EXPLANATORY STATEMENT PURSUANT TO SECTION 102 OF THE COMPANIES ACT, 2013

Item No. 4

Ratification of remuneration of Cost Auditor

The Board, on the recommendation of the Audit Committee, has approved the re appointment of M/s. Khushwinder Kumar & Co., Cost Accountants as Cost Auditor of the Company for the financial year ending on 31 March 2023, to conduct audit of cost accounting records of the Company as may be required for cost audit under the Companies Act, 2013, and Rules made there under, at a remuneration of Rs. 65,000 /-, and applicable taxes and out of pocket expenses, if any.

In accordance with the provisions of Section 148 of the Act read with the Companies (Audit and Auditors) Rules, 2014, the remuneration proposed to be paid to the Cost Auditor is required to be ratified by the shareholders of the Company. Accordingly, consent of the members is sought for passing an Ordinary Resolution as set out in the Notice for ratification of the remuneration payable to the Cost Auditors. None of the Directors/Key Managerial Personnel of the Company/their relatives are, in any way, concerned or interested, financially or otherwise, in this resolution. The Board has recommended the approval of said item by the members of the company by Ordinary Resolution.

Item No. 5

Appointment of Independent Director

Mr. Yudhisthir Lal Madan was appointed as Independent Director on the Board for a period of five years w.e.f. 1/08/2017. His term as director expired on 31/7/2022. Considering the report of his performance evaluation and recommendation of Nomination & Remuneration Committee and subject to the approval of members of the company in the general meeting by Special Resolution, the directors have reappointed him as an Independent Director for a second term of three years w.e.f. 1/8/2022.

Mr. Madan (DIN: 05123237) aged 72 years is a retired General Manager from Canara Bank with more than 38 years of rich and varied experience. He has expertise in Corporate Financing. He has very good understanding of external and domestic economic scenario, business environment and of factors affecting various business segments. He is good administrator and executor of plans of action to achieve results in appropriate time frame.

He is not holding any shares in the company and holds directorship and the membership of committees of the board of Ramkrishna Forgings Ltd., a listed entity. He is not related or concerned with the directors or promoters of the company and meets the criteria of Independent Director. He has also given his consent to act as Independent Director of the company.

In the opinion of the Board, Mr. Yudhisthir Lal Madan fulfils the conditions for appointment of Independent Director as specified in the Act and the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 ('the Listing Regulations, 2015') and is independent of the management. His experience and guidance will be of immense value for the company. The Board of Directors at its meeting held on 7th May, 2022, on the recommendation of the Nomination and Remuneration Committee and based on the performance evaluation, considers that given his background and experience and contributions made by him during his tenure, the association of Mr. Yudhisthir Lal Madan would be beneficial to the Company and it is desirable to re-appoint him as an Independent Director of the Company, not liable to retire by rotation, for a second term of three consecutive years w.e.f. 1/8/2022.

The provisions of section 149(10) of the Companies Act, 2013 require approval of members by Special Resolution for reappointment of an Independent Director.

The Board of Directors recommends the resolution at Item No. 5 of this Notice for your approval by Special Resolution.

None of the Directors, Key Managerial Personnel and relatives thereof except Mr. Yudhisthir Lal Madan and his relatives, has any concern or interest, financial or otherwise, in the resolution at Item No. 5 of this Notice.

ITEM NO. 6,7& 8

Pritika Industries Ltd., Pritika Engineering Components Ltd. and Meeta Castings Ltd. are 'related party' of the company within the meaning of Section 2(76) of the Companies Act, 2013 and Regulation 2(1)(zb) of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("Listing Regulations, 2015"), hence the contracts, agreements, arrangements and transactions between Pritika Auto Industries Ltd. with Pritika Industries Ltd., Pritika Engineering Components Ltd. and Meeta Castings Ltd. fall under the category of a related party transaction of the Company in terms of the provisions of Section 188 of the Companies Act, 2013, rules framed there under and Regulation 23 of the Listing Regulations, 2015.

In accordance with the Explanation to Regulation 23(1) of the Listing Regulations, 2015, a transaction with a related party is considered as material, if the transaction(s) to be entered into individually or taken together with previous transactions during a financial year, exceeds ten percent of the annual consolidated turnover of the company as per the last audited financial statements of the company. Chairman's Message to Shareholders

Dear All,

We all are aware about the turmoil that the COVID-19 pandemic brought over the last two years. The lockdowns to curb the pandemic impacted every aspect of our lives and every industry. After the second wave of the pandemic subsided, we have seen a strong recovery in the market, as demand regained momentum.

In the year ended 31st March 2022, our revenue grew 20.2% year-on-year to Rs. 271.2 cr, while EBITDA and PAT grew 26.3% and 145.5% to Rs. 30.0 cr and Rs. 14.4 cr, respectively. Despite the market upheavals, we improved our realizations as well as EBITDA. Sustaining through these turbulent times has been possible because of our long-standing customer relationships, diversified portfolio and our skilled and competent workforce, which make Pritika Auto resilient to industry cycles.

In the post-COVID scenario, a boost in the agriculture sector based on healthy monsoons, has triggered growth in the tractor market. Infact in August 2021, we registered our highest ever monthly dispatches at 3,450 tons and the highest monthly revenue at Rs. 30 cr. This reflects a strong order book backed by existing long-standing clients as well as new orders. The proposed merger of Automotive/Tractor/Engineering Components Business Undertaking of Pritika Industries Ltd. with us, for whom we are already suppliers, is also expected to boost our bottom line.

We continue to expand our client-base with new additions and aggressively aim for new orders. Based on the Company's growth trajectory and the anticipated demand in the future, we are planning to expand our production capacity by 1,500 tons per month through a new facility in Punjab. By 2023, we aim to have a total installed capacity of 68,000 tons per annum. As with our existing facilities, the new one would be fully equipped with state-of-the-art machinery capable of manufacturing our entire suite of products.

Complementing our domestic expansion, we are also continuing to explore new avenues to grow our export business. Our recent association with a US-based client gives us access and recognition in the international markets as well. We are proud that our customers trust us for quality products and on-time delivery, and we strive towards becoming the supplier of choice for more and more OEMs going forward.

With new production facilities in the works, we are well positioned to capitalize on new opportunities as they arise. I would like to thank the entire team of Pritika Auto for their hard work and dedication during these turbulent times, as well as all the stakeholders for their undeterred faith in our Company, which drives the Company forward.

Raminder Singh Nibber

2. INDUSTRIAL SCENARIO

The auto components industry in India has been growing steadily over the past several years. Barring intermittent slowdowns such as that in 2019, the industry grew at a CAGR of 3.28% during FY2016 to FY2020, reaching \$45.9 billion in FY21. The industry is forecast to reach \$200 billion by FY2026. Some of the factors driving investments in this sector include a large domestic market (rise in working population), a stable and supportive government framework and rising development in infrastructure. This sector alone accounts for around 2.3% of the country's GDP, driven by the automotive industry which is India's fourth largest industry.

The Indian automotive sector was just recovering from a slowdown due to financing difficulties in the supply chain, when the global markets were hit by the outbreak of the COVID-19 pandemic. The pandemic disrupted operations across the supply chain and hampered production and distribution of non-essential products. The industry turnover declined 3% year on year in FY21. However, post reopening of the lockdowns, the markets have recovered at a good pace, the industry is expected to touch \$200 billion by FY26.

Moreover, as per the Automobile Component Manufacturers Association (ACMA), exports in the auto components sector have grown at a CAGR of 7.6% during 2014-19, to USD 14.5 billion, and are further projected to reach \$80 billion by 2026. India exports auto components to several parts of the world, the major markets being developed countries such as the US, Germany and the UK. This augurs well for the overall industry.

The tractor industry, a part of the farm equipment market, has been growing significantly in India. Demand for tractors has risen in tandem with increasing mechanization in farming across India. As per industry estimates, the tractor market in India registers annual sales of 600,000 – 700,000 units on an average. Tractors find application not only in agriculture, but also in rural haulage, partially reducing the seasonal nature of demand.

The Indian agricultural tractors market is projected to witness a CAGR of 4.5% over 2021 – 2026. Tractor demand continues to be robust with good monsoons, supported by healthy reservoir levels and higher liquidity with farmers among others. Unit sales are expected to reach one million by mid of the next decade.

The Indian Automobile industry is expected to reach a turnover of approximately \$300 billion by 2026, growing at a CAGR of 15% from its current revenue of around \$74 billion. In November 2020, the Union Cabinet approved PLI scheme in automobile and auto components with an approved financial outlay over a five-year period of Rs. 57,042 crore (\$8.1 billion).

The Government has drafted the Automotive Mission Plan (AMP) 2016-26 which will help the automobile industry to grow and will benefit Indian economy in various ways:

- Contribution of auto industry in the country's GDP will rise to over 12%
- More than 65 million jobs will be created
- End of Life Policy would be implemented for old vehicles.

ECONOMIC OVERVIEW

Indian Auto-Components Industry

The auto components industry in India has been growing steadily over the past several years. Barring intermittent slowdowns such as that in 2019, the industry grew at a CAGR of 3.28% during FY2016 to FY2020, reaching \$45.9 billion in FY21. The industry is forecast to reach \$200 billion by FY2026. Some of the factors driving investments in this sector include a large domestic market (rise in working population), a stable and supportive government framework and rising development in infrastructure. This sector alone accounts for around 2.3% of the country's GDP, driven by the automotive industry which is India's fourth largest industry.

