## **PTC Industries Appoints Baljinder Singh Koura as Vice President – Operations, Aerospace Castings at Aerolloy Technologies Limited**

**Lucknow, India 25 August 2025:** PTC Industries Limited (herein referred to as “PTC”), a manufacturer of high-quality high-precision metal components and materials for various critical and super-critical applications announced the appointment of **Baljinder Singh (Bal) Koura as Vice President – Operations, Aerospace Castings** at Aerolloy Technologies Limited (ATL), a wholly-owned subsidiary of PTC.

Bal brings with him more than **three decades of leadership** experience in operations, manufacturing, supply chain management, and turnaround programmes across the aerospace, automotive, and industrial sectors. He has held senior leadership roles with globally renowned organizations including Rolls-Royce, GE Aviation, and Unipol Group, successfully driving new facility setups, operational excellence initiatives, and major new product introduction programmes across the UK, India, Europe, and Mexico.

At Aerolloy Technologies Limited, Bal will be **responsible for leading operational excellence, strengthening plant performance, and supporting the company’s scaling journey in aerospace castings** to meet the growing demands of global OEMs. His proven expertise in managing large teams, delivering lean manufacturing programmes, and driving cultural transformation makes him ideally suited to contribute to PTC’s vision of achieving global parity in aerospace and defence manufacturing.

**Expressing his thoughts on joining Aerolloy, Mr. Baljinder Singh Koura said:** “I am honoured to join PTC and Aerolloy Technologies at such an exciting stage in their growth story. PTC’s vision of building India’s capabilities in aerospace and defence manufacturing resonates deeply with me. I look forward to working with the talented teams here to strengthen operations, drive excellence, and contribute to the company’s mission of achieving global parity”

Bal holds an **MBA from De Montfort University** along with advanced qualifications in Quality and Environmental Management. In addition to his technical and operational credentials, he has consistently championed people development, ESG, and CSR initiatives in his leadership roles.

This appointment reinforces PTC's focus on strengthening leadership depth across its businesses, as it continues to expand its Strategic Materials Technology Complex and play a defining role in shaping India's aerospace and defence manufacturing ecosystem.

### About PTC Industries Limited:

PTC Industries Limited is a leading Indian manufacturer of precision metal components for critical applications for over 60 years. Through its wholly owned subsidiary Aerolloy Technologies Limited, the company is manufacturing and supplying Titanium and Superalloy castings for Aerospace and Defence applications within India as well as for exports. The company is substantially expanding its capability by making a multi-million-dollar investment in a new state-of-the-art manufacturing facility at its 50 acres land in the Lucknow node of the Uttar Pradesh Defence Industrial Corridor. This facility will house a fully vertically integrated plant with a Titanium and Superalloy Mill, producing aerospace grade ingots, billets, bars, plates and sheets in critical and strategic materials.
