NIIT Technologies Identified as an Innovator in NelsonHall's Digital Transformation Services NEAT

NOIDA, May 25 2017, NIIT Technologies Limited, a leading global IT solutions organization has been identified as an 'Innovator' in NelsonHall's 'Digital Transformation Services NEAT' (DTS NEAT) report.

Vendors that exhibit strong capabilities to drive future client requirements and have scope to enhance their ability to deliver immediate benefit to clients in the Digital Services space are identified as Innovators. NIIT Technologies has been rated high, relative to peers, on consulting capabilities, design thinking and commitment to innovation in delivering Digital transformations.

David McIntire, Research Director at NelsonHall, commented "We have witnessed that NIIT Technologies is shifting its focus from traditional application development and maintenance to digital capabilities aimed at delivering customer experience in its target industry verticals. It has built an agile development capability, is developing new digital offerings, and is partnering with a broad set of organizations for access to emerging technologies".

Joel Lindsey, Global Head of Digital Services at NIIT Technologies says, "We are pleased to be recognized as an Innovator in the extremely competitive Digital space. I believe it highlights our solid Digital Services portfolio, our capability to add value beyond successful project delivery, and our focus on delivering the best client experience across our core industries."

The NelsonHall NEAT analyzed the performance of 13 vendors offering 'Digital Transformational Services' as part of their IT services portfolio. The scoring of vendors is based on a combination of analyst assessment and feedback from interviewing of vendor clients.

Digital Services at NIIT Technologies include Digital Experience, Data & Analytics, Cloud, Digital Integration and Emerging Technologies.
