RateGain Recognized by Trip.com as Favored Connectivity Partner for 2025

Noida, 16th December, 2025: RateGain Travel Technologies Limited (RateGain), a leading provider of AI powered SaaS solutions for travel and hospitality, today announced that it has been recognized by Trip.com as a Favored Connectivity Partner at the Envision 2025 event in Shanghai.

Building on a decade-long collaboration, this elevation from Preferred Partner to Favored Connectivity Partner underscores RateGain's commitment to delivering scalable, AI-first distribution solutions that help hoteliers across Asia unlock new demand, streamline operations, and stay competitive in a fast-changing travel ecosystem.

As a Favored Connectivity Partner, RateGain will collaborate closely with Trip.com on priority initiatives, including the rollout of next-generation APIs to boost efficiency and conversion. The partnership also features incentive-backed development milestones, reinforcing a shared focus on innovation and measurable revenue growth for hotel partners.

RateGain's AI-powered connectivity platform enables hotels to manage distribution, accelerate product launches, and optimize rates and inventory with intelligent automation, helping properties achieve more revenue with less effort.

"Being recognized by Trip.com as a Favored Connectivity Partner reinforces our mission to help hotels navigate the complexities of distribution," **said Bhanu Chopra, Founder and Managing Director of RateGain.** "Hotels today struggle to find steady demand in volatile markets. With our AI-driven solutions, we simplify connectivity and unlock new revenue opportunities wherever travel demand is booming."

June Zhu, Managing Director, Global Connectivity Ecosystem at Trip.com Group, added: "RateGain consistently delivers reliable and innovative integrations that help our hotel partners thrive. As we expand our connectivity ecosystem, RateGain's AI-first approach ensures rapid adoption and long-term success."

Together, RateGain and Trip.com remain focused on shaping the future of hotel distribution, making it smarter, faster, and more profitable for partners worldwide.