The Indian automotive sector was just recovering from a slowdown due to financing difficulties in the supply chain, when the global markets were hit by the outbreak of the COVID-19 pandemic. The pandemic disrupted operations across the supply chain and hampered production and distribution of non-essential products. The industry turnover declined 3% year on year in FY21. However, post reopening of the lockdowns, the markets have recovered at a good pace, the industry is expected to touch \$200 billion by FY26.

Moreover, as per the Automobile Component Manufacturers Association (ACMA), exports in the auto components sector have grown at a CAGR of 7.6% during 2014-19, to USD 14.5 billion, and are further projected to reach \$80 billion by 2026. India exports auto components to several parts of the world, the major markets being developed countries such as the US, Germany and the UK. This augurs well for the overall industry.

Indian Agriculture Industry – an overview

Agriculture is a key industry in India and plays a pivotal role in the nation's economy. The Gross Value Added (GVA) by agriculture, forestry and fishing was estimated to be Rs. 19.48 lakh crore (\$276.37 billion) in FY2020. Share of agriculture and allied sectors in GVA of India at current prices stood at 17.8% in FY20.

The Indian food industry is one of the largest, and is poised for huge growth, supported by domestic as well as export demand. In FY20, food grain production was reported at 296.65 million tons, up by 11.44 million tons over FY19. For FY22, the government has set a record target for farmers to raise food grain production by 2% with 307.31 million tones of food grains. In FY21, production was recorded at 303.34 million tones against a target of 301 million tones.

This growth is being driven by strong domestic demand (owing to rising population) as well as global exports. India is among the 15 leading exporters of agricultural products globally.

Consequently, investments into this sector have grown significantly. From 2017 to 2020, India received ~\$ 1 billion in agritech funding. By 2025, Indian agritech companies are likely to witness investments worth \$ 30-35 billion. For instance, Nestle recently announced plans to invest Rs. 700 crore to construct its ninth factory in Gujarat. In March 2020, F&E, the oldest large-scale fertilizer manufacturer in the country, crossed one million production and sales mark. Moreover, investments worth Rs. 8,500 crore (\$1.19 billion) have been announced in India for ethanol production.

The agriculture sector also receives significant support from the Government of India, some of the recent initiatives include:

- In October 2021, the Union Minister of Home Affairs and Cooperation launched the 'Dairy Sahakar' scheme in Anand, Gujarat
- In November 2020, the government inaugurated a mega food park in Punjab worth Rs. 107.83 crore (\$14.6 million) that will be spread across over 55 acres of land
- In October 2020, Agri-lender NABARD (National Bank for Agriculture and Rural Development) proposed plans to set up a subsidiary to provide guarantee for loans under agriculture and rural development
- The Government came out with Transport and Marketing Assistance (TMA) scheme to provide financial assistance for transport and marketing of agriculture products in order to boost agriculture exports
- Under Union Budget 2020-21, Rs 2.83 lakh crore (\$40.06 billion) was allocated for the Ministry of Agriculture. Ministry of Food Processing was allocated Rs 1,233 crore (\$176.42 million).
- The Government launched the Pradhan Mantri Krishi Sinchai Yojana (PMKSY) with an investment of Rs. 50,000 crore (\$7.7 billion) aimed at development of irrigation sources for providing a permanent solution from drought.

Indian Tractor Industry

The tractor industry, a part of the farm equipment market, has been growing significantly in India. Demand for tractors has risen in tandem with increasing mechanization in farming across India. As per industry estimates, the tractor market in India registers annual sales of 600,000 – 700,000 units on an average. Tractors find application not only in agriculture, but also in rural haulage, partially reducing the seasonal nature of demand.

The Indian agricultural tractors market is projected to witness a CAGR of 4.5% over 2021 – 2026. Tractor demand continues to be robust with good monsoons, supported by healthy reservoir levels and higher liquidity with farmers among others. Unit sales are expected to reach one million by mid of the next decade.

Various tractor OEMs are optimistic based on strong domestic demand as well as export growth. A

sustained focus by the government on the promotion of farmer welfare and rural development along with

mechanization in agriculture would support this growth trajectory. Moreover, the budget's emphasis on doubling farmers' income by 2022, loan waivers and finance availability, as well as rising use of tractors in construction and other fields, would bode well for the production and sale of tractors going forward.

Government Initiatives

The Indian Automobile industry is expected to reach a turnover of approximately \$300 billion by 2026, growing at a CAGR of 15% from its current revenue of around \$74 billion.

In November 2020, the Union Cabinet approved PLI scheme in automobile and auto components with an approved financial outlay over a five-year period of Rs. 57,042 crore (\$8.1 billion).

The Government has drafted the Automotive Mission Plan (AMP) 2016-26 which will help the automobile industry to grow and will benefit Indian economy in various ways:

- Contribution of auto industry in the country's GDP will rise to over 12%
- More than 65 million jobs will be created
- End of Life Policy would be implemented for old vehicles

About Pritika Auto Industries Ltd.

Pritika Auto Industries Ltd. is a flagship company of the Pritika Group of Industries which was set up in 1974 by Mr. Raminder S. Nibber, manufacturing small forgings. Over the last four decades and under Mr. Nibber's visionary leadership, the Company has established itself as a robust and reliable brand in its market, specializing in machined castings. A quality driven organization, Pritika produces world class components from modern facilities. Pritika has manufacturing facilities situated at Derabassi and Hoshiarpur (Punjab), and Tahliwal (Himachal Pradesh) with a total capacity exceeding 50,000 metric tons per annum (MTPA) in FY19.

Catering primarily to tractors and commercial vehicles, Pritika focuses on expanding and diversifying its product portfolio. The Company manufactures a wide range of products such as axle housings, wheel housings, hydraulic lift housings, end cover, plate differential carrier, brake housings, cylinder blocks, and crank cases, among others. Pritika is one of the biggest component suppliers in the tractor segment of the automobile industry in India and supplies to OEMs like M&M Swaraj, Swaraj Engines Ltd, TAFE, Escorts, SML Isuzu, TMTL, Ashok Leyland, New Holland Tractors India Ltd., Brakes India etc., as well as exports casted products outside India. The Company's vision is to provide products which meet customer's quality requirement constantly at competitive prices.

CONSOLIDATED FINANCIAL OVERVIEW

The consolidated performance of the Company for the financial year ended March 31, 2022, is as follows:

Total revenue from operations at Rs. 271.2 crore for the year ended March 31, 2022, as against Rs. 225.7 crore (net of GST) for the corresponding previous period, an increase of 20.2%, mainly on account of post-COVID recovery and pick-up in demand for tractors from Agri-sector.

The EBIDTA (earnings before interest, depreciation and tax, excluding other income) was Rs. 30.0crore for the year ended March 31, 2022, as against Rs. 23.8 crore for the corresponding previous period, an increase of 26.3%.

The PAT (profit after tax) was Rs. 14.4crore for the year ended March 31, 2022, as against Rs. 5.9 crore for the corresponding previous period, a rise of 145.5%.

EPS was at Rs.1.62, YoY growth of 145.5% (0.66 in FY21).

RESOURCES AND LIQUIDITY

As on March 31, 2022, the consolidated networth stood at Rs. 139.0 crore and the consolidated debt was at Rs. 84.7 crore.

The net debt to equity ratio of the Company stood at 0.33 as on March 31, 2022.

BUSINESS PERFORMANCE

Pritika registered a growth of 20.2% in revenue clocking a turnover of Rs. 271.2 cr in FY22. The Company produced 32,353 tons of machined casting during the year. About 92-93% of the revenue was contributed by the tractor components segment while the rest was from the commercial vehicle segment. With capacity in place, Pritika is focusing on higher production and better utilization for financial year 2022-23, based on a good order book. The Company is also adding high-value products and trying to improve operational efficiencies, while expanding export revenues.

The Company is dealing in single segment i.e. manufacturing of Auto Components/parts.

DEVELOPMENTS IN BUSINESSES DURING THE YEAR:

- The Company is undergoing a merger of 'Automotive/Tractor/Engineering Components Business Undertaking' of its group Company, Pritika Industries Ltd. with it. Pritika Auto Industries Ltd. is a supplier of casted products to Pritika Industries Ltd., and this merger would benefit the Company in the form of improved bottom line.
- In August 2021, Pritika reported its highest ever monthly dispatch at 3,450 tons, and highest consolidated monthly sales at Rs. 30 crores
- Pritika added a new prestigious customer to its clientele, a leading OEM of tractors in India

KEY FINANCIAL RATIOS:

There was no significant change i.e. 25% or more in Debtor Turnover Ratio, Inventory Turnover Ratio, Interest Coverage Ratio and Current Ratio. EBITDA margin and PAT Margins improved 53 bps and 271 bps, respectively, as compared to immediately previous year ended 31st March 2021.

Return on Equity has increased from 5.75% in FY2021 to 8.13% in FY2022 due to higher rate of growth in profit after tax.

RISKS AND CONCERNS

Like every business, the company faces risks, both internal and external, in the undertaking of its day-to-day operations and in pursuit of its longer-term objectives. A detailed policy drawn up and dedicated risk workshops are conducted for each business vertical and key support functions wherein risks are identified, assessed, analyzed and accepted / mitigated to an acceptable level within the risk appetite of the organization. The risks are also reviewed from time to time.

The Company faces the following Risks and Concerns:

Economy and Market Risk

The Company's growth is linked to that of the agricultural and automotive industry, which is cyclical in nature. The cyclical nature of the Indian commercial vehicle industry and tractor industry impacts the demand for related components. Since the automotive industry plays a major role in determining the economic growth, any slowdown in the overall economy would affect the commercial vehicle industry.

