Hyderabad

Press Release

Heritage Foods Limited, Hyderabad announces grid synchronization of its first solar power plant of 2.34 MW on 29th September 2013, as part of its clean energy initiative.

The project is located in Adavimasjidpally village, Mulugu Mandal, Medak dist. This is the first solar project in Medak district. Power generated will be used for its captive purpose i.e. for its dairy unit located in Hyderabad. The 2.34 MW solar PV plant is equipped to supply more than 4 million units of clean and green energy annually. It is expected to displace nearly 3,300 MT of CO₂ annually. The plant, spread across an area of 14 acres comprises of 9,360 Solar PV modules using multi crystalline technology. The project was completed in a record time of 90 days by M/S Mahindra EPC Private Limited.

The successful commissioning has largely been possible due to the unstinted efforts of Mahindra EPC. Their professional approach helped us achieve the plant commissioning in a record 90 days. Additionally, the cooperation extended by NREDCAP, APCPDCL, and APTRANSCO has been pivotal for the commissioning of the plant."
