Tata Motors launches BS-IV compliant trucks

PRESS TRUST OF INDIA
Mumbai, 20 May

Leading commercial vehicles maker, Tata Motors has launched its new BS-IV ready medium and heavy duty trucks with 'exhaust gas recirculation' (EGR) and 'selective catalytic

reduction' (SCR) technologies in Tamil Nadu.

In a press release released on Saturday, Tata Motors stated that the company has perfected EGR and SCR technologies for its wider range of commercial vehicles from small commercial vehicles (SCVs) to heavy

commercial vehicles (HCVs) as per technical suitability to meet the recently implemented emission standard instituted by the Centre.

The company showcased over 20 models of BS-IV compliant trucks during "Truck World" event at Salem for

transporters across the state.

The company is the only OEM (original equipment manufacturer) to offer both EGR and SCR technologies for its entire range of commercial vehicles, including MHCV, as per technical and application aptness, the release said.
