furniture options. Smart furniture, featuring wireless charging and built-in speakers, is gaining popularity, particularly in the office segment. Additionally, local artisans and small manufacturers are leveraging online marketplaces to reach broader audiences, further intensifying the competitive landscape. The trend towards customization and

sustainable products is pushing retailers to innovate continuously, while smart furniture solutions are becoming a differentiator in the market.

Market Drivers

The Indian residential real estate market has been witnessing growth, owing to the increasing population, and growing demand for affordable housing accommodation. Major metropolitan cities have also showcased the rising demand for luxury housing complexes. The growth in the residential real estate industry over the last few decades has propelled the growth of home furniture market. Growing aspirations and incomes have changed spending patterns, and these changes are spilling over into other living areas, including the kitchen, the dining room, and even the bedroom. Residential real estate in India is experiencing a surge in demand due to the rising middle class and government initiatives promoting affordable housing. The Government's flagship scheme Pradhan Mantri Awas Yojana (PMAY) and ambitious plans to build smart cities in India would drive further demand for home furniture and decor. Multi-functional furniture & homeware is growing popularity to offer added convenience and make far better use of available household space. The market's growth has been driven by socio-economic changes, a large base of young population with high disposable incomes, and the will to spend on improved lifestyles.

OPPORTUNITIES

The Rise in E-commerce Retailing

The rise in the e-commerce industry has contributed to the increase in the online furniture industry in India, and e-commerce is changing the way products are developed and shipped. Work from home has further augmented the market growth and has brought the increased focus of consumers on home-décor. With home spaces also doubling up as work zones, there has been a subsequent increase in demand for furniture, especially in categories, such as living room seating like recliners, and bean bags, Bedroom furniture, such as beds and mattresses. However, the categories witnessing the highest growth online are tables and desks.

Growing Adoption of Local Furniture Products

As India aims at becoming a global manufacturing hub, there has been a major policy push, with initiatives like 'Make In India' and 'Vocal for Local' etc., that has given a boost to the manufacturing sector, including furniture manufacturing. As per the Make in India initiative, the Indian government aims to increase the share of the manufacturing sector in the country's GDP to 25% by 2025. A lot of Indians are now preferring to buy Indian made products over imported products owing to the 'vocal for local' initiative, which is reflected even in furniture products. Banking on the growing adoption for Made-In-India goods, companies, like Jaipur based Wooden Street, offer customized local furniture with all its raw materials sourced locally, and manufactures the furniture in-house, with delivery centers present in over 100+ cities.

THREATS

Volatile Raw Material Costs

Even under the best of circumstances, the costs of raw materials always represent an issue for furniture manufacturers. With the pandemic and a global trade war growing more intense, volatile raw material prices, which pose distinct challenges, are expected to pose further challenges in the foreseeable future. The raw materials and other input costs are anticipated to rise further and face volatility. The impact of the pandemic and the subsequent lockdown resulted in issues ranging from production loss to severe scarcity of labor and raw materials. Furthermore, the closure of some production plants due to the pandemic has also resulted in the prices of raw materials increasing.

BUSINESS/OPERATIONAL OVERVIEW

Our Company operates brick and mortar stores of home furniture and home fashion in the brand name of HomeTown and caters to home retail segment in India. This retail format brings together under one roof, a wide range of furniture (both office and home furniture), home furnishing goods, kitchenware, other home related accessories and quality services including complete home design, modular kitchen among others, giving customers a great in-store experience. Extensive supplier network enabling procurement at predictable and competitive pricing

We sell a wide range of furniture, home furnishing and home decor products across our product categories. We focus on using our deep understanding of the markets in which we operate to customise our product

assortment in each store keeping in mind local demands and preferences. We also continuously focus on enhancing our products that we carry.

Our procurement team conducts detailed research on an ongoing basis to locate the best product sources, in relation to both quality and price. We have an extensive network of suppliers and we endeavour to source our products from regions where they are widely available or manufactured to minimise our procurement costs. We operate a standardised procurement system and procure most of our products on a purchase-order basis ensuring procurement flexibility at competitive prices. Our sustained efforts to improve our strong supplier network have led to an efficient supply and sale cycle.

Over the years, our business model has remained responsive to supply and demands disruptions. We believe that differentiated combination of integrated sourcing, distribution and demand fulfilment, sets us with unique business position. Our business maintains sourcing ties with manufacturers both in India and overseas to obtain the most compelling product offering for aspirational Indian consumers. The interconnectivity of the regional distribution centers, city distribution centers and the central warehouse ensure that the products reach the consumers, safely and timely. The business reaches the target customer base through a wide retail base. A mix of strong back-end processes and persuasive in-store communication delivers a unique customer experience. We believe that due to the scale that we have achieved over the past years, we have been able to understand and implement the relevant processes to make our front end and back end functions and execution capabilities efficient. We have been able to increase the scope of our operations at a consistent pace and provide efficient and convenient offerings to our consumers. Further, due to our scale and presence across India, we have been able to develop processes that enable us to offer competitive deals to our consumers.

Omni-channel solution using IT Systems

Taking into consideration the changing landscape of the retail industry across the world, we have put together an omni-channel view of our customers at every touchpoint. Our customer identification process begins from identifying our existing customers both at physical stores and online stores or tagging new customers at each of these channels. This coupled with a centralized view of customer's product-preference from both these channels forms the bedrock of our customer journey that has been put together by a robust omni-channel platform.

Enhanced Online Presence in the Furniture Market, Including E-Commerce Marketplaces in India

Our online direct to customer sales are made through our e-commerce portal www.hometown.in. We have been operating this website and have established a sizeable foothold in the online furniture space. Our e-commerce website www.hometown.in is developed using the modern technologies and is maintained and supported by an efficient team of engineers and technicians. We provide a very unique feature of 'Live video' demonstration, through which a consumer can complete their shopping from the comfort of their homes. Once a customer avails this option, a sales person through video call will give a live demonstration of the products thus aiding the customers in making the buying decision. We provide an omni-channel experience to our customer, by virtue of which when a customer walks to a store and selects some products, it gets added to customer's cart on HomeTown.in. Thereafter the customers can go back to their home, show the products to the family members and then make eventual purchase.

We also sell products through major e-commerce market places in India. We have optimized our supply chain for faster delivery for both our e-commerce and physical store operations. In addition to faster deliveries, we have capability to get the product assembled within 24-48 hrs of delivery thus leading to customer delight.

Our Brand

HomeTown in its new avatar is built upon the core brand thought of 'Discover Tasteful Living'. To discover and awaken tasteful living is to plant a seed of tastefulness in the consumer's mind facilitating the consumer to discover their unique aesthetic style and bring different design sensibilities into coherence. We want to go beyond mere home upgrades and instead, ignite a new perspective on living spaces. We believe in the power of design to express individuality and provide endless possibilities for shaping and defining homes. Our expert interior designers empower our clients to explore and discover their own design sensibilities by

integrating immersive 3D visualisation, thereby delivering home designs that reflect our client's unique personality and taste. With our comprehensive services encompassing full home interiors – interior design + execution + home styling with our own curated range of furniture, decor, and furnishings, we aim to elevate homes by democratizing design and making it truly accessible.

Our Strategies

Increasing our consumer base through consumer loyalty and expansion of our operations

We intend to enhance our consumer base through continuously increasing our presence (both physical and online channel) in various cities across India and drive spending across various product segments. We are specifically focusing to achieve a larger share of consumption spending in our existing markets. We intend to increase our share in the consumer spending in India by adding categories to our existing product range to cater to consumers across Indian society in various home consumption spaces. We also plan to increase our presence online by including additional pin codes where the consumption patterns are promising.

Further, we intend to continuously increase our presence by identifying properties that we believe may be viable retail property spaces at strategic locations and enter into arrangements to lock such properties for our format to be launched in the future.

Continue improving our operating efficiency and supply chain management

Our business model and pricing strategy require us to maintain high levels of operational efficiency on a consistent basis. Further, we believe that supply chain management is critical to our business. Our supply chain management involves planning, merchandising, sourcing, standardization, vendor management, logistics, quality control, pilferage control, replacement and replenishment. We are, and will continue to consolidate our supply chain network to improve the inventory by improving stock movement, replenishment and fill rates.

We plan to further improve our operating efficiency and ensure efficient supply chain management by:

- continuing to refine our store operating systems based on the performance of our stores and feedback from our customers and local management teams;
- continuing to restructure the look-and-feel of the store with visual merchandising ensuring excellent in-store customer experience;
- investing further in our IT and data management systems to improve productivity and time savings thereby increasing our operating efficiency;
- continuing to strengthen our relationships with our suppliers through cooperation and closer coordination;
- expanding and upgrading our existing distribution centres to improve the efficiency of our inventory and supply management. We will continue to open new distribution centres in strategic locations to serve our existing and new stores when it is cost effective and efficient to do so; and
- continuing to absorb best industry practices.

Expand our product portfolio and prioritize customer satisfaction through optimal product assortment

Our store format offers wide range of products for home furniture and furnishing segment in India. We believe with our product offerings, our format has reached a critical mass and is being accepted amongst consumers. Our operations are closely connected with the consumer preferences and changing choices and accordingly, it is imperative for us to forecast and continuously identify the changing demands of our consumers. Towards this end, we have, and intend to continue to identify and evaluate consumer demand across regions and expand our product portfolio in terms of new brands and new products, in home retail business. In order to accomplish objective, we believe that we have a talented in-house team of designers who help with product creation right from the ground level, co-create products with our vendor design team and also visit trade shows and buy the best products for HomeTown customers. Our designers are guided by 3 principles –

- Design sensibility of our customers;
- Price point acceptable to our customers; and
- Global design trends.

Continue to develop talent and skilled workforce and inculcate good business practices

We believe that the key to our success will be our ability to continue to maintain and grow a team of talented and experienced professionals. We have been successful in building such a team and intend to continue placing special emphasis on managing attrition and attracting, training and retaining our employees. As of March 31, 2024, we had 692 employees on roll who are working in different functions, we intend to recruit best available talent across various industries, train them as per our value system and provide them opportunities to learn, experiment and innovate.

We intend to continue to encourage our employees to be enterprising and contribute constructively to our business through effective training and management. Pursuant to our focus on effective training of our employees, we undertake various internal training programmes. Our HR policies focus on improving employee retention and their engagement level in the Company. We have also initiated diversity and gender inclusion hiring to promote positive employee experiences.

Advanced and scalable technology for online retail segment

We believe that our advanced technology enables us to support a diverse range of products and services and provide complex, modular and customizable e-commerce solutions on a scalable platform capable of implementing large transaction volumes with minimal downtime. Our technology enables us to effectively offer our services across multiple media, channels and customer interfaces including digital downloading and streaming services, and providing application framework solutions for supply chain and inventory management. Our hosting and technology platform, incorporates digital product catalogue, content management, promotions handling, access to payment gateways, as well as inventory and logistics management, and is capable of being integrated into the vendor's IT infrastructure and third-party configurable software.

Our Products

We offer a diversified and wide range of products in Furniture (Living, Dining, Bedroom, Essentials and Office), Homeware (Furnishings, Tableware, Décor, Kitchenware). We also offer end to end Modular solutions (Modular Kitchens, Kitchen accessories, Modular wardrobes, Wardrobe accessories) and customized interior solutions (design and build) with latest design, focusing on ease of operations and style. All this combined with fine execution capabilities at a reasonable price makes an unmatched value proposition to the customer.

Our Stores

As of March 31, 2024, we operate our business through stores spanning across pan India. We do not own any of the property from which we operate our stores and the same is taken on lease through various arrangements that include lease, leave and license etc.

Our Process and Marketing Approach

Our marketing efforts are focused on driving a seamless and frictionless experience to our customers across channels and platforms. We are distinctly positioned to allow customers to shop how, where and when they want, and we believe our brand should be everywhere our customer is. From the moment our customer engages with our brand, whether in-store, on the website, on social media, newspaper ad or on-ground event, the overall experience communicates the brand's promise.

Our marketing strategy is mapped to the customer journey, and we actively engage with our customers across the marketing streams - from awareness to purchase and beyond through traditional channels (print, radio, billboards) and new media platforms (digital, social media, mobile-marketing and email-marketing). Our marketing efforts are focused on customer acquisition through sales and product promotions, and on customer retention through personalized content and product recommendations.

Intellectual Property

Pursuant to the scheme of Arrangement between Future Retail Limited and Bluerock eServices Private Limited (the transferor companies), the "HomeTown" business undertaking and e-commerce business of the respective transferor companies were transferred to Praxis Home Retail Limited (the Company) by virtue of the

order dated November 10, 2017 passed by the National Company Law Tribunal (NCLT), Mumbai bench. The said order of the NCLT was effective from November 20, 2017. Pursuant to the aforesaid order, trademarks and associated logos of "HomeTown" brand across various classes including 20, 21, 24, 27, 35, 37, 40, and 42 were transferred in the name of our Company. As on the date, we are the registered owners of 12 trademarks.

