Subject: Update on MoU with Greenzo Energy India Ltd for 15 MW Hydrogen Project

Dear Sir/Madam,

Pursuant to Regulation 30 of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, and in continuation to our earlier disclosure regarding the Memorandum of Understanding (MoU) executed between RBM Infracon Ltd and Greenzo Energy India Ltd for setting up a 15 MW Green Hydrogen Project valued at approximately ₹200 Crores, we would like to provide an update on the current status.

We are not moving ahead because the MOU was not feasible with GREENZO; however, we are trying to initiate new project with AIROX NIGEN EQUIPMENTS PRIVATE LIMITED. As the discussion is under process.

We are actively coordinating with the concerned authorities to resolve the pending permissions and expedite the project execution. Further updates will be provided to the exchange as and when there is a material development.

This intimation is being made to keep all stakeholders informed on the progress and any associated delays related to the project.

Thanking You,

Yours faithfully,
For RBM Infracon Ltd

JAYBAJRANG RAMAISHISH MANI
Chairman Cum Managing Director
