Commenting on the Results, Shri Mahendrakumar Kabra, MD said, -

“We have delivered a strong first half of FY27, with revenue from operations growing 78% year-on-year and profit after tax increasing 88%. The performance reflects healthy demand across our core portfolio, alongside the strong growth in our expanding businesses, supported by focused execution and strategic investments.

Our Copper Tubes & Pipes business continues to gain meaningful scale, with revenue growing 69% year-on-year in Q2 FY27 and 133% in H1 FY27. Its contribution to overall revenue increased from 19% in H1 FY26 to 25% in H1 FY27, highlighting its growing role in diversifying our business mix alongside our winding wires and strips portfolio.

Looking ahead, we see our established core businesses and emerging growth platforms as complementary drivers of our next phase of growth. With India’s multi-year electrification opportunity creating demand across power transmission and distribution, renewable energy, electric mobility and industrial applications, we remain focused on strengthening our market position, scaling our expanding businesses and building a more diversified portfolio to deliver sustainable, long-term growth”