Credit Risk

To manage its credit exposure, Pritika has determined a credit policy with credit limit requests and approval procedures. Company does its own research of client's financial health and project prospects before bidding for a project. Timely and rigorous process is followed up with clients for payments as per schedule. The company has suitably streamlined the process to develop a focused and aggressive receivables management system to ensure timely collections.

Interest Rate Risk

The Company has judiciously managed the debt-equity ratio. It has been using a mix of loans and internal cash accruals. The Company has well managed the working capital to optimize the overall interest cost.

Contractual Risk

Pritika follows a meticulous process to evaluate the legal risks involved in a contract and ascertain its legal responsibilities under the applicable law of the contract. All the worst possible scenarios are considered and as a strategic priority with consultation from advisors, stringent terms are inserted to restrict liabilities to the maximum extent possible.

Competition Risk

Like in most other industries, growth opportunities lead to a rise in competition. We face different levels of competition, from domestic as well as multinational companies. Pritika has created strong differentiators in project execution, quality and delivery which make it resilient to competition. Furthermore, the Company continues to invest in technology and its people to maintain a competitive edge. A stable and long-standing client base comprising large and mid-sized companies further helps maintain a strong order book and insulate the Company from this risk. We also mitigate this risk with the quality of our infrastructure, our customer-centric approach and our ability to innovate customer specific solutions, focusing on pricing and aggressive marketing strategy, disciplined project executions, coupled with prudent financial and human resources management and better control over costs. Thus, we do not expect to be significantly affected by this risk.

Input Cost Risk

Our profitability and cost effectiveness may be affected due to change in the prices of raw materials, power and other input costs. Some of these risks that are potentially significant in nature and need careful monitoring are raw material prices, and availability of power, among others.

Liability Risk

This risk refers to our liability arising from any damage to cargo, equipment, life and third parties which may adversely affect our business. The Company attempts to mitigate this risk through contractual obligations and insurance policies.

OPPORTUNITIES

- **Increasing mechanization in agriculture:** With the agriculture sector witnessing significant technology enhancements, the demand for higher efficiency tractors and farm equipment is likely to increase in India as well as globally. Adoption of such equipment over traditional farming methodologies in rural parts of the country would benefit ancillary companies catering to this sector, such as Pritika.

- **Support from Government Policies:**

- Government's aim to double farmer's income by 2022 would boost demand for tractors.
- 100% FDI allowed under automatic route for auto component sector
- Establishment of special auto parks & virtual SEZs for auto components.
- Lower excise duty on specific parts of hybrid vehicles.
- Policies such as Automotive Mission Plan 2016-26, Faster Adoption & Manufacturing of Electric Hybrid Vehicles (FAME), NMEM 2020, likely to infuse growth in the auto component sector of the country.
- Allocation of increased financial support for the agriculture industry in the Union Budget

- **Investments:**

- Increasing FDI in the auto sector
- With the launch of 'Make in India' initiative, the government is expected to mobilize substantial investments in the auto component sector.
- The auto components sector is expected to witness higher investments for upgradation of products and keeping up with new industry regulations.

- **Export Advantage:** India is a leading auto exporter and has strong near-term export growth expectations. As per Automobile Component Manufacturers Association (ACMA) forecasts, automobile component exports from India are expected to increase to \$70 billion by 2026.

- The last year's Union Budget increased duties of customs on imports of Auto Parts, which is expected to boost domestic manufacturing.
- Reduction of corporate tax for companies was announced in previous Union Budget.

THREATS

- Competition from domestic and multinational players
- Regulatory changes impacting the automotive and agricultural sectors
- Unfavourable volatility in labour and raw material costs
- Attraction and retention of skilled human capital
- Risk from unforeseen impediments in execution
- Market-wide slowdown in the agriculture sector
- Potential lockdowns due to COVID-19, impacting operations and demand in various regions

INTERNAL CONTROL SYSTEMS AND ADEQUACY

For the purposes of effective internal financial control, Pritika has adopted various policies and procedures to ensure orderly and efficient conduct of its business, including adherence to company's policies, safeguarding of its assets, prevention and detection of frauds and errors, accuracy and completeness of the

accounting records, and timely preparation of reliable financial information.

There has not been any significant change in such control systems. The control systems are reviewed by the management regularly. The same are also reviewed by the Statutory Auditors and Internal Auditors from time to time. Additionally, the Company has adopted various policies and procedures to safeguard its interest. These policies and procedures are reviewed from time to time. A proper reporting mechanism has been implemented in the organization for reporting any deviation from the policies and procedures. Compliance audit is conducted from time to time by external agencies on various areas of operations.

HUMAN RESOURCES

Pritika has Human Relations and Industrial Relations policies in force. These are reviewed and updated regularly in line with the Company's strategic plans. The human relations team continually conducts training programs for talent development. The Company aims to develop the potential of every individual associated with it as a part of its business goal. Pritika leverages a mix of experienced as well as young talent to drive growth.

The company values its human resources as the principal drivers of change. The Company focuses on providing individual development and growth in a work culture that encourages team work and high performance.

As on March 31, 2022, the Company had a workforce of 1551 (permanent and contractual).

OUTLOOK

The tractors (and corresponding ancillary sub-sectors) industry has been recovering well from the slowdown induced by the COVID-19 pandemic. This is based on a good monsoon, leading to robust agri-sector growth, coupled with favorable government policies.

The automotive sector is also witnessing rapid recovery after the COVID-19 pandemic. Long-term outlook remains buoyant with several major global players having a base in India for engineering, manufacturing and global sourcing. New product launches by OEMs, driven by technological advancements and rising demand, is likely to bode well for overall industry growth. New emission norms and increase in the Electrical Vehicles (EV) market are also likely to boost new manufacturing, thereby spurring demand for components. India now supplies a range of high-value and critical automotive components to the global auto market.

Pritika is poised to capitalize on new opportunities as they arise in the domestic and international markets. The Company's access to the US market would reduce its dependency on the domestic market, and help improve performance. Pritika's long-standing relationships with its clients demonstrates the continued faith the OEMs have in the Company's expertise and capability to deliver.

The Company continues to strive to improve utilization of its existing capacity and based on anticipated demand, is planning to expand production capacity in the coming year. This would enable the Company to address a larger target market and increase market share. Moreover, the Company's merger with Pritika Industries Ltd. is expected to lead to better profitability, thereby benefiting the Company.

The Indian auto-components industry is expected to become the third largest in the world by 2025, and Pritika is well positioned to capitalize on the coming opportunities.

INDEPENDENT AUDITOR'S REPORT

To the Members of PRITIKA AUTO INDUSTRIES LIMITED

Report on Audit of the Standalone Financial Statements

Opinion

We have audited the accompanying standalone financial statements of **PRITIKA AUTO INDUSTRIES LIMITED** ("the Company"), which comprise the Balance Sheet as at 31st March 2022, Statement of Profit and Loss (including other comprehensive income), statement of changes in equity and Cash Flow Statement for the year then ended and notes to the financial statements including a summary of significant accounting policies and other explanatory information (hereinafter referred to as 'financial statements').

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March 2022, and its profit and other comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Our responsibilities under those SAs are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Management's and Board of Directors' Responsibilities for the standalone Financial Statements

The Company's management and Board of Directors are responsible for the matter stated in Section 134(5) of the Companies Act 2013 ("the Act") with respect to preparation of these standalone financial statements that give a true and fair view of the state of affairs, profit/loss and other comprehensive income, changes in equity and cash flows of the Company in accordance with the Accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014 (as amended). This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the company's financial reporting process.

Auditor's Responsibility for the Audit of the standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As Part of an audit in accordance with SA's, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to standalone financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management and Board of Directors.
- Conclude on the appropriateness of management's and Board of Directors use of the going concern basis of accounting in preparation of standalone financial statements and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements for the financial year ended March 31, 2022 and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be

communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order 2020 ("the Order") issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the **Annexure 1**, a statement on the matters specified in the paragraph 3 and 4 of the Order, to the extent applicable.

2. (A) As required by section 143(3) of the Act, we report that:

- a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit;
 - b. In our opinion proper books of account as required by law have been kept by the Company so far as appears from our examination of those books;
 - c. The Standalone Balance Sheet, Standalone Statement of Profit and Loss (including other comprehensive income) and the Standalone Statement of Changes in Equity and the Standalone statement of cash flows dealt with by this Report are in agreement with the books of account.
 - d. In our opinion, the aforesaid standalone financial statements comply with the Indian Accounting Standards (Ind AS) specified under section 133 of the Act.
 - e. On the basis of written representations received from the directors as on 31st March 2022, taken on record by the Board of Directors, none of the directors is disqualified as on 31st March 2022, from being appointed as a director in terms of section 164(2) of the Act.
 - f. With respect to the adequacy of the internal financial controls with reference to standalone financial statements of the Company and the operating effectiveness of such controls, refer to our separate report in "Annexure 2"; and
- (B) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

- a. The Company has disclosed the impact of pending litigations as at 31st March 2022 on its financial position in its standalone financial statements. Refer Note 41 to the standalone financial statements.
- b. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
- c. There are no items which required to be transferred, to the Investor Education and Protection Fund by the Company.
- d.
 - (i) The Management has represented that, to the best of its knowledge and belief, other than as disclosed in notes to the accounts, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other persons or entities, including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever ("Ultimate Beneficiaries") by or on behalf of the Company or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
 - ii. The Management has represented that, to the best of its knowledge and belief, other than as disclosed in notes to the accounts, no funds have been received by the Company from any persons or entities, including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever ("Ultimate Beneficiaries") by or on behalf of the Funding Parties or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

iii. Based on the audits procedures performed that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e) contain any material mis-statement.

e. The company has not declared or paid any dividend during the year.

