MANAGEMENT DISCUSSION AND ANALYSIS REPORT

A. Introduction

The handicrafts sector is of importance to the Indian economy as it is one of the largest employment generators and account for a significant share in the country's export. The state and regional clusters contribute significantly to handicrafts export. The Indian handicrafts industry is fragmented with more than millions of regional artisans and over 67,000 exporters/export houses promoting regional art and craftsmanship in the domestic and global markets.

In recent years, with the emergence of online retail and the penetration of various e-commerce channels, the accessibility to traditional handicrafts has become more convenient for consumers, providing a boost to the sales of handcrafted goods and furniture globally. Other factors for the resurgence in demand include:

1. Evolving consumer preferences for contemporary designs.
2. A strong demand from offices, hotels, cafes to showcase unique ambience and experience.
3. Growing confluence of culture and consumer's preference to showcase "souvenirs" and unique products from their travel destinations.

Remuneration of KMPs and other employees

POLICY ON THE REMUNERATION OF KMPs AND OTHER EMPLOYEES:

I. Fixed pay

The remuneration and reward structure for employees comprises two broad components — annual remuneration and long-term rewards. The committee would determine the remuneration of the directors and formulate guidelines for the remuneration payable to the employees. These guidelines are as under:

(A) Annual remuneration

- Annual remuneration refers to the annual compensation payable to the employees of the Company.
- This comprises two parts –
 - a fixed component and
 - a performance-linked variable component based on the extent of achievement of the individual's objectives and performance of the business unit.
- Every employee is required to sign a performance contract which clearly articulates the key performance measures for that particular defined role.
- The performance-linked variable pay will be directly linked to the performance on individual components of the performance contract and the overall performance of the business. An employee's variable pay would, therefore, be directly dependent on key performance measures that represent the best interests of shareholders.
- The objective is to set the total remuneration at levels that would attract, motivate and retain high-caliber, high-potential personnel in a competitive global market.

➤ The total remuneration level is to be reset annually based on a comparison with the relevant peer group globally, established through independent compensation surveys, from time to time.

(B) Long-term rewards

➤ Long-term rewards may include Long-Term Incentive Plans (LTIP), under which incentives would be granted to eligible key employees based on their contribution to the performance of the Company, relative position in the organization, and length of service under the supervision and approval of the committee.

➤ The Company could implement various long-term awards schemes that could include LTIP spread over several years with payouts in multiple tranches linked to Company's performance.

➤ Another form of long-term awards could be in the nature of stock options of the Company. Stock options may be granted to key employees and high performers in the organization who would be selected by the committee based on their criticality, past performance and potential. The grant, vesting and other scheme details would be formulated from time to time.

➤ These long-term reward schemes are implemented to attract and retain key talent in the industry.

II. Minimum remuneration to managing director

If, in any financial year, the Company has no profits or its profits are inadequate, the Company shall pay remuneration to its managing director in accordance with the provisions of Schedule V of the Companies Act, 2013 or, if it is not able to comply with such provisions, with the prior approval of the Central Government.

III. Remuneration to non-executive / independent directors

a) The remuneration payable to Directors who are neither managing Directors nor whole time Directors will be governed as per the provisions of the Companies Act, 2013 and the rules framed there under from time to time.

b) Sitting Fees: These Directors may receive remuneration by way of fees for attending meetings of the board or any Committee thereof. Provided that the amount of such fees shall not exceed Rs. 1 lac (One Lac) per meeting of the Board or Committee or such amount as may be prescribed by the Central Government from time to time.

c) Remuneration: Remuneration may be paid by way of commission within the monetary limit approved by Members, subject to the limit as per the applicable provisions of the Companies Act, 2013. Independent Directors shall not be entitled to any stock options of the company under the Companies Act, 2013.

POLICY REVIEW

This policy is framed based on the provisions of the Companies Act, 2013. In case of any subsequent changes in the provisions of the Companies Act, 2013 or any other regulation which makes any of the provisions in the policy inconsistent with the Act or regulations, the provisions of the Act or regulations would prevail over the policy, and the provisions in the policy would be modified in due course to make it consistent with the law.

This policy shall be reviewed by the nomination and remuneration committee as and when changes need to be incorporated in the policy due to changes in regulations or as may be felt appropriate by the committee. Any change or modification in the policy as recommended by the committee would be given for approval to the Board.

To
The Members of Priti International Limited

Report on Audit of the Financial Statements

Opinion

We have audited the financial statements of Priti International Limited (“the Company”), which comprise the Balance sheet as at 31st March 2021 and the statement of Profit and Loss and statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2021, and its loss, and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor’s Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the Rules there under, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in the audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

There are no Key Audit Matters reportable as per SA 701 issued by ICAI.

The Company's board of directors is responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexure to Board's Report, Business Responsibility Report, Corporate Governance and Shareholder's Information, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon. In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard

Management's Responsibilities for the Financial Statements

The Company's Board of Directors are responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the accounting Standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SA's will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw

attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

ANNEXURE - B TO THE AUDITORS' REPORT

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of **PRITI INTERNATIONAL LIMITED** ("The Company") as of 31 March 2021 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that

1. pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
2. provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and
3. Provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2021, based on the internal control over financial reporting criteria established by the Company

considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. However, we are of the opinion that the company can make the Internal Controls on Financial Reporting more adequate and more effective considering the inherent risk and nature and size of the business activities carried out by the company.
