TCS Digital Reimagination Framework, Powered by SAP Leonardo, Launches on Microsoft Azure

Tata Consultancy Services' New Framework Accelerates Time to Market and Returns on Customer's Technology Investments

NEW YORK | MUMBAI, June 7, 2018: Tata Consultancy Services, (TCS), (BSE: 532540, NSE: TCS) a leading global IT services, consulting and business solutions organization, today announced the launch of the TCS Digital Reimagination Framework on Microsoft Azure and powered by SAP Leonardo.

The TCS SAP framework combines readily deployable, pre-built industry specific solutions with a robust structure for easy customization to suit customer's specific needs. Furthermore, it leverages cutting edge technologies including blockchain, Internet of Things, machine learning, artificial intelligence, advanced analytics, big data, and mobility components of SAP Leonardo to help customers digitally transform their businesses to become Business 4.0 enterprises.

The rapid pace of growth in digital technologies is reshaping industries and enterprise platforms must be intelligent, agile, automated, and on the Cloud in order to drive transformation to improve business results. TCS' SAP framework and pre-built industry solutions are designed with the above core principles and delivered on the Microsoft Azure platform. Microsoft Azure ensures agility, global reach and flexibility in the deployment and operations, while SAP Leonardo platform enables continuous innovation and seamless integration with SAP. Thus, the combination of modular solutions, contextual knowledge, and the latest technology stack helps deliver better value for the customer and faster deployments.

"The TCS SAP Digital Reimagination Framework will help customers to accelerate their Business 4.0 digital transformation journeys," said Prashant Shirgur, Global Head, TCS SAP practice. "The framework combines our industry and technology expertise, along with our strategic relationship with Microsoft to deliver Cloud based solutions, enabling our customers to innovate rapidly and ensure business agility."

Victor Morales, Vice President, One Commercial Partner at Microsoft Corp. added, "Microsoft is excited with the launch of TCS SAP digital re-imagination framework. TCS' framework is an excellent example of developing and delivering extensible solutions on Azure. Azure is a secure, robust, scalable, and globally accessible cloud and will enable our joint customers to quickly evaluate, adopt and extend the solutions."