Competition

The home retail market in India has become increasingly competitive in recent years. We face competition from various other retailers that operate stores in formats similar to ours as well as those retailers who sell retail products similar to the ones sold by us through small retail stores. These include standalone stores in the organized and unorganized sector, as well as other chains of stores including departmental stores. We face significant competition from the online retailers across home retail categories which led to a fragmented and highly competitive e-commerce market in India. However, we believe that with a nation-wide network of stores and our sizeable online presence through our website www.hometown.in and major e-commerce market places, provide us a competitive edge.

Information Technology

Our entire IT landscape is built to recognize the same customer at every touchpoint and offer a single view of the transaction history to every frontline staffs interacting with the customers, be it store-staffs or customer service personnel. This spawned an integrated IT architecture created in tandem with various other subsystems.

Our online store www.hometown.in is built on a custom solution developed on REACT. This is tightly coupled with all our enterprise applications thereby offering a single view of all transactions, irrespective of the point of origination i.e., online sales or even offline sales.

HUMAN RESOURCES

Human Resource is one of the critical support functions and forms another key element of the corporate backbone. As of March 31, 2024, we had 692 employees on roll located at head office, zonal offices, retail stores across the Country. Further, we also have employee persons on contract basis from time to time.

Our Company has a dedicated human resource team which takes care of acquisition, development and retention of skills and talent in a way that supports the accomplishment of our Company's goals and objectives. Our Company believes in creating a culture and environment that allows its people resources to utilize their skills, knowledge and leadership abilities and collectively in serving the consumers. We have employee initiatives that promote work life balance and this goes a long way in boosting a positive culture. Some of these initiatives are birthday leave, bereavement leave along with financial support in case of a section of employees and focus on health and well being. We encourage performance and that is most evident in the various incentive programs that we run at the store level. We strongly believe in equal opportunity and platforms for growth. While looking at filling vacant positions – internal employees at Praxis are given preference. Our robust and comprehensive Induction program, timely and seasonal product trainings, yearly career progression trainings are juxtaposed to the other behavioural, technical and functional training interventions that take place throughout the year.

RISKS AND ADEQUACY

Risk and Concerns: The Company recognises that risk is an inherent part of every business. The current economic environment in combination with significant growth ambitions of the Company carries with it an evolving set of risks. Company recognises that these risks need to be managed to protect its customers, employees, shareholders and other stakeholders in the society to achieve our objectives and ensuring sustainable growth of the business. Further, the Audit Committee has delegated the Internal Auditors with the role of risk management, assessment and minimization procedures and also periodically reviews with them the existing procedures and measures to improvise the same.

The Company has in place adequate internal financial controls with reference to financial statements and proactively tracks all changes on the regulatory front and make sure our systems and processes are in compliance of the same. The general economic and political conditions in India, Indian monetary and fiscal policies, state of the economy also have impact on our business. An important element of our business is our procurement strategy which is largely import oriented. The Company closely tracks developments in this area and taking proactive steps to mitigate risks arising as a result of any import related policy changes.

Insurance

We have insured our warehouses and stores against fire & allied risks and our stocks against burglary and theft risks. We also have insurance policies in respect of marine cargo, money policy, fidelity policy, group personal accident policy, group life insurance policy, and medi-claim policy.

INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY

The Company has adequate internal controls and risk management processes that are commensurate with the nature of business, and size and complexity of its operations.

Appropriate internal control policies and procedures are designed to ensure sound management of our Company's operations, safekeeping of its assets, optimal utilisation of resources, reliability of its financial information and compliance and have been set up to provide reasonable assurance on:

- Effectiveness and efficiency of its operations
- Reliability of financial reporting
- Compliance with applicable laws and regulations

The compliance with these policies and procedure is ingrained into the management review process. Deviations from laid-down processes and policies are addressed through systemic process. The Company continuously assesses effectiveness of its internal controls across multiple functions and locations through internal audit. Standard operating procedures have been laid down for important processes across functions.

The internal audit program, significant audit findings, adequacy of internal controls and the financial and risk management processes are regularly reviewed by the Audit Committee. Proactive steps are taken to ensure compliance with various upcoming regulations by the Compliance team. The Company also encourages the employees to adopt fair, compliant and ethical practices. Praxis continues to stay committed to the areas of control and compliance, to ensure the highest standards of governance.

Form No. MR-3
SECRETARIAL AUDIT REPORT
FOR THE FINANCIAL YEAR ENDED MARCH 31, 2024

[Pursuant to section 204(1) of the Companies Act, 2013 and Rule No. 9 of the Companies
(Appointment and Remuneration of Managerial Personnel) Rules, 2014]

To,
The Members,
Praxis Home Retail Limited
(CIN: L52100MH2011PLC212866)
iThink Techno Campus, Jolly Board Tower D,
Ground Floor, Kanjurmarg (East)
Mumbai – 400042.

I have conducted the Secretarial Audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by **PRAXIS HOME RETAIL LIMITED** (hereinafter called "**the Company**"). Secretarial Audit was conducted in a manner that provided me a reasonable basis for evaluating the corporate conducts / statutory compliances and expressing my opinion thereon.

Based on my verification of the Company's books, papers, minute books, forms and returns filed and other records maintained by the Company in digital form and also the information provided by the Company, its officers, Agents and Authorized Representatives during the conduct of Secretarial Audit, I hereby report that in my opinion, the Company, during the audit period covering the Financial Year ended March 31, 2024, has complied with the statutory provisions listed hereunder and also that the Company has proper Board-processes and compliance-mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

I have examined the books, papers, minute books, forms and returns filed and other records maintained by the Company for the Financial Year ended on March 31, 2024 according to the provisions of:

- (i) The Companies Act, 2013 and / or the Companies Act, 1956 to the extent applicable (the Act) and the Rules made thereunder;
- (ii) The Securities Contracts (Regulation) Act, 1956 ('SCRA') and the Rules made thereunder;
- (iii) The Depositories Act, 1996 and the Regulations and Bye-laws framed thereunder;
- (iv) Foreign Exchange Management Act, 1999 and the Rules and Regulations made thereunder to the extent of Foreign Direct Investment, Overseas Direct Investment and External Commercial Borrowings;
- (v) The following Regulations and Guidelines prescribed under Securities and Exchange Board of India Act, 1992 (SEBI Act):-
 - (a) Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011;
 - (b) Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015;
 - (c) Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018;
 - (d) Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 1993 regarding the Companies Act and dealing with client;
 - (e) Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements), Regulations 2015; ("Listing Regulations")
 - (f) Securities and Exchange Board of India (Share Based Employee Benefits and Sweat Equity) Regulations, 2021;
 - (g) Securities and Exchange Board of India (Depositories and Participants) Regulations, 2018.

Though the following laws are prescribed in the format of Secretarial Audit Report by the Government, the same were not applicable to the Company for the Financial Year ended March 31, 2024:

- (a) Securities and Exchange Board of India (Issue and listing of Debt securities) Regulations, 2008;
- (b) Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2009;
- (c) Securities and Exchange Board of India (Buyback of Securities) Regulations, 1998.

Based on the representation given by the Management of the Company, it is observed that there are no such laws which are specifically applicable to the industry in which the Company operates. During the year under review, the Company has complied with the applicable provisions of the Act, Rules, Regulations, Guidelines, Standards, etc. mentioned above.

During the year under review, 4,91,85,572 fully paid up Rights Equity Shares of the face value of ₹ 5/- each issued at a price of ₹ 10/- per Rights Equity Share (including premium of ₹ 5/- per Rights Equity Share) of the Company, bearing distinctive numbers from 75770113 to 124955684 (both inclusive), ranking pari passu with the existing Equity Shares, were allotted to the respective applicants in various categories, pursuant to issue of Equity Shares of the Company on rights basis in terms of the Letter of Offer dated May 26, 2023 and in pursuance of Basis of Allotment approved by BSE Limited, the Designated Stock Exchange, on Tuesday, June 21, 2023, as per the basis of allotment set-out in the allotment statement.

Further, upon exercise of Stock Options by the eligible employees, under **PRAXIS HOME RETAIL LIMITED EMPLOYEE STOCK OPTION PLAN – 2021 (“PRAXIS ESOP PLAN 2021”/ “PLAN”)** the Company had issued & allotted 1,00,000 equity shares on June 13, 2023 and 2,62,500 equity shares on January 27, 2024 which were duly listed for trading on BSE Limited (BSE) and National Stock Exchange of India Limited (NSE) on June 19, 2023 and February 02, 2024.

Consequently, pursuant to Rights Issue and aforesaid two ESOP Allotments, the paid-up Equity Share Capital of the Company as on March 31, 2024, is Rs. 62,60,90,920/- divided into 12,52,18,184 equity shares of Rs.5/- each, of the Company.

I have to report that pursuant to the Order passed by the Hon'ble Mumbai Bench of National Company Law Tribunal, (“**NCLT**”) dated November 10, 2017, a Composite Scheme of Arrangement was executed between Future Retail Limited (“**FRL**”), Bluerock eServices Private Limited (“**Bluerock**”), Praxis Home Retail Limited (“**Praxis**” or “**the Company**”) and their respective shareholders.

As per the clause 16 of the said order, as a consideration, the Company has issued 6,30,000 (Six Lakhs Thirty Thousand only) 9% Redeemable Preference Shares of Rs. 100/- each to the member of Bluerock as on the record date for a period of 60 Months from the date of allotment. Consequently, the Company has issued and allotted 6,30,000 (Six Lakhs Thirty Thousand only) 9% Redeemable Preference Shares of Rs. 100/- each to Future Enterprises Limited (“**FEL**”) [being the member of Bluerock] on December 08, 2017 which are due for redemption on December 07, 2022.

Further, proviso to section 55 of the Companies Act, 2013 specifies that the Preference Shares shall be redeemed out of the profits of the Company which would otherwise be available for dividend or out of the proceeds of a fresh issue of shares made for the purposes of such redemption.

Pursuant to section 55 of the Companies Act, 2013, if a Company is unable to redeem any preference shares or to pay dividend, if any, on such shares in accordance with the terms of issue then:

- such shares to be termed as unredeemed Preference Shares
- it may, with the consent of the holders of three-fourths in value of such Preference Shares and with the approval of NCLT on a petition made by it in this behalf, issue further redeemable Preference Shares equal to the amount due, including the dividend thereon, in respect of the unredeemed preference shares,
- on the issue of such further redeemable Preference Shares, the unredeemed Preference Shares shall be deemed to have been redeemed.

The Company has informed the holder of the Preference Shares that pursuant to the aforesaid Section, due to non-availability of the profits, the Company is unable to redeem the said Preference Shares during the year.

I further report that I relied on Statutory Auditor's Report in relation to the Financial Statements and accuracy of financial figures for Goods and Services Tax (GST), Sales Tax, Value Added Tax, Related Party Transactions, Provident Fund, ESIC, etc. as disclosed under financial statements, Accounting Standard 18 and note on foreign currency transactions during our audit period.

I have also examined compliance with the applicable clauses of the Secretarial Standards with regard to Meetings of the Board of Directors (SS-1) and General Meetings (SS-2) issued by the Institute of the Company Secretaries of India. I further report that the Board of Directors of the Company, is duly constituted with proper balance of Executive Directors, Non-Executive Directors and Independent Directors as on the date of this Report. During the year under review, there were the following changes in the composition of the Board of Directors:

Sr. No.	Name of the Director	DIN	Event Type	Event Date
1.	Mr. Samson Samuel	07523995	Appointment as Non-Executive Non-Independent Director	17-04-2023
2.	Ms. Lynette Robert Monteiro	07901400	Appointment as Non-Executive Non-Independent Director	02-07-2023
3.	Mr. Mahesh Shah	01488017	Cessation as Managing Director and appointments Non-Executive Director	31-10-2023
4.	Mr. Mahesh Shah	01488017	Appointment Chairman	01-11-2023
5.	Mr. Swetank Jain	08859745	Appointment as Chief Executive Officer and Whole-time Director	01-09-2023
6.	Mr. Harminder Sahni	00576755	Cessation as Non-Executive Independent Director	20-03-2024

Consequent to the above-referred Board changes, as on March 31, 2024, the Board comprised of 6 (Six) Directors including one Independent Woman Director and two Non-Executive Non-Independent Director. Also accordingly, changes in some of the Board Committees took place during the year under review, which were carried out in compliance with the provisions of the Act.

I further report that as per the information provided by the Company, it has given adequate notice to all Directors to schedule the Board Meetings, Agenda and Detailed Notes on Agenda were sent at least seven days in advance, and a system exists for seeking and obtaining further information and clarifications on agenda items before the meeting and for meaningful participation at the meeting.

