Modi holds talks with Namibia prez; digi tech, defence in focus

ARCHIS MOHAN
New Delhi, 9 July

Prime Minister (PM) Narendra Modi's discussions with Namibian President Netumbo Nandi-Ndaitwah on Wednesday in Windhoek, the capital of the mineral-rich southern African country, were slated to focus on increasing bilateral cooperation, especially in the exploration, processing, and supply of critical minerals, including rare earth elements.

The PM landed in Windhoek on Wednesday morning. It was the first visit to Namibia by an Indian PM in 27 years and also the final port of call on his five-nation tour. Modi's discussions with the leadership of Ghana, Argentina, and Brazil — countries he visited during his longest foreign trip since 2015 — had also focused on expanding India's import of critical minerals. He also visited Trinidad and Tobago.

"Cooperation in areas such as digital technology, defence, security, agriculture, health-care, education, and critical minerals figured prominently in our discussions," Modi said in a post on social media after he met with Ndaitwah. "We also discussed how to boost linkages in trade, energy, and petrochemicals. Expressed gratitude for the assistance from Namibia in Project Cheetaah," he added.

It was also announced that Namibia will roll out the Unified Payments Interface (UPI)

later this year. The UPI technology licensing agreement was signed between the National Payments Corporation of India and the Bank of Namibia in April last year.

After concluding his participation in the Brics Summit in Rio de Janeiro, the PM held discussions with Brazilian President Luiz Inácio Lula da Silva in Brasília on Tuesday. India's Ambassador to Brazil, Dinesh Bhatia, told the media in Brasília after the talks:

"Given India's interest in critical minerals and also rare earth elements, we were told that Brazil is coming up with a new policy in the second half of this year, and that will open up many more opportunities for India and Indian companies in particular."

In a joint statement, the two sides emphasised the importance of critical minerals for economic development, national security, and clean energy technologies.

Modi and Lula welcomed collaboration between public and private companies from both countries to strengthen supply value chains and global competitiveness in mineral exploration, mining, beneficiation, processing, recycling, and refining of critical minerals.

India and Brazil signed six agreements, including on the exchange of information in the security domain, agricultural research, and renewable energy. At their joint press briefing in Brasília, Modi described his "friend" Lula as the "chief architect" of the strategic partnership between India and Brazil.

The two leaders set a goal of increasing bilateral trade to \$20 billion over the next five years. India's trade with Brazil is its largest among Latin American nations but still falls short of Brazil's trade volumes with China, the US, Argentina, and Germany.

To increase bilateral trade, the two leaders agreed to set up a ministerial-level mechanism to discuss trade and commercial matters. At India's request, President Lula conveyed Brazil's support for the expansion of the India-Mercosur Preferential Trade Agreement and instructed his team to work towards such an expansion.

Modi and Lula instructed their respective authorities to identify and address existing non-tariff barriers in bilateral trade.

At least 10 die as bridge collapses in Vadodara

PM, CM announce ex gratia of ₹2 lakh and ₹4 lakh

PRESS TRUST OF INDIA
Vadodara, 9 July

Ten persons, including two siblings, were killed and nine others rescued, some of them injured, after multiple vehicles plunged into Mahisagar river when a portion of a four-decade-old bridge collapsed in Vadodara district on Wednesday morning, officials said.

A slab of the Gambhira bridge, which connects central Gujarat to the Saurashtra region and is located near Padra town, collapsed, killing ten persons, Superintendent of Police (Vadodara rural) (SP) Rohan Anand said.

Visuals from the site showed the entire chunk of the slab of the bridge between two piers collapsed causing the vehicles, which were passing through the bridge, to plunge into the river.

Five out of nine persons who were rescued were getting treated at state-run SSG Hospital in Vadodara city, Anand said, adding none of them is in a critical condition.

The SP said the 10 to 15 metres long slab of the bridge came crashing down at around 7.30 am.

The rescue operation, involving fire brigade personnel, local residents as well as a team of the National Disaster Response Force (NDRF), was

still underway at the site, officials said.

At least half a dozen vehicles — two trucks, two vans, an autorickshaw and a two-wheeler — fell into the river after the bridge collapsed, Vadodara Collector Anil Dhameliya said.

