Special rights for holders of REITs, InvITs

WITH AN AIM to strengthen governance norms, markets regulator Sebi on Tuesday proposed special rights to unitholders of REITs and InvITs by providing the right to nominate representative on the boards.

Also, the regulator has suggested the concept of self-sponsored real estate investment trust (REIT) or infrastructure investment trust (InvIT), according to a consultation paper. - PTI

Sebi widens QIB definition

SIDDHANT MISHRA
Mumbai, May 16

THE SECURITIES AND Exchange Board of India (Sebi) on Tuesday floated a consultation paper proposing to expand the definition of qualified institutional buyers (QIBs) for investing in debt securities.

At present, QIBs comprise entities such as MFs, VCs, AIFs, public financial institutions, FPIs and provident & pension funds (which are at least ₹25 crore in size), certain insurance funds, systemically important NBFCs and SCBs.

According to the paper, the regulator seeks to include RBI-regulated NBFCs, housing financiers, SFBs, and refinancing agencies such as MUDRA. It also seeks to include pension funds, multi-state cooperatives (minimum ₹500 crore in net worth), government bodies, reinsurers, and higher educational institutes, among others.

For inclusion, the entities could be required to provide self-certification of having the necessary expertise to invest in the bond market, have the required personnel or a committee to undertake due diligence and meet the minimum

TO AID SUPPLY OF FUNDS

According to the paper, the regulator seeks to include RBI-regulated NBFCs, housing financiers, SFBs, and refinancing agencies

For inclusion, the entities could be required to provide self-certification of having the necessary expertise to invest in the bond market

threshold of an investible surplus to undertake activities as a QIB.

According to the regulator, while the corporate bond market comprises overwhelmingly

of private placements (98% of issuances), QIBs subscribed around 94% of the total funds raised via corporate bond issuance by way of private placement on the Electronic Book Provider Platform (EBP) of the exchanges.

"With more institutional investors entering the fray, this will help deepen the bond market. The size of the bond market is ₹7-8 trillion annually in the primary market and up to ₹2 trillion on a monthly basis in the secondary market. With the size growing, it is imperative the institutional players get this recognition, as they'll bring in more capital," said Ajay Manglunia, MD and Head, Investment Grade Group, JM Financial.

He pointed out that debt forms a major part of raising working capital requirements of companies, and corporate bonds being dominated by AAA-rated instruments or PSU bonds (accounting for 70-75% of the market), offer a reliable deal.

According to data with the NSDL, the overall mop-up via corporate bond issuances in 2022 was ₹9.2 trillion. The amount mobilised was ₹3.22 trillion in the first quarter of CY23 till March.

Role of QIBs in the overall development of the bond market has been cited as the major reason behind the proposal to expand the definition.

Based on provisions under the Companies Act, issuers may only send invitations to a limit of 200 entities in a financial year to subscribe in a private placement process - with QIBs being excluded from the cap.

As a result, while QIBs registered with the electronic book platform (EBP) automatically get notified of any proposed private placement, non-QIBs need to be individually notified of any such offer, and are subject to the cap of 200 a year. Further, regulations allow only QIBs to participate in primary issues of Non-Equity Regulatory Capital instruments, such as AT1 bonds.

Sebi also believes there is a need to consider parity for certain categories of Indian investors with FPIs (who are included in the present definition). It is believed this measure could lead to better supply of funds to issuers of debt securities (including issuers of non-equity regulatory capital), and also help in better price discovery that will lower the cost of fundraising.

Irdai modifies surety bond norms

MITHUN DASGUPTA
Kolkata, May 16

INSURANCE REGULATOR IRDAI has modified guidelines for surety bonds, including a reduction in solvency requirement, a move aimed at developing the market for such products.

Surety bonds are a type of insurance policy protecting parties involved in a transaction or contract from potential financial losses due to a breach of contract or other types of non-performance.

They serve as a risk mitigation tool for maintaining integrity, quality and adherence to contractual terms, ultimately contributing to the smooth functioning of projects especially in infrastructure sector and fostering a healthy business environment.

Issuing a circular, the Irdai said on the basis of the evaluation of various representations received, the solvency requirement applicable for surety insurance bonds has now been reduced to control level of 1.5 times from 1.875 previously prescribed. The regulator had issued "Irdai (Surety Insurance Contracts) Guidelines" in Janu-

MARKET DEVELOPMENT

The solvency requirement applicable for surety insurance bonds has now been reduced to control level of 1.5 times from 1.875 previously prescribed

Surety bonds are a type of insurance policy protecting parties involved in a transaction or contract from potential losses due to a breach of contract or other types of non-performance

ary 2022, recognising the importance of surety insurance bonds. The regulator has also removed the 30% exposure limit applicable on each contract underwritten by an insurer.

"These amendments follow the earlier notification removing the cap on premiums that could be underwritten in a financial year by mono-line insurers

transacting only surety insurance Business," the Irdai said.

According to the regulator, the current revisions are aimed at expanding the surety insurance market by increasing the availability of such products and creating the opportunity for more insurers to service the increasing demand from various sectors of the economy.

HDFC twins, Reliance drag Sensex down

BENCHMARK EQUITY INDICES ended lower on Tuesday after two days of rally, dragged down by index majors HDFC twins and Reliance Industries.

The 30-share BSE Sensex declined 413.24 points or 0.66% to settle at 61,932.47 even after beginning the trade on a firm note. During the day, it fell 498.3 points or 0.79% to 61,847.41. The NSE Nifty went lower by 112.35 points or 0.61% to end at 18,286.50.

Among the Sensex firms, HDFC, HDFC Bank, Mahindra & Mahindra, Kotak Mahindra Bank, Bharti Airtel, Tata Motors, Reliance Industries and Maruti were the biggest laggards. - PTI

Re snaps 3-day fall

THE RUPEE appreciated by 6 paise to close at 82.25 against the US dollar on Tuesday, as the American currency retreated from its elevated levels. Forex traders said significant foreign fund inflows and easing crude oil prices also supported the local unit. - PTI
