RBM Infracon is Taking over the Oil & Gas Product enhancement contract at Nandej Oil Field following ONGC Contract

Mumbai, 16th January 2025: RBM Infracon Limited (RBM), a leading integrated industrial services provider specializing in EPC contracts, mechanical and rotary equipment, and oil & gas extraction, is pleased to announce the takeover of the Oil and Natural Gas Corporation (ONGC) Nandej Oil Field Contract, effective 17th January 2025. This follows the successful execution of the Oil and Gas Production Enhancement Contract on 25th November 2024, awarded by ONGC in September 2024, as communicated in our earlier press release.

RBM has achieved this milestone well ahead of the contracted timeline. Effective from this date, RBM will assume full management of all operations at the Nandej Oil Field. We take great pride in achieving this significant milestone ahead of the timeline set by ONGC.

As operations progress, the revenues from this project will gradually be reflected in RBM's financials, in line with the terms of the Agreement.

Key Highlights:

- **Total Contract Value**: ₹3,498 crore
- **Contract Breakdown**: ₹3,371 crore for Crude ₹127 crore for Gas at Nandej
- **Contract Duration**: 15 years (180 months) from the effective date
- **Extendable up to:** 5 years from the original contact duration
- **LOI Date**: 06-09-2024
- **Agreement Signing Date**: 25-11-2024
- **Project Handover Date**: 17-01-2025

Mr. Jay Bajrang Mani, Chairman & Managing Director of RBM Infracon Limited, remarked, "This landmark project with ONGC goes beyond a mere contractual milestone; it embodies our vision to lead India's energy transformation. By harnessing our expertise in both conventional oil and gas and emerging green energy technologies, we are not just executing a project—we are contributing meaningfully to the nation's energy security and technological advancement. We are redefining industry boundaries, positioning ourselves as a holistic energy solutions provider capable of seamlessly integrating traditional hydrocarbon extraction with the future of sustainable energy."
