NATCO announces REVLIMID® Settlement with Celgene

Hyderabad, India, December 23rd, 2015

Natco Pharma Limited (NSE: NATCOPHARM; BSE: 524816) and its US partner Allergan announce settlement of its pending litigation with Celgene regarding generic Lenalidomide.

Celgene has agreed to provide Natco with a license to Celgene's patents required to manufacture and sell an unlimited quantity of generic Lenalidomide in the United States beginning on January 31, 2026. In addition, Natco will receive a volume-limited license to sell generic Lenalidomide in the United States commencing in March 2022. The volume limit is expected to be a mid-single-digit percentage of the total Lenalidomide capsules dispensed in the United States during the first full year of entry. The volume limitation is expected to increase gradually each 12 months until March of 2025, and is not expected to exceed one-third of the total Lenalidomide capsules dispensed in the U.S. in the final year of the volume-limited license under this agreement.

REVLIMID® had recorded sales of nearly \$3.4 billion in the US market for the year ending September 2015 (Source: Celgene Website).
