PRESS RELEASE

Gartner Positions Infosys as a Leader in Magic Quadrant for Application Testing Services

Bengaluru – January 19, 2018: Infosys (NYSE: INFY), a global leader in consulting, technology and next-generation services today announced that Gartner, Inc. has positioned Infosys as a Leader in its Magic Quadrant for Application Testing Services, World Wide (Europe, Middle East and Africa, North America and Asia Pacific).

The Gartner Magic Quadrant assessed 18 leading application testing service providers and evaluated vendors that provide Application Testing Services on two primary criteria – 'completeness of vision' and 'ability to execute'. This is the third consecutive time Infosys has been positioned as a Leader in the report.

Infosys Validation Solutions (IVS) helps companies in their digital transformation journey by delivering enterprise digital assurance through engineering-led QA. IVS delivers end-to-end test automation solutions and domain-specific IP for its clients, enabling them to increase customer engagement.

Key solutions include:

Infosys Quality Assurance Workbench, an artificial intelligence based modular assurance workbench built for leading digital technologies. It enables lifecycle delivery management and orchestration, end-to-end functional and non-functional automation, and leverages in-built data analytics capabilities for best-in-class testing

Infosys Business Assurance Store, a unique knowledge-based solution with a repository of more than 1 million test assets across various industry domains, technologies, products and packages. This solution enables clients to enhance productivity in test planning, aids continuous testing and minimizes dependency on subject matter experts (SMEs)

Ravi Kumar, President and Deputy Chief Operating Officer, Infosys, said, "I believe being recognized as a Leader in Gartner's Magic Quadrant for Application Testing Services has revalidated our strength in operational capabilities, application quality and delivery excellence. We have an industrialized and standardized testing practice on which clients have rated us highly. This acknowledgment is testimony to our success in delivering enterprise digital assurance through engineering-led quality assurance."

Gartner's Magic Quadrant for Application Testing Services report can be accessed here.

Safe Harbor

Certain statements in this press release concerning our future growth prospects are forward-looking statements regarding our future business expectations intended to qualify for the 'safe harbor' under the Private Securities Litigation Reform Act of 1995, which involve a number of risks and uncertainties that could cause actual results to differ materially from those in such forward-looking statements. The risks and uncertainties relating to these statements include, but are not limited to, risks and uncertainties regarding fluctuations in earnings, fluctuations in foreign exchange rates, our ability to manage growth, intense competition in IT services including those factors which may affect our cost advantage, wage increases in India, our ability to attract and retain highly skilled professionals, time and cost overruns on fixed-price, fixed-time frame contracts, client concentration, restrictions on immigration, industry segment concentration, our ability to manage our international operations, reduced demand for technology in our key focus areas, disruptions in telecommunication networks or system failures, our ability to successfully complete and integrate potential acquisitions, liability for damages on our service contracts, the success of the companies in which Infosys has made strategic investments, withdrawal or expiration of governmental fiscal incentives, political instability and regional conflicts, legal restrictions on raising capital or acquiring companies outside India, and unauthorized use of our intellectual property and general economic conditions affecting our industry. Additional risks that could affect our future operating results are more fully described in our United States Securities and Exchange Commission filings including our Annual Report on Form 20-F for the fiscal year ended March 31, 2017. These filings are available at www.sec.gov. Infosys may, from time to time, make additional written and oral forward-looking statements, including statements contained in the company's filings with the Securities and Exchange Commission and our reports to shareholders. In addition, please note that any forward-looking statements contained herein are based on assumptions that we believe to be reasonable as of the date of this press release. The company does not undertake to update any forward-looking statements that may be made from time to time by or on behalf of the company unless it is required by law.
