Quicktouch Technologies Limited Declared as Successful Resolution Applicant to Venture into IFP Manufacturing and refurbishing of Electronics

New Delhi, June 09, 2025 – Quicktouch Technologies Limited, a leading technology-driven enterprise specializing in EdTech, FinTech, and software solutions, is pleased to announce that it has been declared as the Successful Resolution Applicant under the provisions of the Insolvency and Bankruptcy Code, 2016, for the acquisition of Positive Electronics Limited a BSE listed company (trading suspended due to cirp).

As a subsidiary of the Quicktouch Group, Positive Electronics Limited will serve as the operational arm responsible for establishing and managing an Interactive Flat Panel (IFP) Manufacturing Unit, aimed at meeting the growing demand for digital education infrastructure and enterprise collaboration tools across both domestic and international markets. This strategic initiative will also enable the company to build a strong presence in the high-potential sectors of hardware manufacturing, refurbishing, and reselling a diverse range of electrical appliances, electronic devices, and consumer gadgets, including smartphones and laptops.

"2025 is truly a golden year for Quicktouch — we recently secured in-principle authorization from the Reserve Bank of India to operate as a Payment Aggregator, and now, being declared as the Successful Resolution Applicant for Positive Electronics Limited, marks another major milestone. This will be remembered as a year of strategic breakthroughs and forward-looking growth for the company" said Gaurav Jindal, Managing Director of Quicktouch Technologies Limited."

He further added, "We are excited about this new chapter, where Positive Electronics Limited will play a pivotal role in executing our hardware strategy,"

"As the parent company, Quicktouch will leverage this platform to strengthen our presence across the broader digital ecosystem by offering end-to-end solutions in both software and hardware."

The Letter of Intent (LOI) for the resolution has been formally received and accepted by Quicktouch Technologies Limited. All further steps, including approvals and formalities under the applicable legal framework and NCLT processes, will be duly undertaken.

Through this acquisition, Quicktouch Technologies Limited, as the holding company, reinforces its commitment to innovation, scalability, and cross-sector integration. The operational execution through Positive Electronics Limited is set to enhance the Group's market presence and strategic offerings, cementing Quicktouch's position as a diversified and future-ready technology enterprise