I further report that as per the Minutes of the Meetings, majority decisions of the Board were unanimous, and no dissenting views were found as part of the Minutes.

I further report that there are adequate systems and processes in the Company commensurate with the size and operations of the Company to monitor and ensure compliance with all applicable laws, rules, regulations and guidelines.

This Report is to be read with my letter of even date which is annexed as **Annexure-I** and forms an integral part of this Report.

Practicing Company Secretary Certificate on Corporate Governance

To,
The Members
Praxis Home Retail Limited
Mumbai

I have examined the compliance of conditions of 'Corporate Governance' by PRAXIS HOME RETAIL LIMITED ("the Company") for the Financial Year ended March 31, 2024 as stipulated in Regulations 17 to 27 and Sub-Regulation (2) of Regulation 46 and Para C, D and E of Schedule V of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("Listing Regulations").

The compliance of conditions of Corporate Governance is the responsibility of the Management. My examination was limited to verify the procedures and implementation thereof, adopted by the Company for ensuring the compliance of the provisions relating to Corporate Governance. It is neither an audit nor an expression of opinion on the Financial Statements of the Company.

In my opinion and to the best of my information and according to the explanations given to me, I hereby certify that the Company has complied in all material aspects with the conditions of Corporate Governance as stipulated in the above-mentioned Listing Regulations, as applicable. Accordingly, during the year under review, there were changes in the composition of the Board of Directors as under:

- i. Mr. Samson Samuel was appointed as an Additional Non-Executive Non-Independent Director w.e.f. March 14, 2023. Subsequently, the Shareholders of the Company by way of Postal Ballot have approved the appointment of Mr. Samuel, as Non-Executive Non-Independent Director w.e.f. April 16, 2023.
- ii. Ms. Lynette Monteiro was appointed as an Additional Non-Executive Non-Independent Director w.e.f. April 13, 2023. Subsequently, the Shareholders of the Company by way of Postal Ballot have approved the appointment of Ms. Lynette Monteiro as Non-Executive Non-Independent Director w.e.f. July 02, 2023.
- iii. Mr. Mahesh Shah resigned from the position of Managing Director with effect from closure of business hours on October 31, 2023 & continued as a Non-Executive Director and he was appointed as a Chairman of the Board of the Directors of the Company with effect from November 01, 2023.
- iv. Mr. Swetank Jain was appointed as an Additional Director designated as Chief Executive Officer & Wholetime Director, being Key Managerial Personnel with effect from September 01, 2023.
- v. Mr. Harminder Sahni resigned from the position of Independent Director with effect from March 20, 2024.

As on March 31, 2024, the Board comprised of 6 (Six) Directors including one Independent Woman Director. Also accordingly, changes in some of the Board Committees took place during the year under review, which were carried out in compliance with the provisions of the Companies Act, 2013 and also the Listing Regulations. Further, none of the Directors on the Board is serving as an Independent Director in more than the limits as specified in Regulation 25 of the Listing Regulations.

I further state that such compliance is neither an assurance as to the future viability of the Company nor the efficiency or effectiveness with which the Management has conducted the affairs of the Company.

INDEPENDENT AUDITOR'S REPORT

To

The Members of **Praxis Home Retail Limited**

1. Disclaimer of Opinion

We have audited the accompanying financial statements of Praxis Home Retail Limited (the "Company"), which comprise the Balance Sheet as at March 31, 2024, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Cash Flows and Statement of Changes in Equity for the year then ended, and a summary of significant accounting policies and other explanatory information.

We do not express an opinion on the aforesaid financial statements of the Company, because of the significance of the matter described in the Basis for Disclaimer Opinion section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an opinion on the aforesaid financial statements.

2. Basis for Disclaimer of Opinion

- a) As stated in note no. 41 of the financial statements of the Company, it has "Deposit receivables towards matured lease agreement (which were given in the nature of security deposit)" from a related party of an amount of Rs. 10,100 lakhs. The Company has not identified & recognised loss allowance for expected credit losses (ECL) on such other receivables, which is not in conformity with the requirements of Ind AS 109 "Financial Instruments". Further, we are informed by the management that till date the Company has not received any appropriate / adequate response from the lessor towards refunding such amount. Considering these facts and the available financial position / statement of such related party where there is an indication about material uncertainty towards its ability to continue as going concern and where an Interim Resolution Professional has been appointed by Hon'ble National Company Law Tribunal under the Insolvency and Bankruptcy Code, 2016 and other relevant surrounding circumstances, we are unable to determine and quantify whether this amount will be fully recoverable and it requires any provision of ECL. These facts also give rise to material uncertainty as regards possible material adjustments that may be required to made to the values of recorded security deposits and unrecorded assets and tax implications, if any, arising on account of settlement of such transactions, which could not be recorded in the financial results on account of these being not readily ascertainable. Pursuant to non-receipt of response from the lessor towards refunding the specified amount and non-determination of the ECL provision and availability of balance confirmation, its impact on the losses and EPS of the Company for the quarter and year ended March 31, 2024 and on the other equity as on the balance sheet date, is not ascertainable. This matter was also modified in our report on the financial results for the year ended March 31, 2023.
- b) Balances of trade payables aggregating to Rs. 9,776.20 lakhs and write backs of amounts of Rs. 206.47 lakhs, of respective parties are subject to confirmations and reconciliations, if any, amounts of which are not ascertainable. Hence, we are unable to comment on the correctness of these figures and if any adjustments are required to the said balances as on the March 31, 2024 and related disclosures in the Financial Statements. This matter was also modified in our report on the financial results for the year ended March 31, 2023.
- c) As stated in note no. 50 of the financial statements wherein it is stated that the Company has not created provisions towards impairment on Rights of Use assets (ROU), having value of Rs. 10,725.90 lakhs as on March 31, 2024. The Company has incurred cash losses during the year, its net worth is completely eroded and its current liabilities exceed current assets. In spite of these indicators no assessment of impairment has been carried out. Hence, we are unable to comment upon the impact arising on the loss and EPS for the year ended March 31, 2024 and on the carrying value of ROU & other equity as on March 31, 2024.
- d) As explained in note no. 49 of the financial statements, during the year the Company has rectified the cost of its inventories, whereas as per the earlier practice, overheads including the costs which were

yet to be incurred were loaded on a standard rate in the inventory. This approach was not in compliance with Ind AS - 2 "Inventories". Such rectification in the financial statement has not been carried out in accordance with the requirements of Ind AS - 8 "Accounting Policies, Changes in Accounting Estimates and Errors" and Ind AS - 1 "Presentation of Financial Statements" by not restating and presenting the comparative financial statements for an amount of Rs. 838.51 lakhs. This amount has been charged as an exceptional item to the Statement of Profit and Loss, which is also not as per the requirement of Division II of Schedule III. Due to such accounting treatments, losses of the year and other equity as on March 31, 2023 are higher by Rs. 838.51 lakhs, respectively. Impact on the losses of the previous year and on the other equity as on April 1, 2022 and March 31, 2023 of the Company is not known. In addition to this matter, considering the matters described in paragraph 3(a) to 3(c) above, even impact on the EPS of the current year and the previous year is not known. The comparative quarters figures / presentation with regards to these transactions have also not been restated / reclassified.

We conducted our audit of the financial statements in accordance with the Standards on Auditing specified under Section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ('ICAI') together with the ethical requirements that are relevant to our audit of the Financial Statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics.

3. Material Uncertainty Related to Going Concern

We draw attention to note 44 in the financial statements which states that during the year, the company has incurred a cash loss of Rs. 4,942.12 lakhs and its net worth is negative as on the Balance Sheet date. Further, the Company's current liabilities exceeded its current assets by Rs. 10,045.55 lakhs as at the balance sheet date [excluding the effect of the observations stated in paragraph 2(a), 2(c) and 2(d)]. The Company has also received notice for application under the Insolvency and Bankruptcy Code 2016 from one of the operational creditors. The above situation indicates that a material uncertainty exists that may cast significant doubt on the Company's ability to continue as a going concern. In view of above, we are unable to obtain sufficient appropriate audit evidence as to whether the Company will be able to service its debts, realize its assets and discharge its liabilities as and when they become due over the period of next twelve months. Accordingly, we are unable to comment on whether the Company will be able to continue as Going Concern.

4. Key Audit Matters

Our report does not include the section of Key Audit Matters, as our opinion is disclaimed, which is in accordance with the requirements of the SA 705, as issued by ICAI.

5. Information other than the financial statements and Auditor's Report thereon

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion & Analysis, Board's Report and Corporate Governance Report (but does not include the financial statements and our auditor's report thereon) which are expected to be made available to us after the date of this auditor's report.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

When we read the other information, if we conclude that there is material misstatement therein, we are required to communicate the matter to those charged with governance and determine the actions under the applicable laws and regulations.

6. Responsibilities of Management and Those Charged with Governance for the financial statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance, total comprehensive income, changes in equity and cash flows of the Company in accordance with the Ind AS and other accounting principles generally accepted in India, including the accounting standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the Company's financial reporting process.

7. Auditor's Responsibilities for the Audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. However, because of the significance of the matter described in the Basis for Disclaimer Opinion section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an opinion on the aforesaid financial statements.

We are independent of the Company in accordance with the ethical requirements in accordance with the requirements of the Code of Ethics issued by ICAI and the ethical requirements as prescribed under the laws and regulations applicable to the Company.

8. Report on Other Legal and Regulatory Requirements

- i. As required by the Companies (Auditor's report) Order, 2020 ("the Order") issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order to the extent applicable
- ii. As required by section 143 (3) of the Act, based on our audit we report that:
 - a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit, except to the extent described in the Basis of Disclaimer of Opinion section above, where we were unable to obtain such information;
 - b. In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books, except to the extent described in the Basis of Disclaimer of Opinion section above and except for the matters stated in the paragraph (h)(iv) below on reporting under Rule 11(g);
 - c. Balance Sheet, Statement of Profit and Loss including Other Comprehensive Income, the Statement of Cash Flow and Statement of Changes in Equity dealt with by this report are in agreement with the relevant books of account which are to be read with the paragraph on the Basis of Disclaimer of Opinion;
 - d. Due to the possible effects of the matters described in the paragraph on Basis for Disclaimer of Opinion above, we are unable to state whether the aforesaid financial statements comply with the Ind AS specified under section 133 of the Act, read with Companies (Indian Accounting Standards) Rules, 2015, as amended

- e. The matters described in the basis for Disclaimer of Opinion paragraph including the assessment with regards to material uncertainty about going concern as stated above, in our opinion, may have an adverse effect on the functioning of the Company;
- f. On the basis of written representations received from the directors as on March 31, 2024, taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2024, from being appointed as a director in terms of section 164 (2) of the Act;
- g. With respect to the adequacy of the internal financial controls with reference to the financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B". Our report expresses a disclaimer opinion on the adequacy and operating effectiveness of the Company's internal financial controls with reference to financial statements;
- h. With respect to the requirements of section 197(16) of the Act, as amended, in our opinion and to the best of our information and according to the explanations given to us the managerial remuneration paid by the Company to its director during the year is in accordance with the provisions of section 197 of the Act;
- i. Except for the possible effects of the matters described in the paragraph on Basis for Disclaimer Opinion above, with respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us;
 - i. The Company has disclosed the impact of pending litigations on the financial position in its financial statements – Refer note 40 to the financial statements;
 - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses;
 - iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company;
 - iv. (a) The Management has represented that to the best of its knowledge and belief, as disclosed in the note 54(ii) to the financial statements, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.;
(b) The Management has represented that to the best of its knowledge and belief, as disclosed in the note 54(iii) to the financial statements, no funds have been received by the Company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
(c) Based on audit procedures that have been considered reasonable and appropriate in the circumstances; nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contains any material misstatement.
- v. No dividend has been declared or paid during the year by the Company.

- vi. Based on our examination, which included test checks, the Company has used various accounting software(s) for maintaining its books of account which has a feature of recording audit trail (edit log) facility and the same has not operated during the year for all the relevant transactions recorded in the respective software(s). In the absence of adequate information, we are unable to state that there are any instances of audit trail feature being tampered with in respect of these accounting software(s).

In respect of an accounting software, which is hosted at a third-party service provider location, where the activities have been outsourced by the Company, independent service auditors report has been made available to us for the part of the year, however it does not contain any reporting reference in regards to compliance of audit trail feature as prescribed under provision of the Act. Hence, we are unable to comment upon whether the required provisions of the Act regarding audit trail for this software have been complied with in all aspects. With respect to such software, we are also unable to comment upon whether there was any instance of audit trail feature being tampered with.

As proviso to Rule 3(1) of the Companies (Accounts) Rules 2014 is applicable from April 1, 2023, reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules 2014 on preservation of audit trail as per the statutory requirements for record retention is not applicable for the financial year ended March 31, 2024.

