2. The preparation of the Statement in accordance with the recognition and measurement principles laid down in Indian Accounting Standard 34, Interim Financial Reporting (Ind AS 34) prescribed under Section 133 of the Companies Act, 2013 read with Rule 3 of Companies (Indian Accounting Standards) Rules, 2015, as amended, read with the Circular is the responsibility of the Company's management and has been approved by the Board of Directors of the Company. 3. We conducted our review in accordance with the Standard on Review Engagements (SRE) 2410, Review of Interim Financial Information Performed by the Independent Auditor of the Entity issued by the Institute of Chartered Accountants of India. The first quarter is usually the weakest, and such has been the nature of the business for long. However, we have taken steps to reduce this cyclical nature and the results of the same are visible from our current performance. The Enterprise and Government segment remained flattish on account of lower than expected growth from Government business. However, 'Seqrite' continues to be our flagship offering for the enterprise customers. Q1FY19 has set the tone for the business and we are confident of an uptick in our performance in the coming quarters. The digitization push and the data protection regulations across the globe, is making individuals and businesses realize the importance of security of their systems."

Mr. Nitin Kulkarni, Chief Financial Officer, Quick Heal Technologies Limited, added "The efforts being put in by the organisation to stabilise the business across all quarters is visible from our performance in Q1FY19. We are actively working on various strategies to improve our top line and at the same time, maintain a strict control over the operating overheads."