(c) With respect to the matter to be included in the Auditors' Report under section 197(16) of the Act:

In our opinion and according to the information and explanations given to us, the remuneration paid by the Company to its directors during the current year is in accordance with the provisions of section 197 of the Act. The remuneration paid to any director is not in excess of the limits laid down under section 197 of the Act. The Ministry of Corporate Affairs has not prescribed other details under section 197(16) of the Act which are required to be commented upon by us.

Annexure – 1 TO INDEPENDENT AUDITORS' REPORT

(Annexure referred to in our report of even date to the members of Pritika Auto Industries Limited on the Standalone Financial Statements for the year ended 31st March 2022).

Based on the audit procedures performed for the purpose of reporting a true and fair view on the standalone financial statements of the Company and taking into consideration the information and explanations given to us and the books of account and other records examined by us in the normal course of audit, we report that:

(i)(a) (A) The Company has maintained proper records showing full particulars, including quantitative details and situation of property, plant and equipment.

(B) The Company has maintained proper records showing full particulars of intangible assets.

(b) According to the information and explanations given to us and on the basis of our examination of the records of the company, the Company has a regular programme of physical verification of its property, plant and equipment by which all property, plant and equipment are verified in a phased manner over a period of three years. In accordance with this programme, certain property, plant and equipment were verified during the year. In our opinion, this periodicity of physical verification is reasonable having regard to the size of the Company and the nature of its assets. No material discrepancies were noticed on such verification.

(c) According to the information and explanations given to us and on the basis of our examination of the records of the company, title deeds of all the Immovable properties disclosed in the financial statements are held in the name of the company.

(d) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not revalued its property, plant and equipment during the year. Accordingly, clause 3(i)(d) of the Order is not applicable.

(e) According to the information and explanations given to us and on the basis of our examination of the records of the Company, there are no proceedings initiated or pending against the Company for holding any benami property under the Prohibition of Benami Property Transactions Act, 1988 and rules made thereunder.

(ii) (a) The management, banks and stock auditors had physically verified the inventories at reasonable intervals during the year. In our opinion and according to information and explanations given to us, the frequency/ procedure and coverage of physical verification were appropriate. No discrepancies of 10% or more in the aggregate for each class of inventory were noticed during verification.

(b) The company has been sanctioned working capital limits in excess of five crore rupees, in aggregate, from banks or financial institutions on the basis of the security of current assets. The quarterly returns or statements filed by the company with such banks or financial institutions are in agreement with the books of account of the company.

(iii) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has made investments in the subsidiary company and other companies or provided corporate guarantee or guarantee on behalf of subsidiary or group company to banks during the year. The Company has granted loans and advances in the nature of loans during the year. The Company has not provided guarantees during the year to firms or limited liability partnerships. Details of which are given below

a. The Company has made investments in the subsidiary company and other companies or provided corporate guarantee or guarantee of amounting to Rs. 68.16 crore on behalf of subsidiary or group company to banks and electricity board. The Company has granted loans and advances in the nature of loans during the year of Rs. 7.30 crore.

Report on the Internal Financial Controls with reference to the aforesaid standalone financial statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

Opinion

We have audited the internal financial controls with reference to standalone financial statements of **PRITIKA AUTO INDUSTRIES LIMITED** ("the Company") as of 31st March 2022 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

In our opinion, the Company has, in all material respects, adequate internal financial controls with reference to standalone financial statements and such internal financial controls were operating effectively as at 31 March 2022, based on the internal financial controls with reference to standalone financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the "Guidance Note").

Management's and Board of Directors' Responsibility for Internal Financial Controls

The Company's management and Board of Directors are responsible for establishing and maintaining internal financial controls based on the criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to standalone financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls with reference to standalone financial statements, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to standalone financial statements and their operating effectiveness. Our audit of internal financial controls with reference to standalone financial statements included obtaining an understanding of such internal financial controls, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to standalone financial statements.

Meaning of Internal Financial Controls with reference to standalone financial statements

A company's internal financial control with reference to standalone financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of standalone financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to standalone financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of standalone financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the standalone financial statements.

Inherent Limitations of Internal Financial Controls with reference to standalone financial statements

Because of the inherent limitations of internal financial controls with reference to standalone financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control with reference to standalone financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Note No. 2 : SIGNIFICANT ACCOUNTING POLICIES

2.1 Basis of Preparation of Financial Statements

These Standalone financial statements of the Company have been prepared in accordance with the Indian Accounting Standards (hereinafter referred to as the 'Ind AS') specified under Section 133 of the Companies Act, 2013 ('Act') the Companies (Indian Accounting Standards) Rules, 2015 and other relevant provisions of the Act. The Financial statements have been prepared on a historical cost basis , except certain financial assets and liabilities which are recognised at fair value at the end of the reporting period and on an accrual basis as a going concern . The Financial statements are presented in Indian Rupees (INR) , which is the functional currency of the Company and the currency of the primary economic environment in which the Company operates . The figures of the Financial Statements has been rounded off to the nearest lakhs.

All assets and liabilities have been classified as current or non current as per the Company's normal operating cycle and other criteria set out in the schedule III to the Companies Act , 2013 . Based on the nature of products and the time between the acquisition of assets for processing and their realisation in cash and cash equivalents , the Company has determined its operating cycle atleast as twelve months for the purpose of current-non current classification of assets and liabilities. Deferred tax assets and liabilities are classified as non - current assets and liabilities. The Operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents . The Company has identified at least twelve months as its operating cycle .

2.2 Use of Estimates

The preparation of the financial statements in conformity with the generally accepted accounting principles in India requires management to make estimates and assumptions that affect the reported amount of assets and liabilities as of the Balance Sheet date , reported amount of revenue and expenses for the period and disclosure of contingent liabilities and contingent assets as of the date of Balance Sheet . The estimates and assumptions used in these Financial Statements . The actual amounts may differ from the estimates used in the preparation of the Financial Statements and the difference between actual results and the estimates are recognised in the period in which the results are known/ materialise.

2.3 Fair Value Measurement

The Company measures financial instruments at fair value at each balance sheet date. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability take place either in the principal market for the asset or liability, or in the absence of a principal market, in the most advantageous market for the asset or liability .

The principal or the most advantageous market must be accessible by the Company. The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

Non-derivative financial instruments

1. Financial assets at amortised cost

Financial assets are subsequently measured at amortised cost if these financial assets are held within a business model whose objective is to hold these assets in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

2. Financial assets at fair value through other comprehensive income (FVTOCI)

Financial assets are measured at fair value through other comprehensive income if these financial assets are held within a business model whose objective is achieved by both collecting contractual cash flows that give rise on specified dates to solely payments of principal and interest on the principal amount outstanding and by selling financial assets. The Company has made an irrevocable election to present subsequent changes in the fair value of equity investments not held for trading in Other Comprehensive Income. Financial instruments (unquoted instruments) subsequent measurement are done through fair value through other comprehensive income (FVTOCI)

3. Financial assets at fair value through profit or loss (FVTPL)

Financial assets are measured at fair value through profit or loss unless it is measured at amortised cost or at fair value through other comprehensive income on initial recognition. The transaction costs directly attributable to the acquisition of financial assets and liabilities at fair value through profit or loss are immediately recognised in profit or loss.

4. Financial liabilities

Financial liabilities are measured at amortised cost using the effective interest method.

2.4 Property, Plant and Equipment (PPE)

Freehold Land is carried at historical cost. All other items of Property, Plant and Equipment are recorded at cost less accumulated depreciation. The cost of acquisition of property, plant and equipment is net of duty or tax credit availed and includes purchase cost or its construction cost, inward freight and other expenses incidental to acquisition or installation and any cost directly attributable to bring the asset into the location and condition necessary for it to be capable of operating in the manner intended for its use. Cost of spares relating to specific item of an asset is capitalized. For major projects, interest and other costs incurred on / related to borrowings attributable to such projects / fixed assets during construction period and related pre-operative expenses are capitalized as part of the cost of respective assets. Cost of assets not ready to use before such date are disclosed under "Capital Work-in-Progress".

The residual values, useful life and methods of depreciation of Property, Plant and Equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

Depreciation is provided using the Straight Line Method as per the useful lives of the assets at the rates prescribed under Schedule II of the Companies Act, 2013

Asset Useful live

Buildings including factory buildings	30 years
General Plant and Machinery	15 years
Furniture and Fixtures	10 years
Office Equipment	5 years
Vehicles	8 years
Computers / servers and Network	3-6 Years

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on disposal or retirement of an item of property, plant and equipment is determined as the difference between sales proceeds and the carrying amount of the asset and is recognised in profit or loss. Fully depreciated assets still in use are retained in financial statements.

2.5 Intangible assets

Intangible assets are measured on initial recognition at cost and subsequently are carried at cost less accumulated amortisation and accumulated impairment losses, if any. An intangible asset is derecognised on disposal, or when no future economic benefits are expected from use or disposal. Gains or losses on derecognition are determined by comparing proceeds with carrying amount. These are included in profit or loss. The Company amortises intangible assets with a finite useful life using the straight-line method over the following range of useful lives:

Asset Useful life

Computer software	3-6 years
-------------------	-----------

The estimated useful life is reviewed annually by the management.

