Hyderabad, May 29, 2017: Mold-tek Packaging Limited is the leader in manufacturing injection moulded rigid plastic packaging containers (BSE Code: 533080). Mold-tek has been the innovator and torch bearer in introducing many world class packaging products in India for Lubes, Paints, Food and FMCG products.

Mold-tek is the first Company in India to introduce recently "***In-Mold Labeling (IML)***" concept for decorating plastic containers using **ROBOTS**. IML enables photographic quality decoration with complete hygienic and hands free production of containers suitable for food and FMCG products. Mold-Tek ***is the only packaging Company in the world to design and manufacture in house ROBOTS*** for the IML decoration.

The Board met on May 29, 2017 to adopt the Audited financial results

Commenting on future prospects:

Mr. J. Lakshmana Rao, Chairman and managing director, said, during the quarter Company recovered from demonetization effect and reported a 6% volume growth over Last year quarter Q4 and 17% volume growth against Q3 of current year.

That the Company is moving into high value added IML decorated containers for not only its traditional blue chip clients in Paint and Lube industry but also increasing entry into Food and FMCG industries, where IML is proved to be the best option for hygienic and food safety standard packaging. Company has been procured land for both Vizag and Mysore plants being set up for supply of pails to new plants of Asian Paints.

Mold-Tek Packaging Limited Jubilee Hills, Hyderabad
