Wipro Achieves AWS Service Delivery Status for AWS Service Catalog

Well poised to power "as-a-service" model within enterprises

Bangalore, India, June 15, 2017:Wipro Limited (NYSE: WIT, BSE: 507685, NSE: WIPRO), a leading global information technology, consulting and business process services company, today announced that it has achieved Amazon Web Services (AWS) Service Delivery status for AWS Service Catalog. With this status, Wipro's capabilities help clients build the AWS Service Catalog to enable self-service discovery, maintain controls and centrally manage their enterprise cloud services.

AWS Service Catalog helps customers create a catalog of approved IT services on AWS, which can be used within the enterprise. With AWS Service Catalog, customers can centrally manage commonly deployed IT services to achieve service reuse, consistent governance and meet compliance requirements.

R "Ray" Wang, Principal Analyst & Founder, Constellation Research said, "With the growth in the as-a-service economy, customers are now increasingly looking at self-service options to drive digital transformation innovations. Customers seek a repository of commonly used services at the enterprise level to enable standards, re-use and agility. Certified partners who achieve status are well equipped to provide innovative marketplace solutions to power the as-a-service economy."

"We are excited about this achievement," said **Ramesh Nagarajan, Senior Vice President & Head – Cloud and Integrated Services, Wipro Limited** "With AWS Service Delivery status for AWS Service Catalog, we help customers centrally manage commonly deployed IT services and optimize their application development. This also helps customers create efficiencies and generate savings which can be funneled to drive the cloud innovation agenda for digital enterprises."

In addition to AWS Service Delivery Partner status for AWS Service Catalog, Wipro has also achieved APN status for industry competencies such as the Financial Services Competency, Life Sciences Competency; Solution Competencies like Migration Delivery Partner and workload competencies like SAP Competency. Wipro is also an APN Premier Consulting Partner and a member of the AWS Managed Service Provider (MSP) Partner Program.

Wipro is an innovation-led cloud partner for customers in their digital journey on AWS. It provides cloud transformation services to build innovative solutions at the intersection of cloud with Big Data, analytics, IoT (Internet of Things) and mobile/web applications. Wipro's integrated blueprint

for AWS migrations, deep AWS expertise and proven execution approach accelerates customers' digital journey with a strong foundation on AWS.

Forward-looking and Cautionary Statements

Certain statements in this release concerning our future growth prospects are forward-looking statements, which involve a number of risks, and uncertainties that could cause actual results to differ materially from those in such forward-looking statements. The risks and uncertainties relating to these statements include, but are not limited to, risks and uncertainties regarding fluctuations in our earnings, revenue and profits, our ability to generate and manage growth, intense competition in IT services, our ability to maintain our cost advantage, wage increases in India, our ability to attract and retain highly skilled professionals, time and cost overruns on fixed-price, fixed-time frame contracts, client concentration, restrictions on immigration, our ability to manage our international operations, reduced demand for technology in our key focus areas, disruptions in telecommunication networks, our ability to successfully complete and integrate potential acquisitions, liability for damages on our service contracts, the success of the companies in which we make strategic investments, withdrawal of fiscal governmental incentives, political instability, war, legal restrictions on raising capital or acquiring companies outside India, unauthorized use of our intellectual property, and general economic conditions affecting our business and industry. Additional risks that could affect our future operating results are more fully described in our filings with the United States Securities and Exchange Commission. These filings are available at www.sec.gov. We may, from time to time, make additional written and oral forward-looking statements, including statements contained in the company's filings with the Securities and Exchange Commission and our reports to shareholders. We do not undertake to update any forward-looking statement that may be made from time to time by us or on our behalf.
