Energize Award – 2014

PRESS RELEASE

September 2, 2014:

India Power Corporation Limited, one of the nation's leading power companies, receives the prestigious Energise Awards – 2014 from TSPL, Mumbai in 2 categories. The categories are **"Excellence in Innovation in Wind Energy" & "Excellence in Energiser Company of the Year".**

This award is instituted to recognize those organizations and individuals who have made or in the process of making a difference to India's Energy Sector. These awards are being given to the organization who have displayed efficiency and expertise leadership in the areas of –

- Power generation (fossil and renewable fuels).
- Transmission & Distribution
- PPC Contractors

About India Power Corporation Limited (www.indiapower.com):

An ISO-9001 (2008) certified company, India Power Corporation Limited is pursuing the businesses of electricity generation, transmission, distribution and trading. Headquartered in Kolkata, IPCL is the supplier to several critical businesses such as the collieries of Eastern Coalfields Ltd. as well as hospitals, government utilities and industrial and commercial consumers.

It has a thermal power plant at Dishergarh in West Bengal, wind assets in Rajasthan, Gujarat and Karnataka, a solar power plant in Asansol and an upcoming thermal power plant in Haldia, West Bengal. Additionally, thermal power projects in Bihar, Gujarat and Madhya Pradesh have been planned. IPCL intends to scale its generation portfolio to 10,000 MW in the coming years.

The company has a strong distribution network with T&D losses that are considered some of the best in the industry, at less than 3% against the industry standard of 25% or more.

The Company through its wholly owned subsidiary has started distribution franchisee operations in Gaya, Bihar.
