PRESS RELEASE

Gravita Started Commercial Production of Lead Metal from its new Recycling plant at Chittoor, Andhra Pradesh

Jaipur: **05th January, 2017:** Gravita India Limited, the leading recycling Company and having its Global manufacturing presence is pleased to inform the exchanges that company has commenced commercial production of Lead Metal from its new Recycling plant situated at Chittoor, Andhra Pradesh. This plant is having production capacity of 12000 MTPA and will grab the opportunity of domestic scrap available with the large telecom players, UPS batteries from I.T. offices in and around southern markets by having long term contracts to collect their PAN India scrap in cost effective manner and by exporting the finished goods using the nearest Chennai port, being near to the Port will help in reducing logistics cost.

The projected cost for the said plant is approx. Rs.25.00 Crores for which approx. Rs. 15.46 Crores is funded by way of Secured Term Loan from Punjab National Bank and balance from internal accruals of the Company.

This plant will help the Company to further strengthen its presence in Southern market and for exports in Far East Markets.

Gravita India limited has an established track record of executing value accretive growth investments. With this announced project the Company expects to continue on its profitable growth momentum.
