Dear Sirs,

**Tata Power's Corporate Centre, Carnac building awarded "IGBC GOLD" rating, under "IGBC's Green Existing Buildings" category**

The Company has always prioritised resource conservation and has been at the forefront of driving numerous sustainability initiatives. In recognition of this commitment, Tata Power's Corporate Centre, Carnac building in Mumbai was awarded with "IGBC GOLD" rating, under "Indian Green Building Council's Green Existing Buildings" category for achieving required green building standards.

There are different levels of green building certification like certified, Silver, Gold and Platinum that are awarded in recognition of the level of achievements. The Gold Certification is awarded to recognise national excellence and is valid for next 3 years. IGBC Green Existing Buildings O&M rating system addresses green features under the categories such as Site & Facility Management, Water Efficiency, Energy Efficiency, Health & Comfort and Innovation.

The Press Release to be issued by the Company is attached for your ready reference.

Yours faithfully,
**For The Tata Power Company Limited**

# Tata Power's Corporate Centre, Carnac building awarded "IGBC GOLD" rating, under "IGBC's Green Existing Buildings" category

**National, 26th August, 2016:** Tata Power, India's largest integrated power company, has always prioritised resource conservation and has been at the forefront of driving numerous sustainability initiatives. In recognition of this commitment, Tata Power's Corporate Centre, Carnac building in Mumbai was awarded with "IGBC GOLD" rating, under "Indian Green Building Council's Green Existing Buildings" category for achieving required green building standards.

There are different levels of green building certification like certified, Silver, Gold and Platinum that are awarded in recognition of the level of achievements. The Gold Certification is awarded to recognise national excellence and is valid for next 3 years. IGBC Green Existing Buildings O&M rating system addresses green features under the categories such as Site & Facility Management, Water Efficiency, Energy Efficiency, Health & Comfort and Innovation.

Speaking on the achievement, **Mr. Anil Sardana, CEO & Managing Director, Tata Power**, said *"It is an honour to have been conferred by Green existing building Gold. This award has recognised our efforts towards environment conservation and maintaining quality standards in our operations. At Tata Power, we will continue to strengthen our commitment towards a greener approach and operational excellence".*

Tata Power's Corporate Centre, Carnac building is the 1st establishment within the company to get the Green Certification and the Company has already taken up initiatives to get all the key establishments in Mumbai certified in a phased manner by 2020.

The Indian Green Building Council (IGBC), is a part of the Confederation of Indian Industry (CII), formed in the year 2001. The vision of the council is to enable a sustainable built environment for all and facilitate India to be one of the global leaders in the sustainable built environment by 2025.

**About Tata Power:**

Tata Power is India's largest integrated power company with a growing international presence. The Company together with its subsidiaries and jointly controlled entities has an installed gross generation capacity of 9432 MW and a presence in all the segments of the power sector viz. Fuel Security and Logistics, Generation (thermal, hydro, solar and wind), Transmission, Distribution and Trading. It has successful public-private partnerships in Generation, Transmission and Distribution in India namely "Tata Power Delhi Distribution Limited" with Delhi Vidyut Board for distribution in North Delhi, 'Powerlinks Transmission Ltd.' with Power Grid Corporation of India Ltd. for evacuation of Power from Tala hydro plant in Bhutan to Delhi and 'Maithon Power Ltd.' with Damodar Valley Corporation for a 1050 MW Mega Power Project at Jharkhand. Tata Power is serving more than 2.6 million distribution consumers in India and has developed the country's first 4000 MW Ultra Mega Power Project at Mundra (Gujarat) based on super-critical technology. It is also one of the largest renewable energy players in India with a clean energy portfolio of 1996 MW. Its international presence includes strategic investments in Indonesia through a 30% stake in the leading coal company PT Kaltim Prima Coal (KPC), 26% stake in mines at PT Baramulti Suksessarana Tbk ("BSSR"); in Singapore through Trust Energy Resources to securitize coal supply and the shipping of coal for its thermal power generation operations; in South Africa through a joint venture called 'Cennergi' to develop projects in sub-Sahara Africa; in Zambia through 50:50 joint venture with ZESCO for 120 MW Hydro which has become operational in 2016; in Georgia through AGL which is a joint venture with Clean Energy, Norway & IFC for development of 185 MW hydro project which is scheduled to be commissioned in 2016; in Australia through investments in clean coal technologies and in Bhutan through a hydro project in partnership with The Royal Government of Bhutan. With its track record of technology leadership, project execution excellence, world class safety processes, customer care and driving green initiatives, Tata Power is poised for a multi-fold growth and committed to 'lighting up lives' for generations to come".