2.6 Capital work-in-progress and intangible assets under development

Capital work-in-progress/intangible assets under development are carried at cost, comprising direct cost, related incidental expenses and attributable borrowing cost.

2.7 Impairment

All assets other than Inventories and Investments are reviewed for impairment, wherever events or changes in circumstances indicate that the carrying amount of those assets may not be fully recoverable, in such cases the carrying amount of such assets is reduced to its estimated recoverable amount and the amount of such impairment loss is charged to the Statement of Profit and Loss.

2.8 Cash and cash equivalents

The Company considers all highly liquid financial instruments, which are readily convertible into known amounts of cash that are subject to an insignificant risk of change in value and having original maturities of three months or less from the date of purchase, to be cash equivalents.

Cash and cash equivalents consist of balances with banks which are unrestricted for withdrawal and usage.

Cash flow statement

'Cash flows are reported using the indirect method, whereby net profit/ (loss) before tax is adjusted for the effects of transactions of a non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of the company are segregated.

2.9 Investments

All Investments are carried at fair value. Investments, which at the inception, have been designated to be held for a long term capital appreciation, the changes in the fair value are considered through Other Comprehensive Income. All other investments are valued at fair value and the gains or losses being recognised in Statement of Profit and Loss.

2.10 Inventories

Inventories are valued at lower of cost (First in First out) and net realisable value after providing for obsolescence and other losses, where considered necessary. Cost includes all charges in bringing the goods to their present location and condition, including all taxes and other levies, transit insurance and receiving charges. Work-in-progress and finished goods include appropriate proportion of overheads and net off recoverable taxes incurred in bringing them to their respective present location and condition. Net realisable value is the estimated selling price in the ordinary course of business, less the estimated costs of completion and the estimated costs necessary to make the sale.

2.11 Revenue recognition

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured, regardless of when the payment is being made. Revenue is measured at the fair value of the consideration received or receivable, taking into account contractually defined terms of payment, net of taxes or duties collected on behalf of the government.

However, sales tax/ value added tax (VAT)/Goods and Service tax (GST) is not received by the company on its own account. Rather, it is tax collected on value added to the commodity/services by the seller on behalf of the government. Accordingly, it is excluded from revenue.

The specific recognition criteria described below must also be met before revenue is recognised.

Sale of goods

Revenue from the sale of goods is recognised when the goods are delivered and titles have passed, at which time all the following conditions are satisfied:

- the Company has transferred to the buyer the significant risks and rewards of ownership of the goods;
- the Company retains neither continuing managerial involvement to the degree usually associated with ownership nor effective control over the goods sold
- the amount of revenue can be measured reliably;
- it is probable that the economic benefits associated with the transaction will flow to the Company; and the costs incurred or to be incurred in respect of the transaction can be measured reliably.

Interest Income

Interest income from financial assets is recognized when it is probable that economic benefits will flow to the Company and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial assets to that asset's net carrying amount on initial recognition.

Dividend

Dividend income from investments is recognised when the shareholder's right to receive payment has been established (provided that it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably).

Insurance claims

Insurance claims are accounted for on the basis of claims admitted / expected to be admitted and to the extent that there is no uncertainty in receiving the claims.

Export benefits, incentives and licenses: Export incentives are recognised as income when the right to receive credit as per the terms of the scheme is established in respect of the exports made and where there is no significant uncertainty regarding the ultimate collection of the relevant export proceeds.

2.12 Operating leases including investment properties

The Company assesses at contract inception whether a contract is, or contains, a lease. That is, if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

As a lessee

a) Right-of-use assets

The Company recognises right-of-use assets at the commencement date of the lease (i.e. the date the underlying asset is available for use). Right-of-use assets are measured at cost, less any accumulated depreciation and impairment losses, and adjusted for any remeasurement of lease liabilities. The cost of right-of-use assets includes the amount of lease liabilities recognised, initial direct costs incurred, and lease payments made at or before the commencement date less any lease incentives received. Right-of-use assets are depreciated on a straight-line basis over the shorter of the lease term and the estimated useful lives of the assets.

If ownership of the leased asset transfers to the Company at the end of the lease term or the cost reflects the exercise of a purchase option, depreciation is calculated using the estimated useful life of the asset.

b) Lease liabilities

At the commencement date of the lease, the Company recognises lease liabilities measured at the present value of lease payments to be made over the lease term. The lease payments primarily comprise of fixed payments.

In calculating the present value of lease payments, the Group uses its incremental borrowing rate at the lease commencement date because the interest rate implicit in the lease is not readily determinable. After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made.

c) Short-term leases and leases of low value assets

The Company applies the short-term lease recognition exemption to its short-term leases of office spaces and certain equipment (i.e. those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option). It also applies the lease of low-value assets recognition exemption to leases of office equipment that are considered to be low value. Lease payments on short-term leases and leases of low-value assets are recognised as expense on a straight-line basis over the lease term.

As a lessor

Leases in which the Company does not transfer substantially all the risks and rewards incidental to ownership of an asset are classified as operating leases. Rental income arising is accounted for on a straight-line basis over the lease terms. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset and recognised over the lease term on the same basis as rental income.

2.13 Employee benefit expenses

Employee benefits consist of contribution to provident fund, superannuation fund, gratuity fund and compensated absences.

(i) Post-employment benefit plans

Defined Contribution plans

Payments to defined contribution retirement benefit scheme for eligible employees in the form of superannuation fund are charged as an expense as they fall due. Such benefits are classified as Defined Contribution Schemes as the Company does not carry any further obligations, apart from the contributions made.

The Company also makes contribution towards provident fund, in substance a defined contribution retirement benefit plan for qualifying employees. The provident fund is deposited with the Provident Fund Commissioner which is recognized by the Income Tax authorities.

Defined benefit plans

The Company operates various defined benefit plans- gratuity fund and Compensated absence.

The liability or asset recognised in the balance sheet in respect of its defined benefit plans is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets. The defined benefit obligation is calculated annually by actuaries using the projected unit credit method.

The present value of the said obligation is determined by discounting the estimated future cash outflows, using market yields of government bonds that have tenure approximating the tenures of the related liability.

The interest income / (expense) are calculated by applying the discount rate to the net defined benefit liability or asset. The net interest income/ (expense) on the net defined benefit liability or as set is recognised in the Statement of Profit and loss.

Re-measurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the period in which they occur, directly in other comprehensive income. They are included in retained earnings in the Statement of Changes in Equity and in the Balance Sheet. Changes in the present value of the defined benefit obligation resulting from plan amendments or curtailments are recognised immediately in profit or loss as past service cost.

Short term employee benefit

Compensated absences which accrue to employees and which can be carried to future periods but are expected to be encashed or availed in twelve months immediately following the year end are reported as expenses during the year in which the employees perform the services that the benefit covers and the liabilities are reported at the undiscounted amount of the benefits after deducting amounts already paid. Where there are restrictions on availment of encashment of such accrued benefit or where the availment or encashment is otherwise not expected to wholly occur in the next twelve months, the liability on account of the benefit is actuarially determined using the projected unit credit method.

2.14 Borrowing cost

Borrowing costs are interest and ancillary costs incurred in connection with the arrangement of borrowings. General and specific borrowing costs attributable to acquisition and construction of any qualifying asset (one that takes a substantial period of time to get ready for its designated use or sale) are capitalised until such time as the assets are substantially ready for their intended use or sale, and included as part of the cost of that asset. Investment income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation. All the other borrowing costs are recognised in the Statement of Profit and Loss within Finance costs of the period in which they are incurred.

2.15 Income tax

Income tax expense comprises current tax expense and the net change in the deferred tax asset or liability during the year. Current and deferred taxes are recognised in Statement of Profit and Loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity, respectively.

Current tax

Current tax is measured at the amount of tax expected to be payable on the taxable income for the year as determined in accordance with the provisions of the Income Tax Act, 1961.

Current tax assets and current tax liabilities are off set when there is a legally enforceable right to set off the recognized amounts and there is an intention to settle the asset and the liability on a net basis.

Deferred tax

Deferred income tax is recognised using the Balance Sheet approach. Deferred income tax assets and liabilities are recognised for deductible and taxable temporary differences arising between the tax base of assets and liabilities and their carrying amount, except when the deferred income tax arises from the initial recognition of an asset or liability in a transaction that is not a business combination and affects neither accounting nor taxable profit or loss at the time of the transaction.

Deferred tax assets are recognised only to the extent that it is probable that either future taxable profits or reversal of deferred tax liabilities will be available, against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilised.

The carrying amount of a deferred tax asset shall be reviewed at the end of each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred income tax asset to be utilised.

Deferred tax assets and liabilities are measured using the tax rates and tax laws that have been enacted or substantively enacted by the end of the reporting period and are expected to apply when the related deferred tax asset is realised or the deferred tax liability is settled.

Deferred tax assets and liabilities are off set when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority.

2.16 Accounting of provisions, contingent liabilities and contingent assets

Provisions are recognized, when there is a present legal or constructive obligation as a result of past events, where it is probable that there will be outflow of resources to settle the obligation and when a reliable estimate of the amount of the obligation can be made. Where a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows. Where the effect is material, the provision is discounted to net present value using an appropriate current market-based pre-tax discount rate and the unwinding of the discount is included in finance costs.

Contingent liabilities are recognised only when there is a possible obligation arising from past events, due to occurrence or non-occurrence of one or more uncertain future events, not wholly within the control of the Company, or where any present obligation cannot be measured in terms of future outflow of resources, or where a reliable estimate of the obligation cannot be made. Obligations are assessed on an ongoing basis and only those having a largely probable outflow of resources are provided for. Contingent assets are not disclosed in the financial statements unless an inflow of economic benefits is probable.