Two other vehicles that came dangerously close to falling in the river were dragged away to a safer location, the collector said. Three persons on a two-wheeler, which fell into the river, managed to swim to safety, he added.

Prime Minister Narendra Modi and Gujarat Chief Minister Bhupendra Patel expressed grief over the tragedy and announced ex gratia of ₹2

lakh and ₹4 lakh, respectively, to the next of the kin of each deceased and ₹50,000 as compensation to the injured.

"The loss of lives due to the collapse of a bridge in Vadodara district, Gujarat, is deeply saddening. Condolences to those who have lost their loved ones. May the injured recover soon. An ex-gratia of ₹2 lakh from PMNRF would be given to the next of kin of each deceased. The injured would be given ₹50,000: PM," the PMO said on X.

Patel called the tragedy "extremely distressing," and said the state government will provide financial assistance of ₹4 lakh to the kin of each person who lost their lives and ₹50,000 to each of the injured.

Arunachal CM urges govt to give Bharat Ratna to Dalai Lama

Arunachal Pradesh Chief Minister (CM) Pema Khandu has said that the Dalai Lama should be honoured with the Bharat Ratna, adding that he will write to the central government to recommend India's highest civilian award for the Tibetan spiritual leader.

In an interview on Tuesday, Khandu also said that Beijing has no locus standi in the selection of the next Dalai Lama since Tibetan Buddhism is not even practised in China unlike in Tibet and the Himalayan regions of India.

Asked about a campaign by a group of MPs favouring the Bharat Ratna for the Dalai Lama, he said it was the Dalai Lama who propagated and expanded the Nalanda school of Buddhism.

Khandu also said that China's mega dam, being built near the Arunachal Pradesh border, will be a ticking "water bomb", an existential threat and a bigger issue than anything else apart from military threat, the state's Chief Minister Pema Khandu has said.

He said the world's largest dam project on the Yarlung Tsangpo river, the Tibetan name for Brahmaputra, is a matter of grave concern as China is not a signatory to the international water treaty that could have forced it to abide by international norms.

Two IAF pilots die in Jaguar crash

SATARUPA BHATTACHARIYA
New Delhi, 9 July

An Indian Air Force (IAF) fighter jet crashed in Rajasthan during training on Wednesday, killing both onboard pilots.

The Jaguar trainer aircraft met with an accident during a routine training mission and crashed near Churu, the IAF said in a post on X. "Both pilots sustained fatal injuries in the accident," the IAF said, adding that no civilian property was reported damaged.

A court of inquiry has been commissioned, and the cause or causes of the accident will likely be known internally to the IAF in the coming months.

The IAF has lost three pilots, one paratrooper, three Jaguars and one Mirage in crashes over the past six months — all in peacetime.

Wednesday's incident was the fourth IAF fighter jet to crash during training this year. On April 2, a pilot died and another was injured in Jamnagar, Gujarat. The crash involved a similar two-seat Jaguar that crashed after being airborne at night. Three days later a paratrooper from the IAF's skydiving team died after crash-landing during a demonstration in Agra, Uttar Pradesh.

Other pilots managed to eject safely in

the earlier crashes in Punjab's Ambala and Shivpuri, Madhya Pradesh, on March 7 and February 25, respectively.

The IAF's inquiries into the past three fighter jet crashes were categorised as "most severe". Jet accidents or incidents are placed in categories, depending on the extent of damage. According to the global data, where the mishap rate is based on flight time, this year's incidents or accidents are not unusual, according to analysts. For the IAF, the rate is one accident for every 10,000 flying hours.

34 accidents involving IAF fighter jets between 2017 and 2022 were attributed to human error, technical defect, foreign-object damage (things get sucked into the aero engine), and bird strikes.

From 1991 to 2000, there were 283 accidents — 42 per cent were due to human error — and 4,418 incidents, in which 221 aircraft were completely destroyed and 100 IAF pilots were killed.

The accident rate of fighter jets in India had declined from a peak of 0.93 (2000-2005) to 0.27 (2017-2022) and 0.20 (2020-2024), according to a 2024-25 report of the parliamentary standing committee on defence.

The IAF had 238 basic, intermediate and advanced trainer aircraft against a sanctioned strength of 368 last year.
