

## **Wipro Ranked in the Leadership zone in Telecom R&D Services by Zinnov**

**East Brunswick, New Jersey, USA and Bangalore, India – December 23, 2015:** Wipro Limited (NYSE: WIT, BSE: 507685, NSE: WIPRO), a leading global information technology, consulting and business process services company today announced that it has been ranked in the leadership zone in Telecom R&D services for the fourth consecutive year in an annual survey conducted by Zinnov Management Consulting Pvt. Ltd, a leading Globalization and Market Expansion Advisory firm.

The Global Service Providers' Rating was carried out across 13 verticals. The final rating was based on a comprehensive capability analysis based on parameters such as depth of offerings, IPs, solutions, talent pool and client base. The study is undertaken by Zinnov to help customers understand the service provider landscape and make informed sourcing decisions. It also enables service providers to showcase their capabilities and benchmark their services against that of their peers. This recognition reiterates Wipro's leadership position in telecom which is backed by strong R&D capabilities and infrastructure.

**Sidhant Rastogi, Partner & Practice Head, Zinnov** said, "Wipro's has continuously been rated among the leaders in Zinnov's GSPR ratings for Telecom vertical. Wipro's scale of practice and breadth of capabilities catering both Communication Equipment and Service providers is among the best in the industry. Their rich portfolio of high value IPs/solutions and a substantial non-linear stream of revenues differentiate Wipro in the industry. Investments in newer technologies around Small cells, NFV, M2M communication etc. through dedicated Centres of Excellence makes them well equipped to continue leading the Telecom product engineering services industry in the long run.

Acknowledging the recognition, **Vinay Rawat, Vice-President and Global Head of Network Equipment Providers, Wipro Limited** said, "Our focus on next generation technologies and global delivery excellence are showing remarkable results as we continuously acquire deeper capabilities across a range of technologies in the telecom domain. We are now gearing up to work with our customers in the Automation, AI and Digital space to inspire innovation and fuel the next wave of growth in the industry. Wipro's position as a leader in the Zinnov survey reflects our ability to adapt to the evolving demand environment and our commitment towards empowering our customers to stay ahead of competition."

Over the last two decades, Wipro has established itself as the global leader in product engineering, R&D, IT and BPO services in the network equipment provider market. Wipro's

services portfolio includes system engineering, software and hardware design, development, verification and validation services, product re-engineering and product support services.