2.17 Earnings per share (EPS)

Basic EPS is computed by dividing the profit or loss attributable to the equity shareholders of the Company by the weighted average number of Ordinary shares outstanding during the year. Diluted EPS is computed by adjusting the profit or loss attributable to the ordinary equity shareholders and the weighted average number of ordinary equity shares, for the effects of all dilutive potential Ordinary shares.

2.18 Ind AS 115 Revenue from Contracts with Customers

Ind AS 115 was issued on 28 March 2018 and supersedes Ind AS 11 Construction Contracts and Ind AS 18 Revenue and it applies, with limited exceptions, to all revenue arising from contracts with its customers. Ind AS 115 establishes a five-step model to account for revenue arising from contracts with customers and requires that revenue be recognised at an amount that reflects the consideration to which an entity expects to be entitled in exchange for transferring goods or services to a customer.

Ind AS 115 requires entities to exercise judgement, taking into consideration all of the relevant facts and circumstances when applying each step of the model to contracts with their customers.

The Company adopted Ind AS 115 using the modified retrospective method of adoption. The change did not have a material impact on the financial statements of the Company.

2.19 Government Grants

Government grants are recognised where there is reasonable assurance that the grant will be received and all attached conditions will be complied with. When the grant relates to an expense item, it is recognised as income on a systematic basis over the periods that the related costs, for which it is intended to compensate, are expensed. When the grant relates to an asset, it is recognised as income in equal amounts over the expected useful life of the related asset.

2.20 Foreign currencies and operations

i. Functional and presentation currency

Items included in the financial statements of the Company are measured using the currency of the primary economic environment in which the Company operates ('the functional currency'). The financial statements are presented in Indian rupee (INR), which is the Company's functional and presentation currency. All amounts have been rounded off to the nearest lacs, unless otherwise stated.

ii. Foreign currency transactions and balances

Foreign currency transactions are recorded in the functional currency (Indian Rupee) by applying to the foreign currency amount the exchange rate between the functional currency and the foreign currency on the date of the transaction (spot exchange rate).

All monetary items denominated in foreign currency are converted into Indian Rupees at the year-end exchange rate. The exchange differences arising on such conversion and on settlement of the transactions are recognised in the statement of profit and loss.

Non-monetary items in terms of historical cost denominated in a foreign currency are reported using the exchange rate prevailing on the date of the transaction.

36 Disclosure pursuant to IND AS 19 on Employee benefit

The Company has a defined gratuity plan covering eligible employees. The following table summarizes the components of net benefit expenses recognized in the Statement of Profit and Loss and the funded status and amount recognized in the Balance sheet.

Actuarial Valuation Method

The valuation has been carried out using the Project Unit Credit Method as per Ind AS 19 to determine the Present Value of Defined Benefit Obligations and the related Current Service Cost and, where applicable, Past Service Cost. It should be noted that valuations do not affect the ultimate cost of the plan, only the timing of when the benefit costs are recognised.

There are no assets and liabilities which have been carried at fair value through the profit and loss account.

There are no assets and liabilities which have been carried at fair value through the other comprehensive income except investment in shares and mutual fund.

The management assessed that cash and cash equivalents, trade receivables, trade payables, and other current liabilities approximate their carrying amounts largely due to the short-term maturities of these instruments.

38 Capital Management

The company manages its capital to ensure that entities in the Company will be able to continue as a going concern while maximising the return to stakeholders through the optimisation of the capital deployment.

The company determines the amount of capital required on the basis of annual operating plans and long-term product and other strategic investment plans. The funding requirement are met through equity and long-term/ short-term borrowings.

The company monitors the capital structure on the basis of total debt to equity ratio and maturity of the overall debt portfolio of the Company.

In order to achieve this overall objective, the Company's capital management, amongst other things, aims to ensure that it meets financial covenants attached to the interest-bearing loans and borrowings that define capital structure requirements. No changes were made in the objectives, policies or processes for managing capital during the period ended March 31, 2022.

40 The Covid-19 pandemic has impacted the businesses around the world, including India. There has been severe disruption to the regular operations of the Company due to Government imposed emergency restrictions and lockdown. The company has assessed the impact on liquidity position and carrying amounts of inventories, trade receivables, investments, property, plant and equipment and other financial assets. Our assessment based on estimates and judgements, available from internal and external sources of information including economic forecasts does not indicate any material impact on the carrying value of assets and liabilities as on the reporting date. The Company will continue to monitor the future economic conditions and assess its impact on the financial statements. The eventual outcome of the impact of the global health pandemic may be different from those estimated as on date of the approval of the Standalone financial statements.

INDEPENDENT AUDITOR'S REPORT

To the Members of PRITIKAAUTO INDUSTRIES LIMITED

Report on Audit of the Consolidated Financial Statements

Opinion

We have audited the consolidated financial statements of **PRITIKA AUTO INDUSTRIES LIMITED** (hereinafter referred to as “the Holding Company”) and its subsidiary (Holding Company and its Subsidiary together referred to as “the Group”), which comprise the Consolidated Balance Sheet as at 31st March 2022, the Consolidated Statement of Profit and Loss (including other comprehensive income), Consolidated statement of changes in equity, Consolidated statement of Cash Flow for the year then ended and notes to the consolidated financial statements including a summary of significant accounting policies and other explanatory information (hereinafter referred to as ‘the consolidated financial statements’).

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 (“the Act”) in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the consolidated state of affairs of the Group as at 31st March 2022, of its consolidated profit and other comprehensive income, consolidated changes in equity and consolidated cash flows for the year ended.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Our responsibilities under those SAs are further described in the *Auditor's Responsibilities for the Audit of the Consolidated Financial Statements* section of our report. We are independent of the Group in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the consolidated financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Management's and Board of Directors' Responsibilities for the Consolidated Financial Statements

The Holding Company's management and Board of Directors are responsible for the matter stated in Section 134(5) of the Companies Act 2013 ("the Act") with respect to preparation of these consolidated financial statements that give a true and fair view of the consolidated state of affairs, consolidated profit/loss and other comprehensive income, consolidated changes in equity and consolidated cash flows of the Group in accordance with the Accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014 (as amended). The respective management and Board of Directors of the Companies included in the Group are responsible for the maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the management and Board of Directors of the Holding Company, as aforesaid

In preparing the consolidated financial statements, the respective management and Board of Directors of the companies included in the Group are responsible for assessing the ability of each Company to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the Companies included in the Group are responsible for overseeing the financial reporting process of each Company.

Auditor's Responsibility for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As Part of an audit in accordance with SA's, we exercise professional judgment and maintain professional skepticism throughout the audit. We also :

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to consolidated financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management and Board of Directors.
- Conclude on the appropriateness of management's and Board of Directors use of the going concern basis of accounting in preparation of consolidated financial statements and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the appropriateness of this assumption. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance of the Holding Company and such other entities included in the consolidated financial statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the financial year ended March 31, 2022 and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory

1. As required by the Companies (Auditor's Report) Order 2020 ("the Order") issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, a statement on the matters specified in the paragraph 3 and 4 of the Order, to the extent applicable.

- ii. The Management has represented that, to the best of its knowledge and belief, other than as disclosed in notes to the accounts, no funds have been received by the Company from any persons or entities, including foreign entities (“Funding Parties”), with the understanding, whether recorded in writing or otherwise, that the Company shall directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever (“Ultimate Beneficiaries”) by or on behalf of the Funding Parties or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
- iii. Based on the audits procedures performed that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e) contain any material mis-statement.
- e. The Company has not declared or paid any dividend during the year.

© With respect to the matter to be included in the Auditors' Report under section 197(16) of the Act:

In our opinion and according to the information and explanations given to us, the remuneration paid by the Holding Company and its subsidiary company to its directors during the current year is in accordance with the provisions of section 197 of the Act. The remuneration paid to any director is not in excess of the limits laid down under section 197 of the Act. The Ministry of Corporate Affairs has not prescribed other details under section 197(16) of the Act which are required to be commented upon by us.

Report on the Internal Financial Controls with reference to the aforesaid consolidated financial statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

Opinion

In conjunction with our audit of the consolidated financial statements of Pritika Auto Industries Limited ("the Holding Company") as of and for the year ended 31 March 2022, we have audited the internal financial controls with reference to the consolidated financial statements of the Holding Company and such companies incorporated in India under the Companies Act, 2013 which are its subsidiary companies, as of that date.

In our opinion, the Holding Company and subsidiary company has, in all material respects, adequate internal financial controls with reference to consolidated financial statements and such internal financial controls were operating effectively as at 31 March 2022, based on the internal financial controls with reference to consolidated financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the "Guidance Note").

Management's and Board of Directors' Responsibility for Internal Financial Controls

The respective Company's management and Board of Directors are responsible for establishing and maintaining internal financial controls based on the criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to consolidated financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls with reference to consolidated financial statements, both applicable to an audit of Internal

Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to consolidated financial statements and their operating effectiveness. Our audit of internal financial controls with reference to consolidated financial statements included obtaining an understanding of such internal financial controls, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to consolidated financial statements.

Meaning of Internal Financial Controls with reference to consolidated financial statements

A company's internal financial control with reference to consolidated financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of consolidated financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to consolidated financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of consolidated financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the consolidated financial statements.