- b) During the year, the Company has made issue of share warrants convertible into equity shares by way of preferential allotment and has also made rights issue of equity shares as a part of private placement. In regards to these issues, the requirements of section 42 and section 62 of the Companies Act, 2013 have been complied with and the funds raised have been used for the purposes for which the funds were raised. Further, other than as stated in this paragraph, in our opinion and according to the information, explanations and representation given to us, during the year, the Company has not made any preferential allotment or private placement of shares or convertible debentures (fully, partially or optionally convertible).
- (xi) a) According to the information, explanation and representations given to us, no fraud by the Company or no fraud on the Company has been noticed or reported during the year.
- b) During the year, no report under sub-section (12) of section 143 of the Act has been filed by cost auditor/ secretarial auditor or by us in Form ADT – 4 as prescribed under Rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government.
- c) According to the information, explanation and representations given to us by the management, during the year, there were no whistle blower complaints received by the Company.
- (xii) The Company is not a nidhi company and hence reporting under paragraph 3(xii) of the Order is not applicable to the Company.
- (xiii) According to the information and explanations given by the management, all the transactions entered during the year with the related parties are in compliance with section 177 and 188 of the Act where applicable. Further, the details of such related party transactions have been disclosed in the financial statements, as required under Indian Accounting Standard (Ind AS) 24, Related Party Disclosures.
- (xiv) a) In our opinion, internal audit system needs to be made commensurate with the size and the nature of the business of the Company.
- b) We have taken into consideration, the internal audit reports for the period under audit issued to the Company till the date while determining the nature, timing and extent of audit procedures.
- (xv) According to the information and explanations given by the management, the Company has not entered into any non-cash transactions with directors or persons connected with them as referred to in section 192 of the Act. Hence, paragraph 3(xv) of the Order is not applicable to the Company.
- (xvi) a) The Company is not required to be registered under section 45-IA of the Reserve Bank of India (RBI) Act, 1934.
- b) The Company has not conducted any Non- Banking Financial or Housing Finance Activities as prescribed under the Reserve Bank of India Act, 1934.
- c) The Company is not a Core Investment Company (CIC) as defined in the regulations made by the Reserve Bank of India and hence reporting under paragraph 3(xvi)(c) of the Order is not applicable.
- d) According to the information, explanations and representation given to us, there is no CIC in the Group.
- (xvii) According to the information and explanations given to us and based on our examination of the records of the Company, during the year, the Company has incurred cash losses of Rs. 4,942.12 lakhs. The effect of unquantified modification given in paragraph 2 of our independent auditor's report has not been taken into consideration for the purpose of reporting in respect of this clause. Further, the Company has incurred cash losses of Rs. 3,825.44 lakhs in the immediately preceding financial year, which was also determined without considering the effect of the modified opinion issued for the immediately preceding financial year.

- (xviii) During the year, there has been no resignation of the Statutory Auditors.
- (xix) We draw attention to note no. 44 in the financial statements which states that during the year, the company has incurred a cash loss of Rs. 4,942.12 lakhs and its net worth is negative as on the Balance Sheet date. Further, the Company's current liabilities exceeded its current assets by Rs. 10,045.55 lakhs as at the balance sheet date [excluding the effect of the observations stated in paragraph 2(a), 2(c) and 2(d) of the main audit report]. The Company has also received notice for application under the Insolvency and Bankruptcy Code 2016 from one of the operational creditors. Further considering the financial ratios as disclosed in note 55 to the financial statement and ageing and expected date of realisation of financial assets and payment of financial liabilities, other information accompanying the financial statement, our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions, there exists a material uncertainty that may cast significant doubt on the Company's ability to continue as a going concern and it may not be capable of meeting its liabilities existing at the date of balance sheet, as and when they fall due within a period of one year from the balance sheet date.
- (xx) Based on the examination of records of the Company and according to the information and explanations given to us, due to the losses incurred by the Company, the conditions and requirements of section 135 of the act is not applicable to the Company. Hence, reporting requirements under the clause 3(xx)(a) and (xx)(b) of the Order are not applicable.
- (xxi) The Company does not have any subsidiary, associate or joint venture and hence, reporting requirements under the clause 3(xxi) of the Order is not applicable.

Annexure B to the Independent Auditor’s Report of even date on the financial statements of Praxis Home Retail Limited

Referred to in paragraph [10(ii)(f)] under Report on Other Legal and Regulatory Requirements of our report of even date

Report on the Internal Financial Controls over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls over financial reporting with reference to the Financial Statements of Praxis Home Retail Limited (the “Company”) as of March 31, 2024 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Company’s management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the “Guidance Note”) issued by the Institute of Chartered Accountants of India (“ICAI”). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor’s Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing as specified under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls and both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Because of the material and pervasive nature of the matters described in the Basis of Disclaimer of Opinion section in our auditor’s report on the accompanying financial statements, we are not able to obtain sufficient and appropriate audit evidence to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting with reference to the accompanying financial statements.

Meaning of Internal Financial Controls over Financial Reporting

A Company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control over financial reporting includes those policies and procedures that:

- (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and

- (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Disclaimer of Opinion

According to the information and explanation given to us and considering the paragraph on the basis of disclaimer of opinion in our auditor's report, the Company has not established its internal financial control over financial reporting on criteria based on or considering the essential component of internal control stated in the Guidance Note on Audit of Internal Financial Control Over Financial Reporting issued by the ICAI. Because of these reasons, we are unable to obtain sufficient appropriate audit evidence to provide a basis for our opinion, whether the Company had adequate internal financial controls over financial reporting and whether such internal financial controls were operating effectively as at March 31, 2024. Accordingly, we do not express an opinion on Internal Financial Controls with reference to the Financial Statement.

We have considered the disclaimer reported above in determining the nature, timing, and extent of audit tests applied in our audit of the financial statements of the Company for the year ended March 31, 2024 and the disclaimer does affect our opinion on the financial statements of the Company.

Notes annexed to and forming part of the financial statements for The Year Ended March 31, 2024

1. CORPORATE INFORMATION

Praxis Home Retail Ltd (“PHRL” or “the Company”) was originally incorporated on January 31, 2011 as GRN Energy Private Limited with the Registrar of Companies, Maharashtra at Mumbai (“RoC”). Further, name of the Company was changed to GRN Retail Private Limited and a fresh certificate of incorporation was issued on December 21, 2016 by RoC. Furthermore, name of the Company was changed to Praxis Home Retail Private Limited and a fresh certificate of incorporation was issued on January 5, 2017 by RoC. Pursuant to the Composite Scheme of Arrangements under the relevant provisions of the Companies Act, 2013, the Company became a public Company domiciled in India.

The Company is engaged in the business of Home Retailing through departmental stores under various formats across the country.

The Company is a public limited Company which is listed on two recognised stock exchanges in India. The Company is incorporated and domiciled in India under the provisions of the Companies Act, 2013 (erstwhile the Companies Act, 1956). The registered office of the Company is located at Mumbai, Maharashtra, India.

These financial statements of the Company for the year ended March 31, 2024 were authorized for issue by the board of directors on May 23, 2024.

2. SIGNIFICANT ACCOUNTING POLICIES

2.1 Compliance with Indian Accounting Standard (Ind AS):

The financial statements of the Company have been prepared and comply in all material aspects with Companies (Indian Accounting Standards) Rules, 2015 (Ind AS) notified under Section 133 of the Companies Act, 2013 (the Act) read with relevant rules and other accounting principles. The policies set out below have been consistently applied during the period presented except where a newly issued accounting standard or revision in existing accounting standard requires change in accounting policy hitherto in use.

2.2 Basis of Preparation

The financial statements are presented in ‘Indian

Rupees’, which also is the Company’s functional currency and all amounts, are rounded to the nearest Lakhs, with two decimals, unless otherwise stated.

The financial statements have been prepared in accordance with the requirements of the information and disclosures mandated by Schedule III to the Act, applicable Ind AS, other applicable pronouncements and regulations as amended from time to time.

2.3 Basis of Measurement

The financial statements have been prepared on a historical cost convention on accrual basis, except for the following:

- certain financial assets and liabilities (including derivative instruments) that are measured at fair value; and
- defined benefit plans - planned assets measured at fair value

2.4 Use of judgements, estimates & assumptions

The preparation of the financial statements in conformity with Ind AS requires the Management to make estimates, judgement and assumptions. These estimates, judgments and assumptions affect the application of accounting policies and the reported amount of assets, liabilities, income and expenses, the disclosure of contingent asset and liabilities at the date of financial statements and reported amounts of revenue and expenses during the period. Accounting estimates could change from period to period. Actual results could differ from those estimates. Appropriate changes in estimates are made as the Management becomes aware of such changes in the circumstances surrounding the estimates. Changes in estimate are reflected in the financial statements in the period in which changes are made and, if material, their effects are disclosed in the notes to the financial statements.

2.5 Revenue Recognition

Revenue is recognized on satisfaction of performance obligation upon transfer of control of promised products or services to customers in an amount that reflects the consideration the Company expects to receive in exchange for those

Notes annexed to and forming part of the financial statements for The Year Ended March 31, 2024

products or services. Revenue is measured at the fair value of the consideration received or receivable, taking into account contractually defined terms of payment and stated net of discounts, returns, applicable taxes.

The Company satisfies a performance obligation and recognises revenue over time, if one of the following criteria is met:

1. The customer simultaneously receives and consumes the benefits provided by the Company's performance or
2. The Company's performance creates or enhances an asset that the customer controls as the asset is created or enhanced; or
3. The Company's performance does not create an asset with an alternative use to the Company and an entity has an enforceable right to payment for performance completed to date.

For performance obligations where one of the above conditions are not met, revenue is recognised at the point in time at which the performance obligation is satisfied.

Interest Income

For all financial instruments measured at amortised cost, interest income is recorded using the effective interest rate (EIR), which is the rate that exactly discounts the estimated future cash payments or receipts over the expected life of the financial instrument or a shorter period, where appropriate, to the net carrying amount of the financial asset.

Dividend Income

Dividend income is recognised when the Company's right to receive such dividend is established.

Gift Voucher

The Company issues Gift Vouchers with 1 year validity. The Gift Vouchers which are unutilized at the end of their validity period is recognized as income.

2.6 Purchase of Goods under Sale or Return basis

The Company also purchases inventories on a

Sales or Return basis (SOR) where cost of such purchases / trade payables becomes due when such inventories are being sold off. Under SOR basis, the Company does not have any ownership rights of the said inventory but it acts as a custodian for the inventory till the same are being sold or returned. The Company has a right to return the inventory to the vendor at any point prior to its sales. On the Balance sheet date, the Company reverses the value of such inventories which are acquired on SOR basis and are in its possession along with the simultaneous reversal of such amount from purchases/trade payables.

2.7 Property, Plant and Equipment

Property, Plant and Equipment are stated at cost, less accumulated depreciation and accumulated impairment losses if any. The initial cost of an asset comprises its purchase price or construction cost, any costs directly attributable to bringing the asset into the location and condition necessary for it to be capable of operating in the manner intended by management.

Capital work-in-progress comprises cost of property, plant and equipment (including related expenses), that are not yet ready for their intended use at the reporting date.

An item of Property, Plant and Equipment and any significant part initially recognised is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net realisable value and the carrying amount of the asset) is included in the Statement of Profit and Loss when the asset is derecognised.

The Cost of Property, Plant and Equipment acquired in a business combination is recorded at fair value less cost to sell as on the date of business combination.

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its recoverable amount.

Property, Plant and Equipment are eliminated from the financial statements, either on disposal or when retired from active use.

Notes annexed to and forming part of the financial statements for The Year Ended March 31, 2024

The residual values, useful lives and method of depreciation of Property, Plant and Equipment are reviewed at each financial year end and changes, if any, are accounted prospectively.

Subsequent costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. All other repairs and maintenance are charged to profit or loss during the reporting period in which they are incurred.

Property, Plant and Equipment are depreciated under the written down value method as per the useful life and in the manner prescribed in Part "C" Schedule II to the Act, except for Leasehold Improvements which are amortised over the life of right of use asset.

Assets	Useful life
Furniture & Fixtures	10 years
Office Equipment	5 years
Plant & Machinery	15 years
Electrical Installations	10 years
Computers, Laptops and IT equipment	3 years
Leasehold Improvements	Over the life of right of use asset

2.8 Intangible Assets

Intangible assets are stated at acquisition cost and other costs incurred, which is attributable to preparing the assets for its intended use, less accumulated amortization and accumulated impairment losses, if any. The cost of intangible assets acquired in a business combination is recorded at fair value on the date of acquisition.

Intangible assets are amortised on straight line basis over their estimated useful economic life. The estimated useful life of the assets is five years.

