Dear Sirs,

Tata Power Club Enerji saves 17.25 million units nationally, sensitises 12.8 million citizens across 11 locations

Tata Power's nationwide resource and energy conservation movement Club Enerji, has been relentlessly spreading awareness about resource conservation across the country, through its theme of national building. In line with this, the Club Enerji movement has successfully achieved a significant milestone of saving 17.25 million units of electricity by sensitising more than 12.8 million citizens across 11 locations in Mumbai, Delhi, Ahmedabad, Kolkata, Pune, Bangalore, Lonavala, Maithon, Belgaum, Jamshedpur and Ranchi. This saving is equivalent to saving 17000 tons of CO2, which is equivalent to the amount of energy.

Since its inception in 2007, Club Enerji has been active in over 500 schools and has created 1337 Mini Clubs all over India. The club has now created more than 195216 Energy Champions and 241917 Energy Ambassadors among school students. In 2015-16, Club Enerji has saved over 2.5 million units and sensitised close to 3.5 million citizens

The Press Release to be issued by the Company is attached for your ready reference.

Yours faithfully,
For The Tata Power Company Limited

Tata Power Club Enerji saves 17.25 Million units nationally, sensitises 12.8 million citizens across 11 locations

~ Saved over 2.5 million units and sensitised close to 3.5 million citizens in 2015-16 ~

National, 14th June, 2016: Tata Power's nationwide resource and energy conservation movement Club Enerji, has been relentlessly spreading awareness about resource conservation across the country, through its theme of national building. In line with this, the Club Enerji movement has successfully achieved a significant milestone of saving 17.25 million units of electricity by sensitising more than 12.8 million citizens across 11 locations in Mumbai, Delhi, Ahmedabad, Kolkata, Pune, Bangalore, Lonavala, Maithon, Belgaum, Jamshedpur and Ranchi. This saving is equivalent to saving 17000 tons of CO2, which is equivalent to the amount of energy.

Since its inception in 2007, Club Enerji has been active in over 500 schools and has created 1337 Mini Clubs all over India. The club has now created more than 195216 Energy Champions and 241917 Energy Ambassadors among school students. In 2015-16, Club Enerji has saved over 2.5 million units and sensitised close to 3.5 million citizens

In 2015-16, Club Enerji had launched an online module - http://www.clubenerji.com/ and users would simply need to register for a detailed access to it. The objective of this initiative is to reach out to a larger audience and impact a larger group of IT skilled children with a vision to transform by adopting a holistic and robust approach towards conservation. The online module helped Club Enerji reach audiences in newer countries like Philippines, UAE, US, UK and South Africa and cities like Chandigarh, Hyderabad and Chennai

Speaking on the initiative, **Mr. Anil Sardana, CEO & Managing Director, Tata Power,** said, *"We are happy and proud to reach this significant milestone in driving the message of energy conservation across the country. Tata Power has always been committed to the cause of saving energy and propagated resource conservation practices since its inception .I take this opportunity to thank all the students, schools and our Club Enerji team for supporting Tata Power in its efforts to save our planet and light up lives for the years to come."*

As part of its initiatives, Club Enerji also organised activities for the school students like nature trails and visits to Tata Power Mahseer hatchery in Lonavala to increase awareness on its conservation projects and also provide practical knowledge about the environment.

Today, Club Enerji has become a holistic movement to save energy and natural resources. Club Enerji banks on the youth of the nation and has essentially worked towards curbing energy wastage, there by mitigating emission of greenhouse gases that lead to global warming and climate change.

About Tata Power Club Enerji:

Tata Power started its school outreach programme, "Tata Power Energy Club" in 2007. In 2009, Club Enerji took its next big leap, with the programme turning into a national movement, across Mumbai, Delhi, Pune, Ahmedabad, Bengaluru, Kolkata, Belgaum, Jamshedpur and Lonavla and further attained a new milestone of achieving over one million citizens sensitization and more than one million units energy savings. School children, from Class III to Class IX, are taught the importance of conserving energy through innovative modules which include audiovisuals and power point presentations. Children are imparted energy saving and resource conservation tips during these sessions, usage of which have shown dramatic savings. Club Enerji reached out to more than 12.8 million, collectively saved 17.2 million units of electricity and is present in 11 cities across 500 schools in India.

About Tata Power:

Tata Power is India's largest integrated power company with a growing international presence. The Company together with its subsidiaries and jointly controlled entities has an installed gross generation capacity of 9184 MW and a presence in all the segments of the power sector viz. Fuel Security and Logistics, Generation (thermal, hydro, solar and wind), Transmission, Distribution and Trading. It has successful public-private partnerships in Generation, Transmission and Distribution in India namely "Tata Power Delhi Distribution Limited" with Delhi Vidyut Board for distribution in North Delhi, 'Powerlinks Transmission Ltd.' with Power Grid Corporation of India Ltd. for evacuation of Power from Tala hydro plant in Bhutan to Delhi and 'Maithon Power Ltd.' with Damodar Valley Corporation for a 1050 MW Mega Power Project at Jharkhand. Tata Power is serving more than 2 million distribution consumers in India and has developed the country's first 4000 MW Ultra Mega Power Project at Mundra (Gujarat) based on super-critical technology. It is also one of the largest renewable energy players in India with a clean energy portfolio of 1749 MW. Its international presence includes strategic investments in Indonesia through a 30% stake in the leading coal company PT Kaltim Prima Coal (KPC), 26% stake in mines at PT Baramulti Suksessarana Tbk ("BSSR"); in Singapore through Trust Energy Resources to securitize coal supply and the shipping of coal for its thermal power generation operations; in South Africa through a joint venture called 'Cennergi' to develop projects in sub-Sahara Africa; in Zambia through 50:50 joint venture with ZESCO for 120 MW Hydro which has become operational in 2016; in Georgia through AGL which is a joint venture with Clean Energy, Norway & IFC for development of 185 MW hydro project which is scheduled to be commissioned in 2016; in Australia through investments in enhanced geothermal and clean coal technologies and in Bhutan through a hydro project in partnership with The Royal Government of Bhutan. With its track record of technology leadership, project execution excellence, world class safety processes, customer care and driving green initiatives, Tata Power is poised for a multi-fold growth and committed to 'lighting up lives' for generations to come".
