L&T Construction Wins Orders Valued ₹ 4023 Crores

Mumbai, Nov 10, 2017: The construction arm of L&T has won orders worth **₹ 4023 crores** across various business segments.

Heavy Civil Infrastructure Business:

The business has bagged orders cumulatively worth **₹ 1906 crores** including a major government order worth **₹ 1824 crores** in a joint venture with an international partner - Seaport Dredging Private Limited, for the construction of various marine facilities.

In addition, L&T Geostructure, an arm of the Heavy Civil Infrastructure business, has bagged an order from BHEL for the execution of piling works for the Ennore SEZ Super Thermal Power Project in Chennai.

Buildings & Factories Business:

The business has bagged an order worth **₹ 830 crores** from a reputed client for the construction of a cancer hospital in Muscat, Oman, which will be equipped with high end facilities like ICUs, High Dependency Units, Chemotherapy bays, Medical Imaging units, Oncology Radiation units, etc.

Water & Effluent Treatment Business:

The business has received engineering, procurement & construction orders worth **₹ 788 crores.**

An order has been secured from Uttar Pradesh Jal Nigam for the construction of the Kanpur Water Carrier System. The scope includes survey, design, laying of water pipeline system, intake structures and other allied works for conveying raw water from Bidhnu canal to an upcoming thermal power plant at Kanpur.

Two orders have been received from Public Health Engineering Department of a major state to provide Rural Water and Fluorosis mitigation. The scope includes supply, laying & commissioning of distribution network, construction of clear water reservoirs, elevated storage reservoirs and house service connections.

Power Transmission & Distribution Business:

The business has bagged orders worth **₹ 342 crores.**

An order has been bagged from Nepal Electricity Authority for the design, supply, installation and commissioning of the Kushma - New Butwal 220 kV Transmission Line which will help to meet the power demand of central Nepal and also enable cross-border power exchange. Advanced High Temperature Low Sag conductors are to be used in the project. This order has been secured under the South Asia Sub-regional Economic Cooperation (SASEC) Power System Expansion Project amidst stiff international competition.

Additional orders have been bagged from ongoing projects of the business.

Smart World Communication Business:

The business has bagged an order worth **₹ 157 crores** from Raipur Smart City Limited for the implementation of Intelligent Traffic Management System (ITMS), City Surveillance System and Integrated Command Control Centre in Raipur City. The scope of work also includes smart elements of Public Address, Emergency Call Box, Adaptive Traffic Control System, Smart Poles and Wi-Fi Access Points.

Background:
