Ramky Infra has emerged as the 'Fastest Growing Construction Company (Large Category)

Hyderabad - 24th September 2012: Ramky Infrastructure Limited has emerged as the 'Fastest Growing Construction Company (Large Category) at the 10th Annual Construction World Global Awards 2012".

Construction World is the only publication that conducts the process of ranking and awarding industry participants since the past ten years, thereby fulfilling its mission to raise the standards of excellence in the industry. The company's selection is a prestigious accomplishment as the mathematical model drawn up covers financial figures of companies in the industry, for the past six years. The winners that emerge through this mathematical model are then vetted by a panel of industry experts.

Ramky has won the award for its consistent performance all through and has made a name for itself as a company that pushes infrastructural excellence to a higher level every time. Company sources reveal that as a part of their corporate philosophy, they are committed to build quality infrastructure for the country that future generations will be proud of... and this award is an affirmation of this philosophy.

Commenting on winning the award, Mr. Y. R. Nagaraja said, "*Ramky Infra has been continually growing in the construction industry since the day it has stepped in. It's my privilege to receive such a far-fetched prestigious award for the second time on behalf of my organization. We shall continue our tradition of innovation at every milestone in each endeavor. In this context, the key to inform and transform our community into a powered team of professionals, set to take on new challenges and emerge as sure winners, taking the company to reach new heights.*"