An item of intangible assets is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset is included in

the Statement of Profit or Loss when the asset is derecognised.

The useful lives and methods of amortisation of intangible assets are reviewed at each financial year end and adjusted prospectively, if appropriate.

2.9 Impairment of Non-Financial Assets

Non-financial assets are tested for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs of disposal and value in use. For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash inflows which are largely independent of the cash inflows from other assets or groups of assets (cash-generating units). Non-financial assets that suffered impairment are reviewed for possible reversal of the impairment at the end of each reporting period.

2.10 Current and Non-current classification

All the assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle.

Assets

An asset is classified as current when it satisfies any of the following criteria:

- i) It is expected to be realised in, or is intended for sale or consumption in, the Company's normal operating cycle or
- ii) It is held primarily for the purpose of being traded or
- iii) It is expected to be realised within 12 months after the reporting date or,
- iv) It is cash or cash equivalent unless it is restricted from being exchanged or used to settle a liability for at least 12 months after the reporting date.

Current assets include the current portion of non-current financial assets. All other assets are classified as non-current.

Notes annexed to and forming part of the financial statements for The Year Ended March 31, 2024

Liabilities

A liability is classified as current when it satisfies any of the following criteria

- i) It is expected to be settled in the Company's normal operating cycle or
- ii) It is held primarily for the purpose of being traded or
- iii) It is due to be settled within 12 months after the reporting date or,
- iv) The Company does not have an unconditional right to defer settlement of the liability for at least 12 months after the reporting date. Terms of a liability that could, at the option of the counterparty, result in its settlement by the issue of equity instruments do not affect its classification.

Current liabilities include current portion of non-current financial liabilities. All other liabilities are classified as non-current.

Deferred tax asset and liabilities are classified as non-current assets and liabilities.

Operating cycle

Operating cycle is the time between the acquisition of assets for processing and their realisation in cash or cash equivalents. The Company's operating cycle is within a period of 12 months.

2.11 Fair value measurement

Accounting policies and disclosures require measurement of fair value for both financial and non-financial assets.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- a. In the principal market for the asset or liability, or
- b. In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the Company. The fair value

of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data is available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

Level 1 – Quoted (unadjusted) market prices in active markets for identical assets or liabilities.

Level 2 – Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.

Level 3 – Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

The Company's Management determines the policies and procedures for recurring and non-recurring fair value measurement, such as derivative instruments and unquoted financial assets measured at fair value.

At each reporting date, the Management analyses

Notes annexed to and forming part of the financial statements for The Year Ended March 31, 2024

the movements in the values of assets and liabilities which are required to be remeasured or re-assessed as per the Company's accounting policies. For this analysis, the Management verifies the major inputs applied in the latest valuation by agreeing the information in the valuation computation to contracts and other relevant documents.

The management also compares the change in the fair value of each asset and liability with relevant external sources to determine whether the change is reasonable.

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

Disclosures for valuation methods, significant estimates and assumptions of Financial instruments (including those carried at amortized cost) (Refer note 26) and Quantitative disclosures of fair value measurement hierarchy (Refer note 26).

2.12 Derivatives

Derivatives including forward contracts are initially recognised at fair value on the date a derivative contract is entered into and are subsequently re-measured to their fair value at the end of each reporting period. The Company does not designate their derivatives as hedges and such contracts are accounted for at fair value through profit or loss and are included in the Statement of Profit and Loss.

In respect of derivative transactions, gains / losses are recognised in the Statement of Profit and Loss on settlement.

On a reporting date, open derivative contracts are revalued at fair values and resulting gains / losses are recognised in the Statement of Profit and Loss.

2.13 Trade receivables

Trade receivables are initially measured at transaction price excluding any financing arrangements in sale transactions of the Company. Expected Credit Loss is assessed and recognized as per Financial Instrument policy in 2.15

2.14 Inventories

Inventories are valued at lower of cost and net realizable value. Costs of Inventories are computed on Weighted Average basis. Cost includes purchase cost and other costs incurred to bringing the inventory to its location and condition. Net realizable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and estimated costs necessary to make the sale.

2.15 Financial Instruments

The Company recognises financial assets and liabilities when it becomes a party to the contractual provisions of the instrument. All financial assets and liabilities are recognised at fair values on initial recognition, except for trade receivables, which are initially measured at transaction price.

(A) Financial Assets:

a) Classification

The Company shall classify financial assets as subsequently measured at amortized cost, fair value through other comprehensive income (FVOCI) or fair value through profit or loss (FVTPL) on the basis of its business model for managing the financial assets and the contractual cash flow characteristics of the financial asset.

b) Initial Recognition and Measurement

The Company recognizes financial asset and financial liabilities when it becomes a party to the contractual provisions of the instrument. All financial asset and liabilities are recognised at fair value on initial recognition, except for trade receivable which are initially measured at transaction price. Transaction cost that are directly attributable to the acquisition or issue of financial asset and financial liabilities that are not fair value through Profit or Loss, are added to the fair value on initial recognition.

c) Subsequent Measurement

i) Financial asset at Amortized cost

A Financial asset is subsequently measured at amortized cost if it is held within a business model whose objective

Notes annexed to and forming part of the financial statements for The Year Ended March 31, 2024

is to hold the asset in order to collect contractual cash flows, and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payment of principal and interest on the principal outstanding. Interest income from these financial assets is included in other income using the effective interest rate method.

ii) Financial Asset at Fair Value through other comprehensive income (FVOCI)

Financial Asset is subsequently measured through other comprehensive income if it is held within a business model whose objective is achieved by both collecting contractual cash flow and selling financial asset and contractual terms of the financial asset give rise on specified dates to the cash flows that are solely payments of principal and interest on the principal amount outstanding. Movements in the carrying amount are taken through Other Comprehensive Income (OCI), except for the recognition of impairment gains and losses, interest revenue and foreign exchange gains and losses which are recognized in the Statement of Profit and Loss. Further in cases where the Company has made irrevocable election based on its business model, for its investment which are classified as equity instruments, the subsequent changes in fair value are recognized in other comprehensive income.

When the financial asset is derecognised, the cumulative gain or loss previously recognised in OCI is reclassified from equity to profit or loss and recognised in other gains / (losses). Interest income from these financial assets is included in other income using the effective interest rate method.

iii) Financial Asset at Fair value through Profit & Loss (FVTPL)

A Financial Asset which is not classified

in any of the above categories is subsequently fair valued through profit or loss.

d) Impairment of Financial Assets

The Company assesses on a forward looking basis the expected credit losses associated with its assets carried at amortised cost and FVOCI debt instruments. The impairment methodology applied depends on whether there has been a significant increase in credit risk. For trade receivables only, the Company measures the expected credit loss associated with its trade receivables based on historical trend, industry practices and the business environment in which the entity operates or any other appropriate basis. The impairment methodology applied depends on whether there has been a significant increase in credit risk.

e) Derecognition of Financial Assets

A financial asset is derecognised only when:

- Right to receive cash flow from assets have expired or,
- The Company has transferred the rights to receive cash flows from the financial asset or,
- It retains the contractual rights to receive the cash flows of the financial asset, but assumes a contractual obligation to pay the received cash flows in full without material delay to a third party under a "pass through" arrangement.

Where the entity has transferred an asset, the Company evaluates whether it has transferred substantially all risks and rewards of ownership of the financial asset. In such cases, the financial asset is derecognised.

Where the entity has neither transferred a financial asset nor retains substantially all risks and rewards of ownership of the financial asset, the financial asset is derecognised if the Company has not

Notes annexed to and forming part of the financial statements for The Year Ended March 31, 2024

retained control of the financial asset. Where the Company retains control of the financial asset, the asset is continued to be recognised to the extent of continuing involvement in the financial asset.

(B) Financial Liabilities

a) Initial Recognition and Measurement

All financial liabilities are recognised initially at fair value and in the case of loans and borrowings and payables, net of directly attributable transaction costs. The Company's financial liabilities include trade and other payables, loans and borrowings including bank overdrafts and derivative financial instruments.

b) Subsequent measurement

Financial liabilities at amortized cost: After initial measurement, such financial liabilities are subsequently measured at amortized cost using the effective interest rate (EIR) method. Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortization is included in finance costs in the Statement of Profit and Loss.

i) Borrowings:

Borrowings are initially recognised at fair value, net of transaction costs incurred. Borrowings are subsequently measured at amortised cost. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognised in the Statement of Profit and Loss over the period of the borrowings using the EIR method.

ii) Trade and Other Payables:

These amounts represent liabilities for goods and services provided to the Company prior to the end of financial year which are unpaid. Trade and other payables are presented as current liabilities unless payment is not due within 12 months after the reporting period. They are recognised initially at

their fair value and subsequently measured at amortised cost using the effective interest method

c) Derecognition

A financial liability is derecognized when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognized in the Statement of Profit and Loss.

(C) Contributed Equity

Equity Shares are classified as equity. Incremental costs directly attributable to the issue of new ordinary shares are shown in equity as a deduction, net of tax, from the proceeds.

2.16 Provisions

Provisions are recognised when the Company has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and the amount can be reliably estimated. Provisions are not recognised for future operating losses.

Provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the end of the reporting period. The discount rate used to determine the present value is a current pre-tax rate that reflects current market assessment of the value of money and the risks specific to the liability.

2.17 Contingent Liabilities and Contingent Assets

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Company or a present obligation that

Notes

annexed to and forming part of the financial statements for The Year Ended March 31, 2024

is not recognized because it is probable that an outflow of resources will not be required to settle the obligation. However, if the possibility of outflow of resources, arising out of present obligation, is remote, it is not even disclosed as contingent liability.

A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. The Company does not recognize a contingent liability but discloses its existence in the notes to financial statements. A Contingent asset is not recognized in financial statements, however, the same are disclosed where an inflow of economic benefit is probable.

2.18 Foreign currency transactions

a) Functional and presentation currency

Items included in the financial statements of the Company are measured using the currency of the primary economic environment in which the entity operates. The functional currency of the Company is the Indian Rupee. The financial Statements are presented in Indian Rupees.

b) Transactions, translation and balances

Foreign currency transactions are translated into the functional currency using the exchange rates at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation of monetary assets and liabilities denominated in foreign currencies at year end exchange rates are recognised in the Statement of Profit and Loss.

All foreign exchange gains and losses are presented in the Statement of Profit and Loss on a net basis.

2.19 Earnings Per Share

Basic earnings per equity share are computed by dividing the net profit attributable to the Equity shareholders of the Company by the weighted average number of equity shares outstanding during the period.

For calculating diluted earnings per share, the net profit or loss for the period attributable to equity

shareholders is adjusted for after income tax effect of interest and other financing costs associated with dilutive potential equity shares and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

2.20 Taxes on Income

Income tax expense for the year comprises of current tax and deferred tax.

Current Tax

Current Income Tax for the current and prior period is recognised at the amount expected to be paid to or recovered from the tax authorities, using the tax rate and tax laws that have been enacted or substantively enacted by the Balance Sheet date.

Current tax is recognised in statement of profit or loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current tax is also recognised in other comprehensive income or directly in equity respectively. Where current tax arises from the initial accounting for a business combination, the tax effect is included in the accounting for the business combination.

Current tax assets and tax liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

Deferred tax

Deferred tax is provided using the balance sheet approach on temporary differences at the reporting date between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date.

Deferred tax assets are recognised for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilized.

Notes annexed to and forming part of the financial statements for The Year Ended March 31, 2024

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realized or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax relating to items recognised outside the statement of profit and loss is recognised outside the statement of profit and loss. Deferred tax items are recognised in correlation to the underlying transaction either in other comprehensive income or directly in equity.

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current income tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

2.21 Employee benefit

(i) Short Term Employee Benefits

Liabilities for wages and salaries, including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are recognised in respect of employees' services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled. The liabilities are presented as short term employee benefit obligations in the balance sheet

(ii) Post-Employment Benefits

The following are the post-employment schemes:

- (a) defined benefit plans such as gratuity and
- (b) defined contribution plans such as provident fund, ESIC, LWF.

Defined Benefit Plans

Gratuity Obligations

The liability or asset recognised in the balance sheet in respect of defined benefit gratuity plans is the present value of the defined benefit obligation at the end of the reporting period. The defined benefit obligation is calculated annually by

actuaries using the projected unit credit method. The present value of the defined benefit obligation is determined by discounting the estimated future cash outflows by reference to market yields at the end of the reporting period on government bonds that have terms approximating to the terms of the related obligation. The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation. This cost is included in employee benefit expense in the Statement of Profit and Loss. Re-measurement of gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the period in which they occur, directly in other comprehensive income. They are included in retained earnings in the statement of changes in equity and in the balance sheet. Changes in the present value of the defined benefit obligation resulting from plan amendments or curtailments are recognised immediately in profit or loss as past service cost.

