Wipro Positioned in 'Winner's Circle' of HfS Blueprint Report on Embedded and Semiconductor Engineering Services

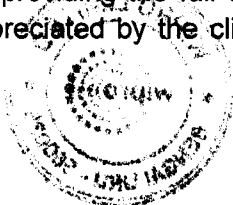

East Brunswick, New Jersey, USA and Bangalore, India – November 22, 2017: Wipro Limited (NYSE: WIT, BSE: 507685, NSE: WIPRO), a leading global information technology, consulting and business process services company today announced that it has been positioned in the 'Winner's Circle' of Embedded and Semiconductor Engineering Services' by the leading analyst firm, HfS Research.

The report, titled 'HfS Blueprint Report on Embedded and Semiconductor Engineering Services', was authored by Pareekh Jain, Senior Research Vice President, HfS Research. The firm evaluated the capabilities of 20 service providers on Design, Development, Testing, and Support Services.

The report is based on the feedback from customers who have evaluated service providers based on their experience. The service providers were also evaluated based on factors such as innovation, execution and market share. In the report, HfS gives a market analysis and highlights the key trends driving the embedded and semiconductor engineering services. It also provides an insight into the service provider dynamics.

This report is a testimony to the exemplary work carried out by Wipro for more than two decades now. Wipro has strong service offerings and consulting capabilities in the embedded and semiconductor engineering space. Wipro's ability to provide integrated solution, incubate new technologies, end-to-end product development capabilities, wide range of offerings and a strong clientele are its key differentiators. The report recognizes Wipro's complete service range, capabilities, strong patent portfolio and innovation credentials, investment in developing workforce capability and client portfolio.

Pareekh Jain, Senior Research Vice President, HfS Research said, "Wipro is an embedded and semiconductor industry pioneer with more than 25 years of experience and has strong capabilities across the value chain. They have a large partner ecosystem with critical capabilities, for providing the full stack of embedded and semiconductor services to clients. They are well appreciated by the clients for going the extra mile with thorough and detailed methodology to

execution. Among all the service providers included in our report, Wipro has the highest number of clients across the geographies."

Anita Ganti, Senior Vice President and Global Head, Product Engineering Services, Wipro Limited said, "We are delighted to be listed as one of the leaders in the HfS Blueprint report. Our deep domain expertise backed by innovative technological products in the embedded and semiconductor space have enabled us to build a large partner and client ecosystem. Wipro also has one of the highest number of patents among the service providers in the industry.
