Wipro Wins Infrastructure Deal from Australia-based Oil and Gas Company, Woodside

Bangalore, India and East Brunswick, New Jersey, USA, December 1, 2016 – Wipro Limited (NYSE: WIT, BSE: 507685, NSE: WIPRO), a leading global information technology, consulting, and business process services company, today announced that it has been awarded a three-year IT infrastructure services and digital transformation contract by Woodside. Woodside is an Australian oil and gas company with a global presence, and is recognised for its world-class capabilities as an explorer, a developer, a producer and supplier.

Leveraging its ServiceNXT platform, Wipro will provide Managed Services for IT Infrastructure across Woodside's global portfolio, with a focus on the larger sites of Perth and Karratha in Australia. The engagement includes delivering infrastructure services to offshore maritime facilities and potential exploration sites.

Backed by deep domain experience in Oil & Gas, Wipro will also support Woodside with the digital transformation of its upstream operations.

Manoj Nagpaul, Chief Sales and Operations Officer, Asia-Pacific & Japan, Wipro Ltd. said, "We are delighted to work with Woodside in Australia. We have been in Australia for almost 15 years now and are a trusted provider to leading Australian companies in their pursuit of agility, efficiency and digitisation. This win is a realisation of our strategy of investing in major resource basins globally with a view to be closer to our clients and combining it with our extensive oil and gas experience, strong IT infrastructure services & Digital transformation capability and leadership position in Australian market."

Anand Padmanabhan, President - Energy, Natural Resources and Utilities & Construction SBU, Wipro Ltd. said, "We are excited about our deal with Woodside and are confident that our functional excellence and industry expertise along with our digital transformation capabilities will successfully support Woodside's business objectives. We look forward to building this relationship and co-innovating with Woodside."

Having worked with customers in Australia starting 2002, Wipro, today has a presence in all major Australian cities - Sydney, Melbourne, Newcastle, Perth, Adelaide, Brisbane and Canberra. The company works with 55+ customers across diverse industry sectors such as Banking, Insurance, Mining, Telecom, Energy, Government, Retail and Consumer Packaged Goods in Australia.

About Woodside

Woodside is Australia's largest independent oil and gas company with a global presence, recognised for its world-class capabilities – as an explorer, a developer, a producer and a supplier. The company's assets are renowned for their safety, reliability and efficiency, and Woodside is Australia's most experienced liquefied natural gas (LNG) operator.

Woodside's producing assets in Australia include the landmark North West Shelf (NWS) Project, which has been operating since 1984. In 2012, the company commenced production from the Pluto LNG Plant. The company's global exploration portfolio includes emerging and frontier provinces in Australia and the Asia-Pacific region, the Atlantic Margins, Sub-Saharan Africa and Latin America. Woodside has significant equity interests in high-quality development opportunities in Australia (Browse), Canada (Kitimat) and Myanmar. Woodside believes that technology and innovation are essential to bringing down costs and unlocking future growth. Today, it is pioneering remote support and the application of artificial intelligence and advanced analytics in its operations. For more information visit www.woodside.com.au

Forward-looking and Cautionary Statements

Certain statements in this release concerning our future growth prospects are forward-looking statements, which involve a number of risks, and uncertainties that could cause actual results to differ materially from those in such forward-looking statements. The risks and uncertainties relating to these statements include, but are not limited to, risks and uncertainties regarding fluctuations in our earnings, revenue and profits, our ability to generate and manage growth, intense competition in IT services, our ability to maintain our cost advantage, wage increases in India, our ability to attract and retain highly skilled professionals, time and cost overruns on fixed-price, fixed-time frame contracts, client concentration, restrictions on immigration, our ability to manage our international operations, reduced demand for technology in our key focus areas, disruptions in telecommunication networks, our ability to successfully complete and integrate potential acquisitions, liability for damages on our service contracts, the success of the companies in which we make strategic investments, withdrawal of fiscal governmental incentives, political instability, war, legal restrictions on raising capital or acquiring companies outside India, unauthorized use of our intellectual property, and general economic conditions affecting our business and industry. Additional risks that could affect our future operating results are more fully described in our filings with the United States Securities and Exchange Commission. These filings are available at www.sec.gov. We may, from time to time, make additional written and oral forward-looking statements, including statements contained in the company's filings with the Securities and Exchange Commission and our reports to shareholders. We do not undertake to update any forward-looking statement that may be made from time to time by us or on our behalf.
