Sub: Rhetan TMT Commences Power Generation from 1 MW Captive Solar Power Project

Ref: Disclosure under Regulation 30 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, and in continuation of our earlier communication dated August 6, 2026.

Dear Sir/Madam,

In continuation of our earlier disclosure dated August 6, 2026, the Company is pleased to inform the shareholders and the Stock Exchanges that power generation from its 1 MW (AC) Captive Ground-Mounted Solar Power Project has commenced successfully.

The commencement of power generation marks the successful completion of the Company's renewable energy initiative, following the completion of the requisite statutory approvals, infrastructure development, installation, testing and commissioning activities.

The solar power project is now operational and generating power for captive consumption at the Company's manufacturing facility situated at Kadi, Gujarat, marking its successful transition from the implementation and commissioning stage to actual operations.

The project is expected to support the energy requirements of the manufacturing facility and contribute to the integration of renewable energy into the Company's manufacturing operations.

The successful operationalization of the project further reflects the Company's continued focus on strengthening its manufacturing infrastructure and adopting sustainable energy solutions as part of its long-term business strategy.

The Company shall continue to keep the Stock Exchanges informed of any material developments in this regard.

Kindly take the above information on record.

Thanking you.

Yours faithfully,

For Rhetan TMT Limited

Shalin Shah
Managing Director
