MEDIA RELEASE

REPL awarded JJM project in Burdaman, West Bengal

Kolkata, March 31, 2022: Rudrabhishek Enterprises Ltd. (REPL), a leading Delhi-based Infrastructure Consultancy Company, has been appointed by the West Bengal PHE Directorate to prepare Detailed Project Report (DPR) for the Piped Water Supply Scheme in Katwa Sub-Division of Purba Burdhaman District. This will cover 07 schemes spread across 98 villages.

Through this project, the government envisions providing safe and adequate water supply to people in the Katwa Sub-Division, thereby considerably improving health and living conditions. The focus is on ensuring a regular water supply in adequate quality and prescribed quantity. REPL will prepare and design Pipe Water Network System by carrying out the route survey using Differential Global Positioning System (DGPS). It will also draw a layout plan of the water distribution and transmission network in the region.

Mr. Pradeep Misra, CMD-REPL said, "JJM (Jal Jeevan Mission) is major flagship program with ambitious target of providing tap-water to all households in rural areas by 2024. Our focus will be to closely follow the overall program guidelines and incorporate the key elements such as sustainability and community centricity. With the application of advance technology, the idea is to create an institutional framework that becomes self-sustainable in long run. The tap water connection at doorstep has far reaching socio-economic impact on rural livelihood system. We have been working on similar projects under JJM on various other locations and it will be our privilege to work on the project alongside the State Government and local community."

Dr. Harish Sharma, ED-REPL said, "REPL will prepare the layout plan of zone wise command area of water distribution and transmission network. Plans will have all the components of Pipe Water Supply Schemes (PWSS) such as OHR, TW and Pump House etc. REPL will prepare detailed engineering and design documents including Cost Estimates and Bid Documents."

Apart from working on various water supply projects, REPL is doing infrastructure and planning projects for both the State and Central Government at pan India level. Those include Smart Cities projects, PMAY, BIM consultancy, GIS-Based Master Plans, street vending plans, online building plan approval system, etc.

About REPL (www.repl.global)
