Dear Sir/Madam,

Sub: Intimation in terms of Regulation 30 (read with Schedule III - Part A) of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015.

Ref.: Company's letter dated August 09, 2024 vide no 24/2024-25

Dear Sir,

In terms of the provisions of Regulation 30 (read with Schedule III - Part A) of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 and further to the intimation by the Company on August 09, 2024, we wish to inform you that the Company is in the process of setting up Unit IX for recycling of plastic and plastic products, including HDPE plastic packaging material and other plastic products.

Please find enclosed a copy of the press release, which is self-explanatory.

Thanking you,

Yours faithfully,

For **Pyramid Technoplast Limited**,

Bijaykumar Agarwal
Chairman and Managing Director
DIN: 01490141

Pyramid Technoplast Limited Announces Commencement of its Unit IX - Recycling plant

Pyramid Technoplast Limited remains committed to sustainability, transitioning its thermal power operations to a renewable solar power plant with a capacity of approximately 15 MW.

In line with this green initiative, the company is set to commence operations at its **Unit IX - Recycling plant** from October 4, 2025.

In August 2024, the company announced the acquisition of 4447.80 sq. m of land in Bharuch for its recycling facility. Developed with a **capex of ₹8–10 crores**, the plant is equipped to **recycle 5,000 metric tons of plastic annually**, reinforcing the Company's commitment to sustainability, cost efficiency, and supply chain resilience.

Key Highlights:

- 5,000 MT annual recycling capacity to cater to **10–12% of Pyramid's raw material needs**, driving meaningful savings and margin enhancement.
- **Lower reliance on imports**, ensuring greater supply chain resilience and self-sufficiency in polymer sourcing.
- **Investment of ₹8–10 crores**, with an attractive **payback period of 4 years**, underscoring capital efficiency.
- Aligned with India's sustainability agenda, the facility will significantly reduce plastic waste and strengthen Pyramid's ESG credentials.

Management Commentary

Commenting on the development, Mr. Bijay Kumar Agarwal, MD, Pyramid Technoplast said: *"The commencement of our recycling plant marks a strategic leap forward for Pyramid Technoplast. By integrating recycling into our value chain, we not only lower costs and reduce import reliance, but also strengthen our ESG profile. This facility is designed to create long-term value for stakeholders while contributing to India's sustainability goals."*
