### **Aurionpro Achieves Oracle PartnerNetwork Specialization for Oracle Access Management Suite Plus 11g**

Oracle Recognizes Aurionpro for Expertise in Implementing Oracle Access Management Solutions

**March 11, 2014 – San Ramon, CA (Marketwire)**

Aurionpro, a leading provider of expert-level consulting services and software solutions and a Platinum-level member of Oracle® PartnerNetwork (OPN), today announced it has achieved OPN Specialized status for Oracle Access Management Suite Plus 11g (OAM).

To achieve OPN Specialized status, Oracle partners are required to meet a stringent set of requirements that are based on the needs and priorities of the customer and partner community. By achieving a Specialized distinction, Aurionpro has been recognized by Oracle for its expertise in delivering services specifically around Oracle Access Management Suite Plus 11g through competency development, business results, and proven success.

"Aurionpro's Sena division has been implementing Oracle Identity and Access Management solutions for over a decade," commented Swapnil Mehta, President of Aurionpro Sena. "Achieving OAM Specialization demonstrates that our team of more than two hundred information security professionals provides a level of experience that can enable success in our customers' OAM implementations."

"By becoming Specialized in Oracle Access Management Suite, Aurionpro has clearly demonstrated their commitment to the OPN program and Oracle Access Management customers," said Joel Borellis, Group Vice President, Partner Enablement, Oracle. "Completing the requirements needed to achieve Specialized status is a real testament to their hard work and drive to differentiate themselves in the marketplace and distinguish their offerings."

Aurionpro has been recognized by Oracle on a number of occasions for the level of technical depth and product knowledge that the team has proven across Oracle's Identity and Access Management suite, winning multiple Oracle Titan/Oracle Excellence Partner of the Year awards and individual Deputy CTO and Oracle ACE designations. These accomplishments demonstrate Aurionpro's commitment to the Oracle ecosystem and illustrate the consistency of success achieved across hundreds of Oracle IDM implementations.

### **About Aurionpro**
