INDIA
2023

The well-being
of our employees
is our greatest
motivation.

We are delighted to announce that we are now recognized as India's Great Mid-sized Workplaces and India's Best Workplaces in Auto & Auto Component Industry.

This is a recognition to cherish, since it is coming on the back of getting the Great Place to Work Certification twice in a row, over the last 2 years.

We have all worked together committing ourselves to the goal of achieving greatness in everything that we do. It is because of your great support that all the initiatives that have been set in motion are bearing fruit. From increasing our certification scores last year to now featuring in the top 100 rankings, is an achievement that should make us all proud.

2022-23 also brought us recognition and appreciation from many of our Key OEM Customers congratulating us for our renewed commitment towards their businesses. We also got recognition at various platforms like ACMA for our employee engagement practices.

We got a chance to get together at the Strategy Meet 23-24 at Pune and recommit ourselves to the pledge of Remsons 2.0. We are aware the current year will be challenging and we will all have to go forth with all guns blazing and re-energized intensity to meet the ambitious goals we have set for ourselves.

Let the spirit of collaboration that is driving us, flourish. Let us push ahead with greater vigour to achieve our goals.

Let's **Re-invent** our **Thinking**
Let's **Re-energise** our **Relationships**
Let's **Re-focus** on our **Targets**

Stay Inspired. Stay Together. Stay Committed.

LET'S MAKE GREAT
