Commenting on the results and performance, ***Mr. Ramesh Kumar Dua,*** *Chairman and Managing Director said:*

"We are pleased to report a healthy start to FY27, with Q1 FY27 Revenue, EBITDA and Profit After Tax growing by 7.7%, 8.8% and 12.4% respectively on a year-on-year basis. The quarter was supported by resilient demand across channels, a trusted brand portfolio, our wide distribution network and disciplined execution.

Despite an evolving external environment, including elevated raw material prices and geopolitical uncertainties, we maintained healthy operating performance during the quarter. Our continued focus on cost optimization, product mix improvement and operational efficiencies enabled us to deliver steady margin performance.

Expansion and strengthening of our retail EBO network is a key strategic priority for us. Alongside the upgradation and modernisation of our existing outlets, we are progressing with our plans to expand our retail footprint, with an ambition to move closer to the 500 store mark by year end. This expansion will help us deepen our reach in regions where our presence is currently limited or underpenetrated, enhance consumer accessibility and create the right retail platform for our premium product portfolio.

Looking ahead, we remain optimistic about the demand environment and are focused on sustaining the improvement seen over the last few quarters. Our strong brand portfolio, expanding retail network, continued focus on product innovation and wide distribution position us well to capitalise on growth opportunities and create long-term value for all stakeholders."
