TAKE Solutions launches 'TAKE Academy of Life Science and Leadership'

Academy aims to create skilled, competent and job-ready workforce for the Life Sciences industry

Chennai, 18 February 2015: TAKE Solutions Ltd., a global business technology solutions provider, today announced the launch of the TAKE Academy of Life Science and Leadership (TALL) to cater to the talent needs of the Life Sciences industry. This is with an aim to create a well-informed and industry-ready workforce that is competent in an era of transparency, collaboration, continuously transforming regulatory standards, and for enabling better healthcare for the global patient population.

The Life Sciences industry is a knowledge industry that requires deep domain expertise, knowledge of emerging regulations, and strict enforcement of quality and compliance initiatives and TALL will be delivering a differentiated curriculum to address this agenda.

The pace of change driven by increased automation leveraging cutting edge technology solutions and mandates by global regulatory agencies for safer and more effective drugs at affordable healthcare costs is extremely high. The training needs of the existing workforce as well as those entering have to be addressed differently.

TALL's hands-on approach to delivering cutting edge curriculum along with providing candidates with the best of wet lab facilities as well as access to technology solutions via computer labs for real and practical experience to solving industry challenges is very unique.

With the overarching objective of addressing the skill and knowledge gap in the life sciences industry, the TAKE Academy of Life Science and Leadership works to enhance the proficiency of the existing workforce, enables technical expertise of students and reaches out to underprivileged youth to take up higher education through its "Earn while you learn" scheme. This unique venture of TAKE Solutions involves innovative teaching methodologies in physical and virtual classrooms, to impart skills as well as self-empowerment through leadership training.

Srinivasan H R, Vice-Chairman and Managing Director, TAKE Solutions said, "In anticipation of the growth opportunity in life sciences space in India, which will in turn fuel the talent needs, we are excited to announce the launch of TAKE Academy of Life Science and Leadership. We are optimistic that this initiative will play a crucial role in bridging the talent gap in the industry and also contribute to strengthening India's position as a leading pharma market for foreign investors and partners".

Ram Yeleswarapu, President & CEO, TAKE Solutions said, "We have been serving the global Life Sciences industry very effectively for well over a decade and now aim to empower the workforce with knowledge and technologies that are shaping the trends of the future".

Anuradha Parakkat, President of TAKE Academy of Life Science and Leadership said, "TAKE Academy of Life Sciences and Leadership provides industry-oriented training to equip talent to keep up with the constantly transforming regulatory demands and other specialized, in-demand skills in the Life Sciences industry. Our domain expertise, industry-aligned courses and practical approach qualifies aspiring candidates to be readily absorbed into the industry for promising careers in the future.
