**GST COMPENSATION**  
**Siddu Hails Consensus Reached by 8 Oppn States**

Our Bureau

Bengaluru: Chief minister Siddaramaiah on Friday hailed the consensus on the GST compensation reached by eight Opposition-ruled states at a meeting in Delhi, echoing similar sentiments expressed by his southern counterparts MK Stalin of Tamil Nadu and Pinarayi Vijayan of Kerala.

The states will place the consensus in the form of a draft in the GST Council meeting next week.

"This draft seeks to ensure reforms that are both fair and sustainable," Siddaramaiah said in a post on X. Both Siddaramaiah and Stalin have sought a guaranteed compensation mechanism to cover the revenue shortfall after the GST rate changes come into force.

Both Siddaramaiah and Stalin welcomed the reforms that aim to reduce the burden on the people. But a robust framework that places the interests of the states must accompany the GST Council meeting next week.

"Without this, states will find it difficult to sustain welfare and employment programmes, and a serious weakening of their financial autonomy. He suggested that the Centre impose a supplementary levy on sin and luxury goods.

Karnataka, the CM said, has already been subjected to discrimination in the devolution of funds from the Union government, suffering an annual shortfall of nearly ₹25,000 crore.

"Any further erosion of GST revenues will only compound this injustice and directly affect our capacity to deliver on the promises of development and welfare."

Kerala CM Pinarayi Vijayan has also urged the Centre to support the states starting at a drop in tax revenues and a count of changes to GST rates.

**Opposition States Cite ₹2L-Crore GST Loss, Demand Compensation**

8 opposition states' FMs discuss GST hit; views to be placed before council Sep 2

Our Bureau

New Delhi: Eight opposition-ruled states met over the proposed Goods and Services Tax (GST) reforms and would cause revenue loss of up to ₹2 lakh crore and that they must be compensated accordingly for five years.

"The states suggested imposing a levy on sin goods in addition to the proposed 40% GST rate to maintain the current tax incidence, which should be distributed among states."

Finance ministers from Tamil Nadu, West Bengal, Karnataka, Telangana, Kerala, Punjab, Jharkhand and Himachal Pradesh met ahead of the GST Council meeting scheduled on September 3-4.

The opposition-ruled states will meet again on September 2 to finalise their demands and suggestions, before presenting to the GST Council.

Karnataka finance minister Krishnappa Byre Gowda said each state is expected to lose 15%-20% GST revenue.

"The 20% GST revenue loss will seriously destabilise the fiscal structure of state governments across the country," Gowda said, dismissing the notion that tax revenue buoyancy will increase after the rate cut.

He added that states should be compensated for five years or till the revenues stabilise.

Tamil Nadu finance minister Thangam Thennarasalan reiterated the demand, which was followed by a post by state chief minister MK Stalin on social media platform.

Opposition estimates 15-20% revenue loss for each state.

Experts see FY26 target still achievable.

**Centre's Fiscal Deficit Until July Widens to 29.9% of FY26 Target**

Front-loaded cap spending, weak net tax collections widen fiscal deficit

Our Bureau

New Delhi: The Central government's fiscal deficit till July in this financial year widened to 29.9% of the annual target against 17.2% a year before, thanks to a front-loading of expenditure amid a contraction in the net tax mop-up, showed the official data released on Friday.

Expenditure, especially on capital projects, had faltered in the initial months of the previous fiscal owing to the usual administrative

slowdown around the general election. Between April and July this year, revenue spending increased 17.1% to ₹12.17 lakh crore. Capital expenditure surged 32.8% to ₹3.47 lakh crore, as the government kept betting on its high multiplier effect to spur economic growth. In absolute terms, the fiscal gap stood at ₹4.88 lakh crore until July, against ₹2.77 lakh crore a year before, the data showed. Despite the elevated spending so far, the Centre's target of containing its deficit at 4.4% of gross domestic product in 2025-26 would be realised as the pace of spending could moderate in the coming months to remain within the budgetary target, experts said.

Net tax revenue moderated 7.5% from a year before to ₹6.62 lakh crore till July,

**The state of the finances**  
Figures, as % of annual target

|                  | Apr-Jul FY25 | Apr-Jul FY26 |
|------------------|--------------|--------------|
| Fiscal deficit   | 17.2         | 29.9         |
| Total spending   | 27.0         | 30.9         |
| Capex            | 23.5         | 30.9         |
| Revenue spending | 28.0         | 30.8         |
| Net tax revenue  | 27.7         | 23.3         |
| Non-tax revenue  | 55.3         | 69.2         |

**Ex-RBI Guv Ujjit Patel Named India's ED at IMF**

Our Bureau

New Delhi: The government on Friday named former Reserve Bank governor Ujjit Patel to the executive board of the International Monetary Fund (IMF) as India's representative, four months after Krishnamurthy V Subramanian was unexpectedly removed as its nominee executive director. The appointment was approved by the Appointments Committee of the Cabinet, is for three years from the date of the as-

sumption of the charge or until further orders, whichever is earlier, the Department of Personnel and Training said in a notification. The government terminated the services of Subramanian as the ED (India) at the IMF in late April. Subsequently, Parameswaran Iyer, India's executive director of the World Bank, was temporarily entrusted with the responsibility of being its nominee director on the IMF board.

**GST Reforms, Festive Season may Drive up Demand: CEA**

Our Bureau

New Delhi: The onset of the festive season and the proposed goods and services tax (GST) reforms could boost domestic demand in the coming quarters, chief economic advisor V Anantha Nageswaran said on Friday. However, short-term risks to economic activity—especially exports and capital formation—persist due to uncertainties caused by the extra 50% US tariff that came into effect in August.

Nevertheless, there would be adequate domestic consumption even during such times to encourage private players to keep investing, Nageswaran reckoned. The CEA was briefing reporters after the GDP data showed a higher-than-expected 7.8% expansion rate in the June quarter.

Growth will remain within the targeted band of 6.3-6.8% this fiscal as projected in the Economic Survey in January, he said, ruling out a revision just yet despite the US tariff woes. It's too difficult to gauge the precise impact of the US tariff on the Indian economy, he said. But the government is viewing the tariff as an opportunity to move forward with domestic reforms, regulation and the diversification of the export markets, he added.

The latest data showed that India did not just stay as the world's fastest-growing major economy but also widened the gap with others, he said. China had the next best growth rate of 5.2% in the June quarter, followed by Indonesia (5.1%), US (2.1%), Japan and the UK (1.2% each), and France (0.7%).
