Wipro Joins Oracle Cloud Managed Service Provider Program

Customers Speed Innovation and Success in the Cloud with Leading Technology and Services from Oracle and Wipro Limited

East Brunswick, New Jersey, USA and Bangalore, India – September 20, 2016: Wipro Limited (NYSE: WIT, BSE: 507685, NSE: WIPRO), a leading global information technology, consulting and business process services company, today announced that it has joined Oracle's newly announced Oracle Cloud Managed Service Provider (MSP) Program. Wipro is a Diamond level member of Oracle PartnerNetwork (OPN) and has an OPN Cloud Select designation.

The Wipro Boundaryless Data Center (BLDC) offering is based on an innovative IT transformational approach that enables enterprise ITaaS (IT as a Service) through a universal marketplace. BLDC is integrated with Oracle IaaS (Infrastructure as a Service) and PaaS (Platform as a Service) services, and provides a unified platform to drive hybrid IT journey for enterprises by enabling dynamic sourcing, automated provisioning, monitoring and management. In collaboration with Oracle, Wipro will build standard reference architectures, workload blueprints and continuous deployment solutions for accelerated cloud transformation.

Kiran Desai, Senior Vice President and Business Head, Global Infrastructure Services (GIS), Wipro Limited said, "We are excited to be a part of the Oracle Managed Services Partner program (MSP), to help enterprises build a scalable hybrid IT model, leveraging Wipro's Boundaryless Data Center (BLDC) platform to accelerate their digital journey. The BLDC platform provides end-to-end life cycle services across Oracle IaaS and PaaS, to help customers enhance the speed of execution and improve business performance."

Available to partners who have demonstrated the skills and infrastructure to build, deploy, run and manage both Oracle and non-Oracle workloads, the Oracle Cloud Managed Service Provider (MSP) Program, enables OPN members to offer a complete managed service solution for workloads running on Oracle Platform as a Service and Infrastructure as a Service.

Based on the unique needs of their customers, Wipro can now have the ability to provide a complete, integrated cloud solution, leveraging its Boundaryless Data Center (BLDC) and Oracle's world-class cloud platform.

"Cloud represents a huge opportunity for our customers to increase innovation and agility, while enabling reduced cost and complexity," said **Sanjay Sinha, Vice President, Platform Products, Oracle**. "Oracle's leading cloud infrastructure, coupled with the services expertise of Wipro, will provide customers with the foundation, they need to accelerate success in the cloud."

The Oracle Cloud Marketplace offers an intuitive user interface to browse and search for available applications and services, as well as user ratings and reviews to help customers determine the best business solutions for their organization. With its new automated

application installation features, customers can easily deploy provider business applications from a centralized cloud interface.
