Encl: As above

NIIT Technologies launches intelligent automation for business operations

Partners with UiPath for Robotic Process Automation

NEW DELHI, February 11 2016, NIIT Technologies Limited, a leading global IT solutions organization adopts intelligent automation to drive greater business benefits for its clients globally. It has partnered with UiPath, a software company specialized in Robotic Process Automation (RPA) solutions for this initiative. RPA is the application of technology (software robot) to interpret existing applications for processing a transaction, manipulating data, triggering responses and communicating with other digital systems.

Siddhartha Singh, Head of BPO, NIIT Technologies stated, *"Our proprietary framework, ProcessGymSM enables us to identify automation opportunities. Together with the capabilities of UiPath we will deliver end-to-end solutions for greater business value to our customers."*

Under this partnership, NIIT Technologies will leverage UiPath's advanced automation software to deliver operational efficiency for its clients.

"NIIT Technologies' commitment to excellence in digital services has established them as an innovative leader and we are pleased to have them as a strategic partner for our robotic process automation software. NIIT Technologies is an integral part of our plans for continued global expansion and we look forward to continued mutual success." said Daniel Dines CEO & Founder at UiPath.

NIIT Technologies is continuously enhancing its capabilities in Digital Services through investments in new emerging technologies, partnerships and appropriate skills to deliver exceptional customer value and operational excellence.

About NIIT Technologies

NIIT Technologies is a leading global IT solutions organization, servicing customers in Americas, Europe, Middle East, Asia and Australia. It offers services in Application Development and Maintenance, Infrastructure Management, IP Asset or Platform Solutions, Business Process Management, and Digital Services to organizations in the Financial Services, Travel & Transportation, Manufacturing/Distribution, and Government sectors. The Company adheres to major global benchmarks and standards, having secured the ISO 9001:2000 certifications and the ISO: 27001 Information Security Management accreditation. NIIT Technologies also follows global standards of development. It has been assessed at Level 5 of SEI CMMi version 1.2. NIIT Technologies Business Process Management conforms to the highest quality standards such as COPC. Its data centre operations are assessed at the international ISO 20000 IT management standards.