Inherent Limitations of Internal Financial Controls with reference to consolidated financial statements

Because of the inherent limitations of internal financial controls with reference to consolidated financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also,

projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control with reference to consolidated financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2022**Note No. 1: Notes To The Financial Statement****1 GENERAL INFORMATION**

Pritika Auto Industries Limited (" the Company ") is a public company domiciled in India and is incorporated under the provisions of the Companies Act applicable in India. The registered office of the Company is in Punjab, India. The shares of the Company are listed on two recognised stock exchanges in India i.e Bombay Stock Exchange (BSE) and National Stock Exchange (NSE) . The Company was incorporated on 11.04.1980 and is engaged in the manufacturing of tractor and automobile components . The Consolidated financial statements were approved by the board of directors on May 7 ,2022.

Note No. 2 SIGNIFICANT ACCOUNTING POLICIES**2.1 Basis of Preparation of Financial Statements**

These Consolidated financial statements have been prepared in accordance with the Indian Accounting Standards (hereinafter referred to as the 'Ind AS') specified under Section 133 of the Companies Act, 2013 ('Act') the Companies (Indian Accounting Standards) Rules, 2015 and other relevant provisions of the Act . The Financial Statements have been prepared on historical basis , except certain financial assets and liabilities which are recognised at fair value at the end of the reporting period and on an accrual basis as a going concern The financial statements are presented in Indian Rupees (INR) , which is the functional currency of the Company and the Currency of th primary economic environment in which the Company operates.

All assets and liabilities have been classified as current or non current as per the Company's normal operating cycle and other criteria set out in the schedule III to the Companies Act , 2013 . Based on the nature of products and the time between the acquisition of assets for processing and their realisation in cash and cash equivalents , the Company has determined its operating cycle as twelve months for the purpose of current-non current classification of assets and liabilities. Deferred tax assets and liabilities are classified as non - current assets and liabilities. The Operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents . The Company has identified twelve months as its operating cycle .

The subsidiary companies considered in these consolidated financial statements are as follows:

Name of the Company	Proportion of Ownership
Pritika Engineering Components Private Limited	Wholly owned Subsidiary

2.2 Principles of consolidation:

The acquisition method of accounting is used to account for business combinations by the group. The group combines the financial statements of the parent and its subsidiaries line-by-line basis by adding together like items of assets, liabilities, income and expenses, after fully eliminating intra-group balances, intra-group transactions and any unrealized profits/ losses unless the transaction provides evidence of an impairment of the transferred asset.

2.3 Use of Estimates

The preparation of the financial statements in conformity with the generally accepted accounting principles in India requires management to make estimates and assumptions that affect the reported amount of assets and liabilities as of the Balance Sheet date , reported amount of revenue and expenses for the year and disclosure of contingent liabilities and contingent assets as of the date of Balance Sheet . The estimates and assumptions used in these Financial Statements . The actual amounts may differ from the estimates used in the preparation of the Financial Statements and the difference between actual results and the estimates are recognised in the period in which the results are known/ materialise.

2.4 Fair Value Measurement

The Company measures financial instruments at fair value at each balance sheet date. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability take place either in the principal market for the asset or liability, or in the absence of a principal market, in the most advantageous market for the asset or liability.

The principal or the most advantageous market must be accessible by the Company. The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

Non-derivative financial instruments

1. Financial assets at amortised cost

Financial assets are subsequently measured at amortised cost if these financial assets are held within a business model whose objective is to hold these assets in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

2. Financial assets at fair value through other comprehensive income (FVTOCI)

Financial assets are measured at fair value through other comprehensive income if these financial assets are held within a business model whose objective is achieved by both collecting contractual cash flows that give rise on specified dates to solely payments of principal and interest on the principal amount outstanding and by selling financial assets. The Company has made an irrevocable election to present subsequent changes in the fair value of equity investments not held for trading in Other Comprehensive Income. Financial instruments (unquoted instruments) subsequent measurement are done through fair value through other comprehensive income (FVTOCI).

3. Financial assets at fair value through profit or loss (FVTPL)

Financial assets are measured at fair value through profit or loss unless it is measured at amortised cost or at fair value through other comprehensive income on initial recognition. The transaction costs directly attributable to the acquisition of financial assets and liabilities at fair value through profit or loss are immediately recognised in profit or loss. Financial liabilities are measured at amortised cost using the effective interest method.

2.5 Property, Plant and Equipment (PPE)

Freehold Land is carried at historical cost. All other items of Property, Plant and Equipment are recorded at cost less accumulated depreciation. The cost of acquisition of property, plant and equipment is net of duty or tax credit availed and includes purchase cost or its construction cost, inward freight and other expenses incidental to acquisition or installation and any cost directly attributable to bring the asset into the location and condition necessary for it to be capable of operating in the manner intended for its use. Cost of spares relating to specific item of an asset is capitalized. For major projects, interest and other costs incurred on / related to borrowings attributable to such projects / fixed assets during construction period and related pre-operative expenses are capitalized as part of the cost of respective assets. Cost of assets not ready to use before such date are disclosed under "Capital Work-in-Progress". The residual values, useful life and methods of depreciation of Property, Plant and Equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

Depreciation is provided using the Straight Line Method as per the useful lives of the assets at the rates prescribed under Schedule II of the Companies Act, 2013

Asset Useful live

Buildings including factory buildings	30 years
General Plant and Machinery	15 years
Furniture and Fixtures	10 years
Office Equipment	5 years
Vehicles	8 years
Computers / servers and Network	3/6 Years

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on disposal or retirement of an item of property, plant and equipment is determined as the difference between sales proceeds and the carrying amount of the asset and is recognised in profit or loss. Fully depreciated assets still in use are retained in financial statements.

2.6 Intangible assets

Intangible assets are measured on initial recognition at cost and subsequently are carried at cost less accumulated amortisation and accumulated impairment losses, if any. An intangible asset is derecognised on disposal, or when no future economic benefits are expected from use or disposal. Gains or losses on derecognition are determined by comparing proceeds with carrying amount. These are included in profit or loss. The Company amortises intangible assets with a finite useful life using the straight-line method over the following range of useful lives:

Asset Useful life

Computer software 3 years

The estimated useful life is reviewed annually by the management.

2.7 Capital work-in-progress and intangible assets under development

Capital work-in-progress/intangible assets under development are carried at cost, comprising direct cost, related incidental expenses and attributable borrowing cost.

2.8 Impairment

All assets other than Inventories and Investments are reviewed for impairment, wherever events or changes in circumstances indicate that the carrying amount of those assets may not be fully recoverable, in such cases the carrying amount of such assets is reduced to its estimated recoverable amount and the amount of such impairment loss is charged to the Statement of Profit and Loss.

2.8 Cash and cash equivalents

The Company considers all highly liquid financial instruments, which are readily convertible into known amounts of cash that are subject to an insignificant risk of change in value and having original maturities of three months or less from the date of purchase, to be cash equivalents.

Cash and cash equivalents consist of balances with banks which are unrestricted for withdrawal and usage.

Cash flow statement

Cash flows are reported using the indirect method, whereby net profit/ (loss) before tax is adjusted for the effects of transactions of a non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of the company are segregated.

2.9 Investments

All Investments are carried at fair value. Investments, which at the inception, have been designated to be held for a long term capital appreciation, the changes in the fair value are considered through Other Comprehensive Income. All other investments are valued at fair value and the gains or losses being recognised in Statement of Profit and Loss.

2.10 Inventories

Inventories are valued at lower of cost (First in First out) and net realisable value after providing for obsolescence and other losses, where considered necessary. Cost includes all charges in bringing the goods to their present location and condition, including all taxes and other levies, transit insurance and receiving charges. Work-in-progress and finished goods include appropriate proportion of overheads and net off recoverable taxes incurred in bringing them to their respective present location and condition. Net realisable value is the estimated selling price in the ordinary course of business, less the estimated costs of completion and the estimated costs necessary to make the sale.

2.11 Revenue recognition

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured, regardless of when the payment is being made. Revenue is measured at the fair value of the consideration received or receivable, taking into account contractually defined terms of payment, net of taxes or duties collected on behalf of the government.

However, sales tax/ value added tax (VAT)/Goods and Service tax (GST) is not received by the company on its own account. Rather, it is tax collected on value added to the commodity/services by the seller on behalf of the government. Accordingly, it is excluded from revenue.

The specific recognition criteria described below must also be met before revenue is recognised.

Sale of goods

Revenue from the sale of goods is recognised when the goods are delivered and titles have passed, at which time all the following conditions are satisfied:

- the Company has transferred to the buyer the significant risks and rewards of ownership of the goods;
- the Company retains neither continuing managerial involvement to the degree usually associated with ownership nor effective control over the goods sold
- the amount of revenue can be measured reliably;
- it is probable that the economic benefits associated with the transaction will flow to the Company; and the costs incurred or to be incurred in respect of the transaction can be measured reliably.

Interest Income

Interest income from financial assets is recognized when it is probable that economic benefits will flow to the Company and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial assets to that asset's net carrying amount on initial recognition.

Dividend

Dividend income from investments is recognised when the shareholder's right to receive payment has been established (provided that it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably).

Insurance claims

Insurance claims are accounted for on the basis of claims admitted / expected to be admitted and to the extent that there is no uncertainty in receiving the claims.

Export benefits, incentives and licenses: Export incentives are recognised as income when the right to receive credit as per the terms of the scheme is established in respect of the exports made and where there is no significant uncertainty regarding the ultimate collection of the relevant export proceeds.