Defined Contribution plans

The Company pays provident fund contributions to publicly administered provident funds as per local regulations. The Company has no further payment obligations once the contributions have been paid.

The contributions are accounted for as defined contribution plans and the contributions are recognized as employee benefit expense when they are due. Prepaid contributions are recognized as an asset to the extent that a cash refund or a reduction in the future payments is available.

(iii) Other long-term employee benefit obligations

The liabilities for earned leave and sick leave are not expected to be settled wholly within 12 months after the end of the reporting period in which the employees render the related service. They are therefore measured as the present value of expected future payments to be made in respect of services provided by employees up to the end of the reporting period using the projected unit credit method. The benefits are discounted using the market yields at the end of the reporting period that have terms approximating to the terms of the related

Notes

annexed to and forming part of the financial statements for The Year Ended March 31, 2024

obligation. Re-measurements as a result of experience adjustments and changes in actuarial assumptions are recognised in the Statement of Profit and Loss.

The obligations are presented as current liabilities in the balance sheet if the entity does not have an unconditional right to defer settlement for at least twelve months after the reporting period, regardless of when the actual settlement is expected to occur.

2.22 Share-Based Payments

Equity-settled share based payments to employees and others providing similar services are measured at the fair value of the equity instruments at the grant date. Details regarding the determination of the fair value of equity-settled share based payments transactions are set out in note 30.

The fair value determined at the grant date of the equity-settled share based payments is expensed on a straight line basis over the vesting period, based on the Company's estimate of equity instruments that will eventually vest, with a corresponding increase in equity. At the end of each reporting period, the Company revises its estimate of the number of equity instruments expected to vest. The impact of the revision of the original estimates, if any, is recognised in Statement of Profit and Loss such that the cumulative expenses reflects the revised estimate, with a corresponding adjustment to the Share Based Payments Reserve.

The dilutive effect of outstanding options is reflected as additional share dilution in the computation of diluted earnings per share.

2.23 Statement of Cash Flows

Statement of Cash flows are reported using the indirect method, whereby profit for the period is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of

the Company are segregated based on available information.

For the purpose of presentation in the Statement of Cash Flows, cash and cash equivalents includes cash on hand, deposits held at call with financial institutions, other short-term highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

2.24 Leases

Ind AS 116 sets out the principles for the recognition, measurement, presentation and disclosure of leases and requires lessees to account for all leases under a single on-balance sheet model similar to the accounting for finance leases under Ind AS 17. The standard includes two recognition exemptions for lessees – leases of 'low-value' assets (e.g., personal computers) and short-term leases (i.e., leases with a lease term of 12 months or less).

The Company assesses at contract inception whether a contract is or contains a lease. That is, of the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

Where the Company is the lessee:

The Company's lease asset classes primarily consists of leases for stores, warehouses and offices taken on lease. The Company assesses whether a contract contains a lease, at inception of a contract and period to be considered for recognition of lease liability and right-of-use assets. At the date of commencement of lease, the Company recognise a right-of-use asset ("ROU") and a corresponding lease liability for all lease arrangement in which it is a lessee except for leases with a non-cancellable term of twelve months or less (short-term leases) and low value leases. For these short-term leases which have term less than 12 months and low value leases, the Company recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease.

The lease liability is initially measured at the present value of the lease payments (including Common

Notes annexed to and forming part of the financial statements for The Year Ended March 31, 2024

Area Maintenance) that are not paid at the commencement date, discounted by using the rate implicit in the lease. If this rate cannot be readily determined, the Company uses its incremental borrowing rate. The lease liability is subsequently measured by increasing the carrying amount to reflect interest on the lease liability (using the effective interest method) and by reducing the carrying amount to reflect the lease payments made.

The Company remeasures the lease liability (and makes a corresponding adjustment to the related right-of-use asset) whenever:

- The lease term has changed or there is a significant event or change in circumstances that is within the control of the Company affects whether the lessee is reasonably certain to exercise an option not previously included in its determination of the lease term, or not to exercise an option previously included in its determination of the lease term., in which case the lease liability is remeasured by discounting the revised lease payments using a revised discount rate.
- A lease contract is modified and the lease modification is not accounted for as a separate lease, in which case the lease liability is remeasured based on the lease term of the modified lease by discounting the revised lease payments using a revised discount rate at the effective date of the modification. The effective date of the modification is the date when both the parties agree to the lease modification and is accounted for in that point in time.

The right-of-use assets comprise the initial measurement of the corresponding lease liability, lease payments (including Common Area Maintenance) made at or before the commencement day, less any lease incentives received and any initial direct costs. They are subsequently measured at cost less accumulated depreciation and impairment losses. Right-of-use assets are depreciated over the non-cancellable period or lease term as per the management assessment.

The Company applies Ind AS 36 to determine whether a right-of-use asset is impaired and

accounts for any identified impairment loss as described in the 'Impairment of Non-Financial Assets' policy.

Variable rentals that do not depend on an index or rate, are recognised as expenses in the periods in which they are incurred

Where the Company is the Lessor:

Leases in which the Company does not transfer substantially all the risks and rewards incidental to ownership of an assets are classified the asset are classified as operating leases. Rental income arising is accounted for on a straight line basis over the lease terms. Initial direct costs incurred in negotiating and arranging on operating lease are added to the carrying amount of the leased asset and recognized over the lease term on the same basis as rental income. Contingent rents are recognized as revenue in the period in which they are earned.

The Ministry of Corporate Affairs vide notification dated July 24, 2020 and June 18, 2021, issued an amendment to Ind AS 116-Leases, by inserting a Practical Expedient w.r.t "Covid-19-Related Rent Concessions" effective from the period beginning on or after April 01, 2020. Pursuant to the above amendment, the Company has elected to apply the Practical Expedient of not assessing the rent concessions as a lease modification for all the rent concession which are granted due to Covid-19 Pandemic and has recognized the impact of such rent concession as other income in the Statement of Profit and Loss.

2.25 Business Combination

Business combinations have been accounted for using the acquisition method under the provisions of Ind AS 103, Business Combinations. The cost of an acquisition is measured at the fair value of the assets transferred, equity instruments issued and liabilities incurred or assumed at the date of acquisition, which is the date on which control is transferred to the Company. The cost of acquisition also includes the fair value of any contingent consideration. Identifiable assets acquired, liabilities and contingent liabilities assumed in a business combination are measured initially at

Notes

annexed to and forming part of the financial statements for The Year Ended March 31, 2024

their fair value on the date of acquisition. Transaction costs that the Company incurs in connection with a business combination such as finder's fees, legal fees, due diligence fees, and other professional and consulting fees are expensed as incurred.

Business combination between entities under common control is accounted for using the pooling of interest method, the assets and liabilities of the combining entities are reflected at their carrying amounts. The only adjustments that are made are to harmonise accounting policies.

2.26 Borrowing Costs

Borrowing cost includes interest, amortisation of ancillary cost incurred in connection with the arrangement of borrowings and the exchange differences arising from foreign currency borrowings to the extent they are regarded as an adjustment to the interest cost. General and specific borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying asset are capitalized during the period of time that is required to complete and prepare the asset for its intended use or sale. Qualifying assets are assets that necessarily take a substantial period of time to get ready for their intended use or sale.

Investment income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalization.

Other borrowing costs are expensed in the period in which they are incurred.

2.27 Warranty Costs

Costs of warranty include the cost of labour, material and related overhead necessary to repair a product during the warranty period. The warranty period is usually one to three years. Costs related to warranty are expensed in the period in which they are incurred.

2.28 Offsetting Financial Instruments

Financial assets and liabilities are offset and the net amount is reported in the balance sheet where there is a legally enforceable right to offset the

recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the Company or the counterparty.

2.29 Critical estimates and judgements

The areas involving critical estimates or judgements are:

- **Estimation of deferred tax assets recoverable**

Deferred tax assets are recognised for unused tax losses to the extent that it is probable that taxable profit will be available against which the same can be utilised. Significant management judgement is required to determine the amount of deferred tax assets that can be recognised, based upon the likely timing and the level of future taxable profits together with future tax planning strategies.

The Company has not recognized deferred tax asset which is primarily on account of unused brought forward losses, in the absence of the reasonable certainty that taxable income will be generated in the near future to offset the losses if any, incurred by the Company. Refer note 36 for amounts of such temporary differences on which deferred tax assets are not recognised.

- **Estimation of defined benefit obligation**

The cost of the defined benefit gratuity plan and other post-employment employee benefits and the present value of the gratuity obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

The parameter most subject to change is the

Notes annexed to and forming part of the financial statements for The Year Ended March 31, 2024

discount rate. In determining the appropriate discount rate for plans operated in India, the management considers the interest rates of government bonds in currencies consistent with the currencies of the post-employment benefit obligation.

The mortality rate is based on publicly available Indian Assured Lives Mortality (2006-08) Ultimate. Those mortality tables tend to change only at interval in response to demographic changes. Future salary increases and gratuity increases are based on expected future inflation rates for the respective countries. Refer note 29 for key actuarial assumptions.

- **Impairment of trade receivables, loans and other financial assets**

The impairment provisions for financial assets are based on assumptions about risk of default and expected loss rates. The Company uses judgement in making these assumptions and selecting the inputs to the impairment calculation, based on the Company's history, existing market conditions as well as forward

looking estimates at the end of each reporting period.

Refer note 27 on financial risk management where credit risk and related impairment disclosures are made.

Equity-settled share based payments

The Company initially measures the cost of equity settled transactions with employees using a Black Scholes Pricing Model to determine the fair value of the liability incurred. Estimating fair value for share-based payment transactions requires determination of the most appropriate valuation model, which is dependent on the terms and conditions of the grant. This estimate also requires determination of the most appropriate inputs to the valuation model including the expected life of the share option, volatility and dividend yield and making assumptions about them.

The assumptions and models used for estimating fair value for share-based payment transactions are disclosed in Note no. 30.

(b) Fair value hierarchy

This section explains the judgements and estimates made in determining the fair values of the financial instruments that are (a) recognised and measured at fair value and (b) measured at amortised cost and for which fair values are disclosed in the financial statements. To provide an indication about the reliability of the inputs used in determining fair value, the Company has classified its financial instruments into the three levels prescribed under the accounting standard. An explanation of each level follows underneath the table.

Notes

annexed to and forming part of the financial statements for The Year Ended March 31, 2024

Note

Level 1: Level 1 hierarchy includes financial instruments measured using quoted prices.

Level 2: The fair value of financial instruments that are not traded in an active market (for example, over-the-counter derivatives) is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3.

(c) Valuation technique used to determine fair values

Specific valuation techniques used to value financial instruments include:

- the use of quoted market prices or dealer quotes for similar instruments
- the fair value of forward foreign exchange contracts is determined using forward exchange rates at the balance sheet date
- the fair value of the remaining financial instruments is determined using discounted cash flow analysis / Earnings / EBITDA multiple method.

(d) Fair value of financial assets and liabilities measured at amortised cost

The carrying amounts of lease liabilities, trade receivables, trade payables, advances to employees, advances from customers, other receivables, security deposits, unclaimed fractional share money, creditors for capital nature, employee payables and cash and cash equivalents are considered to have their fair values approximately equal to their carrying values.

27. Financial Risk Management

The Company's financial risk management is an integral part of how to plan and execute its business strategies. The Company's financial risk management policy is set by the Board of Directors.

(a) Credit Risk

Credit risk is the risk that counter party will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Company is exposed to credit risk from its operating activities - trade receivables and other receivables amounting to ₹ 63.29 Lakhs and ₹ 568.29 lakhs as on March 31, 2024 respectively and ₹ 143.65 Lakhs and ₹ 698.86 lakhs as on March 31, 2023 respectively.

Since Company operates on business model of primarily cash and carry, credit risk from receivable perspective is insignificant.

(b) Liquidity Risk

i) The Company's principal sources of liquidity are cash and cash equivalents and the cash flow that is generated from operations. Liquidity risk is defined as the risk that the Company will not be able to settle or meet its obligations on time or at a reasonable price. Typically the Company ensures that it has sufficient cash on demand to meet expected operational expenses and servicing of financial obligations.

ii) Maturity of Financial Liabilities

The amounts disclosed below are the contractual undiscounted cash flows. Balances due within 12 months equal to their carrying balances as the impact of discounting is not significant.

Total	23,589.61	14,257.46	37,847.07

*Includes contractual interest payment based on the interest rate prevailing at the reporting date.

(c) Market Risk

Market risk is the risk of changes in market prices – such as foreign exchange rate, interest rate, and equity prices – will affect the company's income or values of its holdings of financial statements. The company is not exposed to any significant currency risk and equity price risk.

(i) Interest Rate Risk Exposure

Variable Rate Borrowings	-	3,117.79
Fixed Rate Borrowings	7,423.00	2,220.00
Total	7,423.00	5,337.79

(ii) Sensitivity Analysis

Profit or Loss is sensitive to higher/lower interest expense from borrowings as a result of change in interest rates.

