Partnership with Kellton Tech Further Empowers BEC's SAP and S/4 HANA Capabilities

BEC (Systems Integration) Ltd, a leading provider of automated data capture and voice solutions for use within the supply chain, logistics and manufacturing industries, has formed a partnership with Kellton Tech, a global leader in digital transformation with a strong expertise in enterprise solutions.

The partnership will help infuse SAP's latest capabilities into BEC's solutions, enabling them to successfully implement S/4 HANA migration.

Based on its eSmart® Data Capture software suite, BEC's innovative solutions leverage the power of ERP to deliver improved accuracy and productivity within its clients' warehouse, distribution centre and manufacturing departments. With a strong emphasis on voice-based technology, BEC's solutions are totally flexible and are able to accommodate the specific data capture needs of any business, helping to streamline processes, increase accuracy and efficiency and ultimately cut costs.

Established almost 25 years ago, BEC's consultative approach and strong industry knowledge have enabled its customers to leverage the latest best-of-breed products, software and services to maximise their output; a skill which has harnessed an impressive list of clients which includes Raleigh, Haribo, Estee Lauder, Malcolm Group, Baxters and Kerrygold.

BEC is also a member of GS1, the global standards agency for barcoding, and boasts a team of GS1-certified consultants, encompassing decades of experience in seamlessly integrating and developing data capture software solutions to various business hosts, including SAP.

Tony Hampson, Managing Director at BEC, comments, "Kellton Tech is a pioneer in the SAP services space due to its breadth and depth of services and global leadership in digital transformation. We look forward to harnessing Kellton Tech's SAP expertise and global footprint to enhance our implementation services and solution delivery to our clients."

[Kellton Tech's](#) expertise in SAP continues to grow from strength to strength. A certified SAP Gold Partner, it ranks among the top 3% of partners in North America to earn re-certification as a SAP Partner Center of Expertise. In a development that is representative of its cutting-edge expertise in SAP, Kellton Tech was selected to develop a video series on migration, from SAP ECC to S/4HANA 1610. As one of the first organisations to implement S/4 HANA when it was released in 2015, and among the few to possess SAP Hybris expertise, Kellton Tech is uniquely-qualified in the SAP implementation business.

Expressing his delight on the partnership, Gerard Eivers, General Manager – Europe at Kellton Tech, comments, "We have always admired BEC's innovative solutions and are happy to thus empower their ability to deliver better strategic value to their customers. [Kellton Tech's SAP implementation](#) capabilities have been the key pillar for many enterprises, from startups to Fortune 500 companies for driving digital transformation of their systems. We are committed to leveraging SAP's innovations, including S/4 HANA and Hybris, to enable enterprises to benefit from operational synergies and real-time insights through enterprise-wide integration."
