## Larsen & Toubro Construction Wins Orders Valued ₹ 1,904 Crore

**Mumbai, Aug 07, 2018:** The construction arm of Larsen & Toubro has won orders worth across various business segments.

**Power Transmission & Distribution business:**

The Power Transmission & Distribution (PT&D) Business of L&T Construction has bagged EPC orders worth **₹ 1,723 crores.**

The business has won an order in the Kingdom of Morocco for the construction of 400kV and 225kV Transmission Lines to evacuate power from the Midelt solar power station.

The business has bagged another order from Egyptian Electricity Transmission Company for the construction of a 220kV overhead transmission line from Toshka in Egypt. This will form a crucial link in the Egypt-Sudan electricity interconnection project.

Another order bagged in Algeria is to build a 60/10kV Gas Insulated Substation in Annaba city.

Yet another order from the Nepal Electricity Authority is for the design, supply, installation, testing and commissioning of 220kV Substations.

In India, an order has been secured for the construction of 220kV and 132kV Transmission Lines and Substations in Madhya Pradesh on a total turnkey basis under the Green Energy Corridor projects. Another major order has been won for the establishment of a 400/230kV Gas Insulated Substation in Tamil Nadu.

The business has received an order for urban electrification and sub-transmission works in Jammu and additional orders from ongoing power distribution jobs.

Orders have also been bagged to build grid-connected rooftop solar photovoltaic systems and solar powered irrigation systems in the states of Bihar and Jharkhand. Such projects contribute to the development of renewable energy and rural livelihood promotion.

Additional orders have been received from ongoing power distribution jobs.

**Smart World & Communication Business:**

The Business has secured an order worth **₹ 181 Crore** for the implementation of Goa Intelligent City Management System for Panaji City as the Master System Integrator (MSI).

The project scope includes the deployment of smart elements such as Citywide Wi-Fi and Surveillance systems, Solid Waste Management System, Smart Traffic and Smart Parking, Environmental Sensors, Public Address Systems and Variable Message Display boards. The project also intends to set up a centralized state-of-the-art Integrated Command and Control Centre and Security Operation Centre in the city.

**Background:**

Larsen & Toubro is an Indian multinational engaged in technology, engineering, construction, manufacturing and financial services with over USD 18 billion in revenue. It operates in over 30 countries worldwide. A strong, customer-focused approach and the constant quest for top-class quality have enabled L&T to attain and sustain leadership in its major lines of business for eight decades.

** L&T Construction is a brand of Larsen & Toubro*
