MOU WITH E-TIVITY CORPORATION (APAC) Pty. Ltd.

Mumbai – September 25, 2013

About Trigyn Technologies Limited

Trigyn Technologies is a public multi-national Information Technology firm providing custom software solutions, remote infrastructure management and consulting services to clients in 16 countries across Asia, North America, Europe, and Africa. It was established in the year 1986. Trigyn retains state of the art development centers in Asia, with a corporate presence in the United States, Germany and India.

Trigyn's service offerings are focused on custom solution development (desktop, web, mobile), reengineering, maintenance and support, migration, integration services, web-based solutions, ERP, CRM, ECM and open source solutions. Trigyn understands each client has unique requirements and emphasizes flexibility in our delivery models to ensure successful relationships with diverse clients in challenging environments. Trigyn benefits from over 27 years of experience in the information technology industry and has an established client base of major fortune 500 companies in diverse industry, World Governmental Organizations, and US State Governments.

The Company is listed on The National Stock Exchange of India Limited (NSE) and BSE Limited (BSE). Visit www.trigyn.com to know more about the Company.

About E-tivity Corporation (APAC) Pty. Ltd.

E-tivity® Corporation is a developer and supplier of easy to use Workforce Management solutions which provide organizations with a comprehensive suite of management tools to reduce labor costs, improve organizational efficiencies, enhance employee communication and to optimize the performance of your workforce in every location.

E-tivity has over three decades of experience in Workforce Management, and its solutions are improving labor efficiency and reducing costs at thousands of sites around the world in various vertical markets, and with strong presence in Australia and New Zealand.

MoU with E-tivity Corporation:

We are pleased to inform that a MoU has been entered with E-tivity Corporation inter alia for Sales, Implementation, Integration and Support services for E-tivity Products in India. Trigyn will be the implementation partner of E-tivity, and the parties will jointly explore business models and revenue sharing opportunities..

Both firms believe that this is a first step in a joint journey to take the E-tivity product to the global market. Trigyn has spent sufficient time in analyzing the workforce management market and have concluded that the E-tivity solutions, 100% cloud delivered, has the features and performance richness to enable both Trigyn and E-tivity to become a major player in this market segment in the long-term.