2.12 Operating leases including investment properties

The Company assesses at contract inception whether a contract is, or contains, a lease. That is, if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

As a lessee

a) Right-of-use assets

The Company recognises right-of-use assets at the commencement date of the lease (i.e. the date the underlying asset is available for use). Right-of-use assets are measured at cost, less any accumulated depreciation and impairment losses, and adjusted for any remeasurement of lease liabilities. The cost of right-of-use assets includes the amount of lease liabilities recognised, initial direct costs incurred, and lease payments made at or before the commencement date less any lease incentives received. Right-of-use assets are depreciated on a straight-line basis over the shorter of the lease term and the estimated useful lives of the assets.

If ownership of the leased asset transfers to the Company at the end of the lease term or the cost reflects the exercise of a purchase option, depreciation is calculated using the estimated useful life of the asset.

b) Lease liabilities

At the commencement date of the lease, the Company recognises lease liabilities measured at the present value of lease payments to be made over the lease term. The lease payments primarily comprise of fixed payments.

In calculating the present value of lease payments, the Group uses its incremental borrowing rate at the lease commencement date because the interest rate implicit in the lease is not readily determinable. After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made.

c) Short-term leases and leases of low value assets

The Company applies the short-term lease recognition exemption to its short-term leases of office spaces and certain equipment (i.e. those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option). It also applies the lease of low-value assets recognition exemption to leases of office equipment that are considered to be low value. Lease payments on short-term leases and leases of low-value assets are recognised as expense on a straight-line basis over the lease term.

As a lessor

Leases in which the Company does not transfer substantially all the risks and rewards incidental to ownership of an asset are classified as operating leases. Rental income arising is accounted for on a straight-line basis over the lease terms. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset and recognised over the lease term on the same basis as rental income.

2.13 Employee benefit expenses

Employee benefits consist of contribution to provident fund, superannuation fund, gratuity fund and compensated absences.

(i) Post-employment benefit plans

Defined Contribution plans

Payments to defined contribution retirement benefit scheme for eligible employees in the form of superannuation fund are charged as an expense as they fall due. Such benefits are classified as Defined Contribution Schemes as the Company does not carry any further obligations, apart from the contributions made.

The Company also makes contribution towards provident fund, in substance a defined contribution retirement benefit plan for qualifying employees. The provident fund is deposited with the Provident Fund Commissioner which is recognized by the Income Tax authorities.

Defined benefit plans

The Company operates various defined benefit plans- gratuity fund and Compensated absence.

Compensated absences which accrue to employees and which can be carried to future periods but are expected to be encashed or availed in twelve months immediately following the year end are reported as expenses during the year in which the employees perform the services that the benefit covers and the liabilities are reported at the undiscounted amount of the benefits after deducting amounts already paid. Where there are restrictions on availment of encashment of such accrued benefit or where the availment or encashment is otherwise not expected to wholly occur in the next twelve months, the liability on account of the benefit is actuarially determined using the projected unit credit method.

2.3.13 Foreign currency translation

The functional currency of the Company is Indian rupee. On initial recognition, all foreign currency transactions are translated into the functional currency using the exchange rates prevailing on the date of the transaction. As at the reporting date, foreign currency monetary assets and liabilities are translated at the exchange rate prevailing on the Balance Sheet date and the exchange gains or losses are recognised in the Statement of Profit and Loss.

2.14 Borrowing cost

Borrowing costs are interest and ancillary costs incurred in connection with the arrangement of borrowings. General and specific borrowing costs attributable to acquisition and construction of any qualifying asset (one that takes a substantial period of time to get ready for its designated use or sale) are capitalised until such time as the assets are substantially ready for their intended use or sale, and included as part of the cost of that asset. Investment income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation. All the other borrowing costs are recognised in the Statement of Profit and Loss within Finance costs of the period in which they are incurred.

2.15 Income tax

Income tax expense comprises current tax expense and the net change in the deferred tax asset or liability during the year. Current and deferred taxes are recognised in Statement of Profit and Loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity, respectively.

Current tax

Current tax is measured at the amount of tax expected to be payable on the taxable income for the year as determined in accordance with the provisions of the Income Tax Act, 1961.

Current tax assets and current tax liabilities are off set when there is a legally enforceable right to set off the recognized amounts and there is an intention to settle the asset and the liability on a net basis.

Deferred tax

Deferred income tax is recognised using the Balance Sheet approach. Deferred income tax assets and liabilities are recognised for deductible and taxable temporary differences arising between the tax base of assets and liabilities and their carrying amount, except when the deferred income tax arises from the initial recognition of an asset or liability in a transaction that is not a business combination and affects neither accounting nor taxable profit or loss at the time of the transaction.

Deferred tax assets are recognised only to the extent that it is probable that either future taxable profits or reversal of deferred tax liabilities will be available, against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilised.

The carrying amount of a deferred tax asset shall be reviewed at the end of each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred income tax asset to be utilised.

Deferred tax assets and liabilities are measured using the tax rates and tax laws that have been enacted or substantively enacted by the end of the reporting period and are expected to apply when the related deferred tax asset is realised or the deferred tax liability is settled.

Deferred tax assets and liabilities are off set when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority.

2.16 Accounting of provisions, contingent liabilities and contingent assets

Provisions are recognized, when there is a present legal or constructive obligation as a result of past events, where it is probable that there will be outflow of resources to settle the obligation and when a reliable estimate of the amount of the obligation can be made. Where a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows. Where the effect is material, the provision is discounted to net present value using an appropriate current market-based pre-tax discount rate and the unwinding of the discount is included in finance costs.

Contingent liabilities are recognised only when there is a possible obligation arising from past events, due to occurrence or non-occurrence of one or more uncertain future events, not wholly within the control of the Company, or where any present obligation cannot be measured in terms of future outflow of resources, or where a reliable estimate of the obligation cannot be made. Obligations are assessed on an ongoing basis and only those having a largely probable outflow of resources are provided for. Contingent assets are not disclosed in the financial statements unless an inflow of economic benefits is probable.

2.17 Earnings per share (EPS)

Basic EPS is computed by dividing the profit or loss attributable to the equity shareholders of the Company by the weighted average number of Ordinary shares outstanding during the year. Diluted EPS is computed by adjusting the profit or loss attributable to the ordinary equity shareholders and the weighted average number of ordinary equity shares, for the effects of all dilutive potential Ordinary shares.

2.18 Ind AS 115 Revenue from Contracts with Customers

Ind AS 115 was issued on 28 March 2018 and supersedes Ind AS 11 Construction Contracts and Ind AS 18 Revenue and it applies, with limited exceptions, to all revenue arising from contracts with its customers. Ind AS 115 establishes a five-step model to account for revenue arising from contracts with customers and requires that revenue be recognised at an amount that reflects the consideration to which an entity expects to be entitled in exchange for transferring goods or services to a customer.

Ind AS 115 requires entities to exercise judgement, taking into consideration all of the relevant facts and circumstances when applying each step of the model to contracts with their customers.

The Company adopted Ind AS 115 using the modified retrospective method of adoption. The change did not have a material impact on the financial statements of the Company.

2.19 Government Grants

Government grants are recognised where there is reasonable assurance that the grant will be received and all attached conditions will be complied with. When the grant relates to an expense item, it is recognised as income on a systematic basis over the periods that the related costs, for which it is intended to compensate, are expensed. When the grant relates to an asset, it is recognised as income in equal amounts over the expected useful life of the related asset.

36 Disclosure pursuant to IND AS 19 on Employee benefit

The Company has a defined gratuity plan covering eligible employees. The following table summarizes the components of net benefit expenses recognized in the Statement of Profit and Loss and the funded status and amount recognized in the Balance sheet.

Actuarial Valuation Method

The valuation has been carried out using the Project Unit Credit Method as per Ind AS 19 to determine the Present Value of Defined Benefit Obligations and the related Current Service Cost and, where applicable, Past Service Cost. It should be noted that valuations do not affect the ultimate cost of the plan, only the timing of when the benefit costs are recognised.

There are no assets and liabilities which have been carried at fair value through the profit and loss account.

There are no assets and liabilities which have been carried at fair value through the other comprehensive income except investments in shares and mutual fund.

The management assessed that cash and cash equivalents, trade receivables, trade payables, and other current liabilities approximate their carrying amounts largely due to the short-term maturities of these instruments.

38 Capital Management

The company manages its capital to ensure that entities in the Company will be able to continue as a going concern while maximising the return to stakeholders through the optimisation of the capital deployment.

The company determines the amount of capital required on the basis of annual operating plans and long-term product and other strategic investment plans. The funding requirement are met through equity and long-term/ short-term borrowings.

The company monitors the capital structure on the basis of total debt to equity ratio and maturity of the overall debt portfolio of the Company.

In order to achieve this overall objective, the Company's capital management, amongst other things, aims to ensure that it meets financial covenants attached to the interest-bearing loans and borrowings that define capital structure requirements. No changes were made in the objectives, policies or processes for managing capital during the year ended March 31, 2022.

40 The Covid-19 pandemic has impacted the businesses around the world, including India. There has been severe disruption to the regular operations of the Company in the First quarter of FY 2020-21 due to Government imposed emergency restrictions and lockdown. The company has assessed the impact on liquidity position and carrying amounts of inventories, trade receivables, investments, property, plant and equipment and other financial assets. Our assessment based on estimates and judgements, available from internal and external sources of information including economic forecasts does not indicate any material impact on the carrying value of assets and liabilities as on the reporting date. The Company will continue to monitor the future economic conditions and assess its impact on the financial statements. The eventual outcome of the impact of the global health pandemic may be different from those estimated as on date of the approval of the Consolidated financial statements.