(₹ in Lakhs)

Impact on Profit/(Loss) after taxParticulars	As at March 31, 2024	As at March 31, 2023
Interest rates increase by 100 basis points	-	31.18
Interest rates decrease by 100 basis points	-	(31.18)

(d) Foreign Currency Risk

The Company is exposed to foreign exchange risk arising from foreign currency transactions primarily on account of import of trading goods. Foreign exchange risk arises if recognised liabilities denominated in a currency that is not the functional currency of the Company. The Company hedges its foreign exchange risk using foreign exchange forward contracts within the guidelines laid down by risk management policy of the Company. Overall, Company always has a limited exposure to foreign currency risk.

Notes

annexed to and forming part of the financial statements for The Year Ended March 31, 2024

Following table details the carrying amounts of the Company's unhedged foreign currency denominated monetary items at the end of the reporting period

(₹ in Lakhs)

Particulars	As at March 31, 2024	As at March 31, 2023
Trade Payable		
US Dollar (USD)	7.57	1.44

A 5% strengthening in USD will decrease the profit for the year by ₹ 31.50 Lakhs (March 31, 2023 - ₹ 5.93 Lakhs) and a 5% weakening in USD will increase the profit for the year by ₹ 31.50 Lakhs (March 31, 2023 - ₹ 5.93 Lakhs). In management's opinion, the sensitivity analysis is unrepresentative of the inherent foreign exchange risk because the exposure at the end of the reporting period does not reflect the exposure during the year.

28. Capital Risk Management

(A) Risk Management

For the purpose of the Company's capital risk management, capital includes issued equity capital and all other equity reserves attributable to the equity shareholders. The primary objective of the Company's capital risk management is to maximize the shareholders' value.

The Company manages its capital structure and makes adjustments in light of changes in economic condition and the requirements of the financial covenants. To maintain and adjust the capital structure, the company may return capital to shareholder or issue new shares. The Company monitors capital using a gearing ratio, which is net debt divided by total capital. The Company includes within net debt, interest bearing loans and borrowings, less cash and cash equivalents.

29. Disclosure under Ind AS 19 "Employee Benefits."

The Company has various employee benefit schemes covering different categories of employees based on their location of employment.

a) Defined Contribution plans:

(i) Provident Fund

(ii) State defined contribution plans - Employer's contribution to Employees state insurance and Labour Welfare Fund

The provident fund and the state defined contribution plan are operated by the Regional Provident Fund Commissioner. Under the schemes, the Company is required to contribute a specified percentage of payroll cost to the retirement benefit schemes to fund the benefits.

Notes annexed to and forming part of the financial statements for The Year Ended March 31, 2024

(ii) Gratuity

The Company has a defined benefit gratuity plan in India, governed by The Payment of Gratuity Act, 1972. It entitles an employee, who has rendered at least five years of continuous service, to gratuity at the rate of fifteen days wages for every completed year of service or part thereof in excess of six months, based on the rate of wages last drawn by the employee concerned. Inherent risk: The plan is defined benefit in nature which is sponsored by the Company and hence it underwrites all the risk pertaining to the plan. In particular, this exposes the Company, to actuarial risk such as adverse salary growth, change in demographic experience, inadequate return on underlying plan assets. This may result in an increase in cost of providing these benefits to employees in future. Since the benefits are lump sum in nature, the plan is not subject to longevity risk.

The actuarial valuation of the present value of the defined benefit obligation has been carried out as at March 31, 2023. The following table sets forth the status of the various defined benefit plans of the Company and the amounts recognised in the Balance Sheet and Statement of Profit and Loss.

- (c) Based on consultation with the legal advisors of the Company, the management believes that the tax authorities are not likely to be able to substantiate their tax assessments / demands & accordingly it has not provided for these tax demands at the Balance sheet date.
- (d) On April 12 2021, the Company received a notice from its vendor wherein the party filed an application under IBC Code with NCLT towards alleged non-payment of its dues (including interest) ₹ 100.65 lakhs, however the total outstanding as per the Company books amounts to ₹ 0.83 lakhs. Various hearing has happened till March 31, 2023 and the matter is sub judice. The next hearing is scheduled on May 6, 2024.
- (e) The Company is a party to various legal proceedings in normal course of business and does not expect the outcome of these proceedings to have any adverse effect on its financial conditions, results of the operations or cash flow. Amounts of such disputes are unascertainable.

41. During the financial year 2022-23, tenure of a lease rental agreement entered by the Company with a related party (Lessor) expired. In the past, the Company has given security deposits of ₹ 10,100 lakhs pursuant to such agreement. The Company still holds the possession of the moveable assets (PPE) taken by it under this agreement for its usage. The Company is following up with the lessor to recover the amount of security deposits. During the financial year 2022-23, the Company has obtained a valuation report of such assets by an independent professional firm. The Company believes that these receivables are secured by the assets, which are in its possession, whose value as determined by the independent valuer is higher than the security deposits and hence the Company has considered the security deposits as secured and good and fully receivable. Further, till the time these assets are in the possession of the Company, which will be surrendered on receipt of the amount of ₹ 10,100 lakhs, as conveyed by the Company to such related party, no lease rental charges will be paid post the closure of the tenure of this agreement. Accordingly, no provision towards lease rental, if any, to be claimed by such related party in the future has been provided in the books of accounts.

42. Ind AS 115 : Revenue from contracts with customers

43. Costs of warranty include the cost of labour, material and related overhead necessary to repair a product during the warranty period. The Company has deployed an in-house staff for to repair the products under warranty period. The Company being a trader have back to back warranty agreements with the parties for all the products it sales. Further the Company's cost on stores and spares based on the actual expenses incurred itself is not material and is further insignificant related to products which are under warranty period of more than one year. Hence the Company does not make any provision for warranties in accordance with in accordance with Ind AS 37 and expense out the cost on an actual basis..

44. The Company has incurred a cash loss of ₹ 4,942.12 lakhs during the year ended March 31, 2024. Further, its current liabilities exceed its current assets which indicate a material uncertainty exists that may cast a significant doubt on the Company's ability to continue as a going concern. In the current period, the Company has raised funds through rights issue of equity shares and issue of share warrants to improve its liquidity position. Further, the Company is committed to improve its operational efficiency and has taken various initiatives to boost sales and reduce cost. These initiatives will yield desired results and the management is confident that the networth will turn positive in the near future and yield sustainable cash flows to meet all its obligations. Accordingly, the financial results of the Company have been prepared on a going concern basis.

45. Rights Issue

The Company in its Letter of Offer dated May 26, 2023 offered 4,91,85,572 Equity shares by way of rights issue at a face value of ₹ 5 each and a price of ₹ 10 per equity share (including a premium of ₹ 5 per equity share). The issue opened on June 6, 2023 and closed on June 14, 2023. The Company allotted 4,91,85,572 equity shares of face value of ₹ 5 each on the basis of allotment approved by Committee of Directors of the Board of Directors of the Company on June 22, 2023, aggregating to ₹ 4,918.55 Lakhs including Securities Premium of ₹ 2,459.28 Lakhs. As on March 31, 2024, the net proceeds has been fully utilised towards the stated objectives of repayment of outstanding trade payables and general corporate purposes.

46. Preferential Allotment

Pursuant to the Shareholders' approval in the Extraordinary General Meeting on July 22, 2023, the Company on August 3, 2023 issued and allotted 4,00,00,000 Equity Share Warrants of ₹ 16 each Warrant to the Specified Investors - 1) Mr. Mathew Cyriac (3,96,00,000 Warrants) & 2) Mr Naveen Jain (4,00,000 Warrants), on preferential allotment basis, on receipt of 25% (₹ 1,600 lakhs) of the total consideration price (₹ 6,400 lakhs) for the Equity Share Warrants. The Warrants shall be converted into equity shares at a conversion price of ₹ 16 per equity share on receipt of the remaining consideration of 75% within a period of 18 months from the date of allotment of Warrants.

47. Subsequent Events

i. Proposed Preferential Allotment

Pursuant to the Shareholders' approval in the Extraordinary General Meeting on April 27, 2024, the

Notes

annexed to and forming part of the financial statements for The Year Ended March 31, 2024

Company on May 10, 2024 issued and allotted 45,07,629 Convertible Warrants at a price of ₹ 43.26/- each Warrant to the Specified Investor – Bennett Coleman And Company Limited, on preferential allotment basis, on receipt of 25% (₹ 487.50 lakhs) of the total consideration price (₹ 1,950 lakhs). The Warrants shall be converted into equity shares at a conversion price of ₹ 43.26/- per equity share on receipt of the remaining consideration of 75% within a period of 18 months from the date of allotment of Warrants."

48. As on the balance sheet date (current year and previous year), the Company has reversed the inventories which were purchased on Sale or Return basis (SOR) basis of ₹ 2,277.83 lakhs and ₹ 2,124.12 lakhs respectively along with the simultaneous reversal of such amounts from purchases / trade payables.
49. Till year ended March 31, 2023, the Company has a practice to load the overheads, under standard cost method, in the inventories by increasing the costs of purchases of stock in trade, including costs which were yet to be incurred by it. Subsequently, as and when the actual costs were incurred towards supply chain for such purchases, they were getting added at that point in time with the cost of purchases of stock in trade, rather than being charged in the respective line items of statement of profit & loss. From year ended March 31, 2024 onwards, to comply with the requirements of Ind AS, the Company has stopped such practice and has identified and reversed all such overheads aggregating to ₹ 838.51 lakhs which were lying in its opening inventories of ₹ 6,633.64 lakhs. As per the requirements of Ind AS, such rectification which pertains to the past periods is required to be carried out in the comparative financial statements in the line item of "(increase) / decrease in inventories of stock in trade" and "purchases of stock in trade" to make it comparable with the current year's financial statements and restating the opening inventories and networth of the Company as on April 1, 2022 and March 31, 2023. However, the Company found it more prudent not to restate the financial statements and to charge the costs in the current financial year as an exceptional item. Exceptional items for the year ended March 31, 2024 includes ₹ 838.51 lakhs reversal of overheads as explained above and for the year ended March 31, 2023 includes ₹ 1,386.12 lakhs (net impact in P&L statement in future years: ₹ 8.71 lakhs) on account of changes arising in Right of use asset and Lease liabilities due to the decision taken by the management about the continuity plans of the loss making stores and ₹ 1,724.16 lakhs on account of write back of trade payables as approved by the Board of Directors.
- 50: During the quarter, the performance of the Company was abnormal due to shortage of inventory and liquidity. Pursuant to which there is an increase in losses in the current quarter as compared to the preceding periods. Most of the stores of the Company were running into losses during this period, which may trigger up the requirement for providing impairment on Right of Use (ROU) Assets of ₹ 10,725.90 lakhs. However, as management has raised funds of ₹ 4,918.55 lakhs through Right Issue in the quarter ended June 30, 2023 and is in the process of raising further funds of ₹ 4,800 lakhs through outstanding balances of issued warrants, it is confident that the liquidity and profitability position of the Company will improve in the next financial year. And hence, it envisages that there may not be a need arising to provide any impairment on ROU in the current quarter / current financial year.
- 51: Resolution Professional (RP) of Future Lifestyle Fashions Limited ("FLFL") has filed an Interlocutory Application against the Promoter, Mr. Kishore Biyani and Praxis Home Retail Limited ("Respondents") before Hon'ble National Company Law Tribunal, Mumbai Bench ("NCLT"), in the matter relating to Corporate Insolvency Resolution Process initiated against FLFL, which is received by the Company on 4 January 2024. In the said Interlocutory Application filed against the Respondents, the RP has prayed to NCLT to treat the transactions carried out by the erstwhile directors of the Corporate Debtor as fraudulent transactions, in accordance with Section 66 of the Code and has sought directions from NCLT directing the Respondents to pay the amount due to FLFL to the tune of ₹ 23.21 Crore along with interest. The Company is in the process of seeking legal advice and is taking appropriate steps to contest this matter. Till the time the claim is not substantiated, it is considered as contingent liability.
52. Balances of Trade Payables and Other Receivables are subject to confirmations and reconciliation, if any. Such reconciliation, in the opinion of the management, are not likely to be material and will be carried out as and when ascertained.

