Wipro Receives 2015 EMC Global Growth Alliances Partner Award

East Brunswick, New Jersey, USA and Bangalore, India – May 11, 2016: Wipro Limited (NYSE:WIT, BSE: 507685, NSE: WIPRO), a leading global information technology, consulting and business process services company today announced that it has received the 2015 EMC Global Growth Alliances Partner Award from EMC Corporation for consistently and significantly contributing toward EMC's growth. Wipro has received this global recognition for the second year in a row.

The award, which recognizes EMC partners across the globe, was presented to Wipro at the 2016 EMC® World Global Partner Summit.

N S Bala, President -Manufacturing & Technology, Wipro Limited said, "Wipro is delighted to receive the Global Growth Alliance Partner of the Year award from EMC. Wipro's industry expertise and EMC's converged infrastructure solutions are uniquely positioned to enable our customers to transform their business in the new digital economy. This award is a reflection of the strong alignment and collaboration between our two organizations. We look forward to growing this partnership to greater heights."

The Wipro EMC relationship is focused on building agility into the data center architecture to rapidly address both current and future needs of our customers. Using a whole-systems approach toward achieving agility, Wipro and EMC have been helping enterprises modernize their data centers, optimize return on assets and align infrastructure performance with business objectives.

"The numbers speak for themselves about Wipro's contribution. Wipro has consistently proven to be an outstanding partner to EMC, and has truly earned the EMC Global Growth Alliances Partner Award," said **Jay Snyder, Senior Vice President, and Global Alliances for EMC Corporation**. "Wipro consistently delivers the powerful results we look for in our partners, and we are thrilled to present Wipro the EMC Global Growth Alliances Partner Award."

Wipro Forward-looking and Cautionary Statements

Certain statements in this release concerning our future growth prospects are forward-looking statements, which involve a number of risks, and uncertainties that could cause actual results to differ materially from those in such forward-looking statements. The risks and uncertainties relating to these statements include, but are not limited to, risks and uncertainties regarding fluctuations in our earnings, revenue and profits, our ability to generate and manage growth, intense competition in IT services, our ability to maintain our cost advantage, wage increases in India, our ability to attract and retain highly skilled professionals, time and cost overruns on fixed-price, fixed-time frame contracts, client concentration, restrictions on immigration, our ability to manage our international operations, reduced demand for technology in our key focus areas, disruptions in telecommunication networks, our ability to successfully complete and integrate potential acquisitions, liability for damages on our service contracts, the success of the companies in which we make strategic investments, withdrawal of fiscal governmental incentives, political instability, war, legal restrictions on raising capital or acquiring companies outside India, unauthorized use of our intellectual property, and general economic conditions affecting our business and industry. Additional risks that could affect our future operating results are more fully described in our filings with the United States Securities and Exchange Commission. These filings are available at www.sec.gov. We may, from time to time, make additional written and oral forward-looking statements, including statements contained in the company's filings with the Securities and Exchange Commission and our reports to shareholders. We do not undertake to update any forward-looking statement that may be made from time to time by us or on our behalf.
