Media Release

Proventus Agrocom Limited (PROV) Announces Operational Readiness of its State-of-the-Art Surat Manufacturing Facility, Strengthening Manufacturing Capacity and Long-Term Growth

Proventus Agrocom Limited (NSE: PROV) is pleased to announce the **operational readiness of Phase 1 of its state-of-the-art manufacturing facility at Surat, Gujarat**, marking another significant milestone in the Company's long-term manufacturing expansion strategy and reinforcing its commitment to building a scalable, integrated and future-ready manufacturing platform for its flagship consumer brand, **ProV**.

The operational readiness of the Surat facility represents a transformational addition to the Company's manufacturing infrastructure and is expected to significantly strengthen production capabilities, supply chain efficiency and operational scalability, thereby supporting the Company's next phase of branded business growth.

Key Highlights

- Phase 1 of the Company's state-of-the-art Surat manufacturing facility is now ready.
- Approximately 2,00,000 sq. ft. integrated manufacturing facility equipped with advanced processing, packaging and automation technologies.
- Aggregate pouch manufacturing capacity targeted to increase from approximately 1.5 lakh pouches per day currently to over 4 lakh pouches per day by the end of FY27 – an increase of more than 2.5x.
- Bihar processing facility being progressively expanded towards a targeted processing capacity of approximately 2,500 tonnes per annum over the next three years.
- Expected to generate significant direct and indirect employment opportunities in the region.
- Supports the Company's medium-term strategic objective of achieving ₹1,100 crore in annual ProV brand sales by FY28.

Integrated Manufacturing Network

ProV's manufacturing footprint spans strategically located facilities across India, creating an integrated, scalable Farm-to-Home manufacturing platform.

Mumbai, Maharashtra

- Operational manufacturing facility with capacity of approximately 1.5 lakh pouches per day.
- Nearly 47,000 sq. ft. of integrated manufacturing space.

Purnia, Bihar

- Phase 1 operational, focused on backward integration for makhana sourcing and processing.
- Targeted processing capacity of approximately 2,500 tonnes per annum over the next three years.

Surat, Gujarat

- 2,00,000 sq. ft. state-of-the-art manufacturing facility.
- Expected to become one of the Company's largest manufacturing hubs upon full commissioning.

Together, these facilities will strengthen ProV's integrated Farm-to-Home value chain by enhancing manufacturing capabilities, improving supply chain resilience and supporting sustainable long-term growth.

Driving Sustainable Growth

In addition to strengthening manufacturing capabilities, the Surat facility is expected to generate **significant direct and indirect employment generation**, contributing to regional economic development while reinforcing the Company's commitment towards sustainable and inclusive growth.

Over the last several years, ProV has consistently invested across sourcing, manufacturing, product innovation, technology, branding and nationwide distribution to strengthen every element of its integrated value chain.

Management Commentary

Commenting on the development, **Mr. Durga Prasad Jhawar, Managing Director, Proventus Agrocom Limited**, said:

"The operational readiness of our Phase 1 Surat manufacturing facility marks a significant milestone in ProV long-term growth journey. This investment substantially strengthens our manufacturing infrastructure and reinforces our commitment to building a scalable, technology-driven and integrated food manufacturing platform.

The Surat facility has been developed with a long-term vision of delivering world-class manufacturing excellence through advanced automation, operational efficiency and supply chain agility. Beyond enhancing production capabilities, the project is expected to generate meaningful employment opportunities and contribute positively to the regional economy.

As we continue to strengthen our manufacturing footprint and expand the reach of ProV across India, we remain focused on disciplined execution, operational excellence and sustainable value creation for our shareholders. Our strategic investments continue to position us well as we progress towards our medium-term objective of achieving ₹1,100 crore in annual ProV brand sales by FY28."