Statement on Impact of Audit Qualifications (for audit report with disclaimer of opinion)

Statement on Impact of Audit Qualifications for the Financial Year ended March 31, 2024

[See Regulation 33 of the SEBI (LODR) (Amendment) Regulations, 2016]

(₹ in Lakhs)

I. Sr. No.	Particulars	Audited Figures (as reported before adjusting for qualifications) (₹ in lakhs)	Adjusted Figures (audited figures after adjusting for qualifications*)
1	Turnover/ Total income	22,559.67	
2	Total Expenditure	30,326.66	
3	Net Profit/(Loss)	(8,571.25)	Not ascertainable
4	Earnings Per Share (₹)	(7.35)	
5	Total Assets	31,922.76	
6	Total Liabilities	36,240.29	
7	Net Worth	(4,317.53)	
8	Any other financial item(s) (as felt appropriate by the management)		

II. Audit Qualification (each audit qualification separately):

1 a. Details of Audit Qualification :

As stated in note no. 7(a) of the financial results of the Company, it has "Deposit receivables towards matured lease agreement (which were given in the nature of security deposit)" from a related party of an amount of Rs. 10,100 lakhs. The Company has not identified & recognised loss allowance for expected credit losses (ECL) on such other receivables, which is not in conformity with the requirements of Ind AS 109 "Financial Instruments". Further, we are informed by the management that till date the Company has not received any appropriate / adequate response from the lessor towards refunding such amount. Considering these facts and the available financial position / statement of such related party where there is an indication about material uncertainty towards its ability to continue as going concern and where an Interim Resolution Professional has been appointed by Hon'ble National Company Law Tribunal under the Insolvency and Bankruptcy Code, 2016 and other relevant surrounding circumstances, we are unable to determine and quantify whether this amount will be fully recoverable and it requires any provision of ECL. These facts also give rise to material uncertainty as regards possible material adjustments that may be required to made to the values of recorded security deposits and unrecorded assets and tax implications, if any, arising on account of settlement of such transactions, which could not be recorded in the financial results on account of these being not readily ascertainable. Pursuant to non-receipt of response from the lessor towards refunding the specified amount and non-determination of the ECL provision and availability of balance confirmation, its impact on the losses and EPS of the Company for the quarter and year ended March 31, 2024 and on the other equity as on the balance sheet date, is not ascertainable. This matter was also modified in our report on the financial results for the year ended March 31, 2023.

b. Type of Audit Qualification: Disclaimer of Opinion.

c. Frequency of Qualification: Repetitive.

d. For Audit Qualification(s) where the impact is quantified by the auditor, Management's Views: Not Applicable

e. For Audit Qualification(s) where the impact is not quantified by the auditor:

- i. Management's estimation on the impact of audit qualification: Nil.
- ii. If management is unable to estimate the impact, reasons for the same: During the year ended March 31, 2023, tenure of a lease rental agreement entered by the Company with a related party (Lessor) expired. In the past, the Company has given security deposits of Rs. 10,100 lakhs pursuant to such agreement. The Company still holds the possession of the moveable assets taken by it under this agreement for its usage. The Company is following up with the lessor to recover the amount of security deposits. During the year ended March 31, 2023, the Company has obtained a valuation report of such assets by an independent professional firm. The Company believes that these receivables are secured by the assets, which are in its possession, whose value as determined by the independent valuer is higher than the security deposits and hence the Company has considered the security deposits as secured and good and fully receivable.
- iii. Auditors' Comments on (i) or (ii) above: As stated in note no. 7(a) of the financial results of the Company, it has "Deposit receivables towards matured lease agreement (which were given in the nature of security deposit)" from a related party of an amount of Rs. 10,100 lakhs. The Company has not identified & recognised loss allowance for expected credit losses (ECL) on such other receivables, which is not in conformity with the requirements of Ind AS 109 "Financial Instruments". Further, we are informed by the management that till date the Company has not received any appropriate / adequate response from the lessor towards refunding such amount. Considering these facts and the available financial position / statement of such related party where there is an indication about material uncertainty towards its ability to continue as going concern and where an Interim Resolution Professional has been appointed by Hon'ble National Company Law Tribunal under the Insolvency and Bankruptcy Code, 2016 and other relevant surrounding circumstances, we are unable to determine and quantify whether this amount will be fully recoverable and it requires any provision of ECL. These facts also give rise to material uncertainty as regards possible material adjustments that may be required to made to the values of recorded security deposits and unrecorded assets and tax implications, if any, arising on account of settlement of such transactions, which could not be recorded in the financial results on account of these being not readily ascertainable. This matter was also modified in our report on the financial results for the year ended March 31, 2023

2 a. Details of Audit Qualification: Balances of trade payables aggregating to Rs. 9,776.20 lakhs and write backs of amounts of Rs. 206.47 lakhs, of respective parties are subject to confirmations and reconciliations, if any, amounts of which are not ascertainable. Hence, we are unable to comment on the correctness of these figures and if any adjustments are required to the said balances as on the March 31, 2024 and related disclosures in the Financial Statements. This matter was also modified in our report on the financial results for the year ended March 31, 2023.

b. Type of Audit Qualification: Disclaimer of Opinion.

c. Frequency of Qualification: Repetitive.

d. For Audit Qualification(s) where the impact is quantified by the auditor, Management's Views: Not Applicable

e. For Audit Qualification(s) where the impact is not quantified by the auditor:

- i. Management's estimation on the impact of audit qualification: Nil
- ii. If management is unable to estimate the impact, reasons for the same: The Company will strengthen the reconciliation process and ensure to provide confirmations for majority of balances henceforth.
- iii. Auditors' Comments on (i) or (ii) above: Balances of trade payables aggregating to Rs.

9,776.20 lakhs and write backs of amounts of Rs. 206.47 lakhs, of respective parties are subject to confirmations and reconciliations, if any, amounts of which are not ascertainable. Hence, we are unable to comment on the correctness of these figures and if any adjustments are required to the said balances as on the March 31, 2024 and related disclosures in the Financial Statements. This matter was also modified in our report on the financial results for the year ended March 31, 2023.

-
- 3 a. Details of Audit Qualification:** As stated in note no. 10 of the financial results wherein it is stated that the Company has not created provisions towards impairment on Rights of Use assets (ROU), having value of Rs. 10,725.90 lakhs as on March 31, 2024. The Company has incurred cash losses during the year, its net worth is completely eroded and its current liabilities exceed current assets. In spite of these indicators no assessment of impairment has been carried out. Hence, we are unable to comment upon the impact arising on the loss and EPS for the quarter and year ended March 31, 2024 and on the carrying value of ROU & other equity as on March 31, 2024.
- b. Type of Audit Qualification:** Disclaimer of Opinion.
- c. Frequency of Qualification:** Appeared for the first time.
- d. For Audit Qualification(s) where the impact is quantified by the auditor, Management's Views:** Not Applicable
- e. For Audit Qualification(s) where the impact is not quantified by the auditor:**
- Management's estimation on the impact of audit qualification:
 - If management is unable to estimate the impact, reasons for the same: In the current period, the Company has raised funds through rights issue of equity shares and issue of share warrants to improve its liquidity position. Further, the Company is committed to improve its operational efficiency and has taken various initiatives at the end of the year to boost sales and reduce cost. These initiatives will yield desired results and the management is confident that there is no need to create impairment provision on ROU Assets.
 - Auditors' Comments on (i) or (ii) above: As stated in note no. 10 of the financial results wherein it is stated that the Company has not created provisions towards impairment on Rights of Use assets (ROU), having value of Rs. 10,725.90 lakhs as on March 31, 2024. - 4 a. Details of Audit Qualification:** As explained in note no. 4 of the financial results, during the year the Company has rectified the cost of its inventories, whereas as per the earlier practice, overheads including the costs which were yet to be incurred were loaded on a standard rate in the inventory. This approach was not in compliance with Ind AS - 2 "Inventories". Such rectification in the financial statement has not been carried out in accordance with the requirements of Ind AS - 8 "Accounting Policies, Changes in Accounting Estimates and Errors" and Ind AS - 1 "Presentation of Financial Statements" by not restating and presenting the comparative financial statements for an amount of Rs. 838.51 lakhs. This amount has been charged as an exceptional item to the Statement of Profit and Loss, which is also not as per the requirement of Division II of Schedule III. Due to such accounting treatments, losses of current quarter are higher by Rs. 164.95 lakhs and losses of the year and other equity as on March 31, 2023 are higher by Rs. 838.51 lakhs, respectively. Impact on the losses of the previous year and on the other equity as on April 1, 2022 and March 31, 2023 of the Company is not known. In addition to this matter, considering the matters described in paragraph 3(a) to 3(c) above, even impact on the EPS of the current quarter / year and the previous year is not known. The comparative quarters figures / presentation with regards to these transactions have also not been restated / reclassified.
- b. Type of Audit Qualification:** Disclaimer of Opinion.
- c. Frequency of Qualification:** Appeared for the first time.

d. For Audit Qualification(s) where the impact is quantified by the auditor, Management's Views:
Not Applicable

e. For Audit Qualification(s) where the impact is not quantified by the auditor:

- i. Management's estimation on the impact of audit qualification: Nil
- ii. If management is unable to estimate the impact, reasons for the same: Till the last financial year, the Company had a practice to load the overheads, under standard cost method, in the inventories by increasing the costs of purchases of stock in trade, including costs which were yet to be incurred by it. Subsequently, as and when the actual costs were incurred towards supply chain for such purchases, they were getting added at that point in time with the cost of purchases of stock in trade, rather than being charged in the respective line items of statement of profit & loss. From current year onwards, to comply with the requirements of Ind AS, the Company has stopped such practice and has identified and reversed all such overheads aggregating to ₹ 838.51 lakhs which were lying in its opening inventories of ₹ 6,633.64 lakhs. Though, the requirement of Ind AS is to restate the comparative period's financial statements with regard to such kind of reversal, management found it more prudent not to restate the financial statements which were already approved by the shareholders in the past and filed with the regulators and hence, the costs have been charged in the current financial year as an exceptional item.
- iii. Auditors' Comments on (i) or (ii) above: As explained in note no. 4 of the financial results, during the year the Company has rectified the cost of its inventories, whereas as per the earlier practice, overheads including the costs which were yet to be incurred were loaded on a standard rate in the inventory. This approach was not in compliance with Ind AS - 2 "Inventories". Such rectification in the financial statement has not been carried out in accordance with the requirements of Ind AS - 8 "Accounting Policies, Changes in Accounting Estimates and Errors" and Ind AS - 1 "Presentation of Financial Statements" by not restating and presenting the comparative financial statements for an amount of Rs. 838.51 lakhs. This amount has been charged as an exceptional item to the Statement of Profit and Loss, which is also not as per the requirement of Division II of Schedule III. Due to such accounting treatments, losses of current quarter are higher by Rs. 164.95 lakhs and losses of the year and other equity as on March 31, 2023 are higher by Rs. 838.51 lakhs, respectively. Impact on the losses of the previous year and on the other equity as on April 1, 2022 and March 31, 2023 of the Company is not known. In addition to this matter, considering the matters described in paragraph 3(a) to 3(c) above, even impact on the EPS of the current quarter / year and the previous year is not known. The comparative quarters figures / presentation with regards to these transactions have also not been restated / reclassified.

5 a. Details of Audit Qualification: We draw attention to note 3 in the financial results which states that during the year, the company has incurred a cash loss of Rs. 4,942.12 lakhs and its net worth is negative as on the Balance Sheet date. Further, the Company's current liabilities exceeded its current assets by Rs. 10,045.55 lakhs as at the balance sheet date [excluding the effect of the observations stated in paragraph 3(a), 3(c) and 3(d)]. The Company has also received notice for application under the Insolvency and Bankruptcy Code 2016 from one of the operational creditors. The above situation indicates that a material uncertainty exists that may cast significant doubt on the Company's ability to continue as a going concern. In view of above, we are unable to obtain sufficient appropriate audit evidence as to whether the Company will be able to service its debts, realize its assets and discharge its liabilities as and when they become due over the period of next twelve months. Accordingly, we are unable to comment on whether the Company will be able to continue as Going Concern

b. Type of Audit Qualification: Disclaimer of Opinion.

c. Frequency of Qualification: Appeared for the first time.

d. For Audit Qualification(s) where the impact is quantified by the auditor, Management's Views:
Not Applicable

e. For Audit Qualification(s) where the impact is not quantified by the auditor:

- i. Management's estimation on the impact of audit qualification: Nil
- ii. If management is unable to estimate the impact, reasons for the same: In the current period, the Company has raised funds through rights issue of equity shares and issue of share warrants to improve its liquidity position. Further, the Company is committed to improve its operational efficiency and has taken various initiatives at the end of the year to boost sales and reduce cost. These initiatives will yield desired results and the management is confident that the networth will turn positive in the near future and yield sustainable cash flows to meet all its obligations. Further infusion of equity funds will also happen in the next financial year by subscription of remaining 75% of warrants application money. Accordingly, the financial results of the Company have been prepared on a going concern basis.
- iii. Auditors' Comments on (i) or (ii) above: We draw attention to note 3 in the financial results which states that during the year, the company has incurred a cash loss of Rs. 4,942.12 lakhs and its net worth is negative as on the Balance Sheet date.
