(i) Exemptions applied at transition

Ind AS 101 (First-time Adoption of Indian Accounting Standards) provides a suitable starting point for accounting in accordance with Ind AS and is required to be mandatorily followed by first-time adopters. Ind AS 101 allows first-time adopters exemptions from the retrospective application of certain requirements under Ind AS. The Company has applied the following exemptions in its standalone financial results:

a. Property, Plant and Equipment were carried in the statement of financial position prepared under previous GAAP as at 31st March, 2015. The Company has elected to regard such carrying amount as deemed cost at the date of transition i.e. 1st April, 2015.

b. Under previous GAAP, investment in subsidiaries, joint ventures and associates were stated at cost and provisions made to recognise the decline, other than temporary. Under Ind AS, the Company has elected to regard such carrying amount as at 31st March, 2015 as deemed cost at the date of transition.

c. As per the previous GAAP, the cost of ITC Employee Stock Option Scheme (ITC ESOS) [equity-settled] was recognised using the intrinsic value method. Under this method, no expenses were recognised in the statement of profit and loss as the fair value of shares on the date of grant equalled the exercise price. Under Ind AS, the cost of ITC ESOS is recognised based on the fair value of the options as on the grant date. In terms of the exemptions, the fair value of unvested options as at the date of transition have been accounted for as part of reserves. The fair value of options vesting after the transition date have been recognised in profit or loss.

The cost of ITC ESOS applicable to employees of group companies, net of reimbursements, have been considered as capital contribution.

- (ii) Under previous GAAP, current investments were stated at lower of cost and fair value. Under Ind AS, these financial assets have been classified as FVTPL on the date of transition and fair value changes after the date of transition has been recognised in profit or loss.
- (iii) Under previous GAAP, non current Investments were stated at cost. Where applicable, provision was made to recognise a decline, other than temporary, in valuation of such Investments. Under Ind AS, financial assets in equity instruments [other than those in (i) (b)] have been classified as Fair Value through Other Comprehensive Income (FVTOCI) through an irrevocable election at the date of transition.
- (iv) Under previous GAAP, the net mark to market losses on derivative financial instruments, other than those designated as cash flow hedges, as at the Balance Sheet date, were recognized in profit or loss, and the net gains, if any, were ignored. Under Ind AS, such derivative financial instruments are to be recognised at fair value and the movement is recognised in profit or loss.
- (v) Under previous GAAP, dividend payable is recognised as a liability in the period to which it relates. Under Ind AS, dividends to shareholders are recognised when declared by the members in a general meeting.
