Linde India's Q3 Revenues grow by 16%

New Delhi, 10 November 2016: Linde India Limited announced its financial results for the third quarter ended 30 September 2016, which were approved by the Company's Board of Directors at its meeting held earlier today.

The net revenue for the quarter, at Rs. 4,650 million, grew by 16% compared to same quarter last year. The revenues of the Gases business grew by 13% during the quarter, driven by an increase in demand in the steel and automotive segments. The Project Engineering revenues registered a growth of 35% compared to same quarter last year.

The operating profit for the quarter stood at Rs. 758 million, a 21% increase over the same quarter last year. The gases business contributed Rs. 652 million, registering an increase of 29%. The engineering business contributed Rs. 106 million, lower by 14% from the same quarter last year due to lower margins on current projects.

The depreciation charge and financing cost of the newly commissioned air separation units at Tata Steel's steelworks in Kalinganagar, recognition of loss from termination of a finance lease contract of Rs 47 million and impairment charge of Rs. 14 million for an asset resulted in a loss before tax of Rs. 79 million and net loss of Rs. 55 million compared to a profit before tax of Rs.10 million and net profit of Rs. 3 million in the same quarter last year. Adjusted for the effects from the aforementioned newly commissioned plants, loss from the termination of
