Overall Change (Mar 2024 – Dec 2024) : The change in shareholding structure over this period is attributed to:

- Preferential allotment made to both the Promoter and Public categories.
- Conversion of warrants into equity in the public category, leading to a higher public shareholding percentage.

Despite the increase in public shareholding, the **Promoter and Promoter Group remain fully committed** to the company's vision and long-term growth strategy. Their continued stake reflects confidence in the company's future prospects.
