MEDIA RELEASE

REPL to prepare DPR of water projects for Gwalior

New Delhi, 12th May 2022: Gwalior Municipal Corporation (GMC) has appointed Delhi-based infrastructure consultancy company, Rudrabhishek Enterprises Ltd. (REPL) to prepare Detailed Project Report (DPR) for various projects of water supply, sewerage/sanitation, and rejuvenation of water bodies for Gwalior Municipal area under Jal Jeevan Mission (Urban).

Through this project the government envisions providing universal coverage to water through rejuvenation, rehabilitation and augmentation of water supply systems and waste water management; and promote circular economy of water through City Water Balance Plan. REPL will prepare the DPR. This will include analysis of existing situation of the water supply and sewerage system of Gwalior Municipal area. REPL will also prepare City Water Balance Plan (CWBP) and develop the City Action Plan (CAP) for expansion/ rehabilitation of the existing water supply systems to achieve functional tap connections in all the urban households.

Mr. Pradeep Misra, CMD-REPL said, "The demographic pressure on the fundamentals such as water and sanitation requires a robust infrastructure planning that can ensure the effective and equitable utilization of resources. Provision of portable water is one of the most essential indicators of the quality living index. The government is aggressively increasing its spread through JJM. However, it is very important that the highest level of quality is ensured while implementing the plan. Our extensive experience in large scale water supply projects will help us in carrying out this assignment effectively."

Dr. Harish Sharma, ED-REPL said, "REPL will carry out analysis of the existing situation, feasibility studies, preliminary designs, detailed engineering and designs. We will also provide detailed implementation plan, bid documents, and financial viability report for water supply, sewerage and rejuvenation of water bodies projects in the municipal area under AMRUT 2.0 . Development of green spaces / urban forestry in municipal area will also be undertaken as per available land parcels."

Apart from working on various water supply projects, REPL is doing infrastructure and planning projects for both the State and Central Government at pan India level. Those include Smart Cities projects, PMAY, BIM consultancy, Roads & Highways, Tourism Development, GIS-Based Master Plans, Street Vending Plans, Online Building Plan Approval System, Preparation of DPRs under Jal Jeevan Mission etc.
