Asst. Company Secretary

For immediate release

TAKE Solutions' RoutePro Unwired 1.0 achieves Certification for Integration with SAP Mobile Platform

The mobile direct-store-delivery application - developed in collaboration with SAP co-innovation labs

Chennai, 8 June, 2015: TAKE Solutions Ltd. announced that its RoutePro Unwired 1.0 is now a SAP certified mobile Direct-Store-Delivery (DSD) application. The solution has been certified to integrate with SAP ERP solutions, providing faster implementations and deployments in SAP solution-based landscapes with the power and security of industry leading SAP Mobile platform 3.0.

The SAP Integration and Certification Center has certified that RoutePro Unwired 1.0 integrates with SAP ECC 6 EHP6 to address direct store delivery and extend route accounting capabilities to the field. As a result of the certified integration, RoutePro Unwired 1.0 will integrate with SAP ERP to provide route-sequencing, sales with advanced promotions & pricing, streamline collection process, fast mobile invoicing, delivery tracking for customers and accurate inventory accounting of warehouse materials.

"We are delighted to announce the successful achievement of SAP certification for RoutePro Unwired 1.0 which is a result of our close association with SAP Co-Innovation Lab in Bangalore," said Srinivasan H.R., Vice Chairman and Managing Director, TAKE Solutions. "As a leading provider of DSD solutions in the Middle East region TAKE is now better poised to introduce its offerings to the US and European markets with this new SAP integration."

"The strategic intent to move TAKE Solutions' established mobile direct store delivery solution (DSD) to SAP Mobile platform laid the foundation for this successful co-innovation. Through collaboration with SAP product teams for mobility and DSD combined with a deep understanding of field sales personnel, TAKE Solutions built an application with a next-generation mobile experience and tight integration into the DSD process in SAP ERP. The Arabic language support is another key benefit of this mobile application for our customers in the MENA region" said Rudolf Held, Head Global SAP Co-Innovation Labs.

Using SAP Technology, TAKE Solutions now provides consumer industries with an ability to integrate their field sales and marketing team with an easy to use interface and in real time with their back office. RoutePro Unwired application is built to support both Android and Windows mobile OS, which brings choice to the customers regarding handheld devices. RoutePro Unwired 1.0 connects with SAP ERP and DSD application using industry leading SAP Mobile platform 3.0

About TAKE Solutions:
