(Company Secretary)**

DTIPL bags prestigious Orders from Madhya Pradesh Government

Thane, India, October 3rd, 2017: Ducon Technologies India Private Limited (“DTIPL”), a Ducon Inc. group company under the Scheme of Arrangement for demerger of its entire business (“business undertaking” as per the scheme of arrangement) into **Ducon Infratechnologies Limited** (BSE:534674, NSE: DUCON) today announced that in the national level competitive bidding, Ducon Technologies (India) Private Limited has secured 3 (Three) electrification work projects in the state of Madhya Pradesh.

The total value of the order is approximately INR 50 Crores. These are turn key projects for strengthening of sub-transmission and distribution networks of Three Districts in the state of Madhya Pradesh.

The project involves, Feeder separation, setting up of New sub-stations, Augmentation of existing sub-stations etc under the Integrated Power Distribution Scheme (IPDS). Ducon has already been executing similar projects in two MP state districts.

About Ducon Technologies India Private Limited (“DTIPL”)

Ducon Technologies India Private Limited (DTIPL) started operations in India in 2005 and in a decade has established itself in the Indian market as a leading company providing the most advanced and custom engineered equipment and systems for environmental control, material handling, power transmission for a wide variety of industries including power, refineries, chemical, cement, glass, steel, & mining. DTIPL acquired broad-based technologies in the field of FGD, Industrial Environmental control, and materials Handling Systems through a seven year technology licensing agreement with Ducon technologies Inc., a leading environmental systems control company, since 1938, located in The United States of America. To its credit, DTIPL has executed numerous turnkey-projects for BHEL, NTPC, IOCL, Hindalco, Vedanta group, Aditya Birla group, NALCO, Reliance Industries amongst others. It has also won prestigious awards like “Niche market player in pollution control systems” from Frost and Sullivan in 2009 and “Leaders of Tomorrow in Engineering Industries” from ET Now in 2010.
